

MELLEN'S LATEST NAME

Northern Pacific President Suggested as President of Overland. Gossip connects him and Union Pacific. His candidacy is not considered seriously in Omaha, although Chicago seems to believe it possible.

The report from Chicago yesterday to the effect that C. S. Mellen, president of the Northern Pacific, was the latest man named for the presidency of the reorganized Union Pacific railroad did not disturb the serenity of the railway club here. The chances for Mr. Mellen's election are regarded as so remote by the leading railroad officials here that no one gives his candidacy a second thought.

CHICAGO, Dec. 18.—The Tribune says today: The opinion is gaining ground in railway circles that neither E. W. Winter nor Horace D. Burr will be the president of the Union Pacific. The man most prominently mentioned for the position is C. S. Mellen, president of the Northern Pacific.

TRAIN GOES INTO A DITCH

Northern Limited Derailed in the Early Morning Hours. Accident Occurs at Vail, Ia., Station. Seven Cars Leave the Track and Roll Over on the Prairie—Nineteen Persons Are Hurt, One Seriously.

DENVER, Ia., Dec. 18.—(Special Telegram.)—The Northwestern overland limited met with a serious accident at Vail, Ia., this morning at 5 o'clock, caused by a small car striking the switch standard and breaking it below the lock. The passing of the train loosened the switch. The engine and two mail cars stayed on the track, but the other seven cars left the track and were overturned. They contained a considerable quantity of baggage and mail, three sleepers, two tourist and one chair car. About eighty passengers were on board. Nineteen were injured, but none seriously. The wreck is a costly one, as the train was the fastest run on the Northwestern main line and the sleeping cars are badly smashed. Fire broke out in the baggage car, but was extinguished.

TESTING THE EYES. Few people realize the importance of scientific instruments for testing the eyes. Of course instruments do not make the scientific optician or oculist. But all things being equal, it is not wise to seek the assistance of a man who has at least the necessary apparatus for the examination of the eyes. It is not a trifling matter to become blind or to become very nearsighted. To be sure, there have been men in the past in this profession who had but few of the appliances so generally in use now by the skillful optician, but like all other scientific instruments, the refractometer has improved. It is comparatively few years since an examination of the interior of the eye has become possible, and all troubles which did not admit of application or relief, acquired this week. How much more the optician has bought 'long' is not known, but it may be as much as \$3,000,000 or \$4,000,000 becoming blind (which was the common lot of only \$5,000,000 or 6,000,000 at the outside. As December draws to a close, it grows more and more probable the Leiler Clinique is about to be opened in Omaha. It is wanted the wheat, and was not in the market for the purpose of 'cornering' the cereal. It appears now that Joseph Leiler and those with him in the deal have arranged for all the money they need for the enormous lot of wheat that will be delivered in the coming season. The Leiler Clinique is a large and a large lot of wheat is being sold in Omaha. The Leiler Clinique is a large and a large lot of wheat is being sold in Omaha. The Leiler Clinique is a large and a large lot of wheat is being sold in Omaha.

DEATH OF WASHINGTON HEING.

Well Known German Editor Victim of Heart Disease. CHICAGO, Dec. 18.—Washington Heing, proprietor of the Illinois Staats Zeitung, one of the leading German papers of the north-west, and postmaster of Chicago, died suddenly this afternoon of heart disease at his home on Michigan avenue. Washington Heing was born in Cincinnati May 14, 1849. He was the son of Anton C. Heing. Up to 1861 he attended the city schools of Chicago. He was educated up to and experienced in his own shadow. Will you be strong? Will you be full of vim and fire? Will you be fit to meet any man on earth in the street and look him plainly in the eye? You CAN, if you will. You must make one effort, though. It is too much trouble for you to ask what "Hudson" has done for a few thousand people? It is asking you too much to put out your hand to a stranger who is hopeless. But there never is a time that a case is hopeless until it has been treated with "Hudson." This is the plain truth. It is plain talk; it is meant only for good, sensible, plain.

NEW LIFE

Dr. Franklin's New Life Treatment is without question one of the greatest single blessings ever conferred upon the sick and distressed. It means new life to those who have suffered racking pains for months—maybe for years. It means new life to those who may have been victims of the drug habit, thereby rendering themselves unfit to enjoy life. It means New Life and New Hope for the confirmed invalid, whose case is considered hopelessly incurable, even by physicians of the highest standing in drug practice. Of course you cannot be cured by poisonous drugs, but the Dr. Franklin Co. have nothing to do with such. They are educated up to and experienced in a method of treatment which will cure when drugs cannot, and which will prevent sickness when drugs will only aggravate it. These are cold facts and should command your attention, as you can only best serve your interest in a medical way as you would in a business way, by getting the best value obtainable for your money. Free offices are open daily from 9 a. m. to 5 p. m., and all who may need medical advice are invited to call and investigate. Free consultation.

Hudson Medical Institute

Stockton, Market & Ellis Streets. SAN FRANCISCO, CALIFORNIA.

DR. FRANKLIN CO., 420 N. Y. Life Bldg. The finding of the commission is that the Indians were the aggressors. The Indians, one had a very stormy passage. There was, according to the testimony, for several weeks, heard that the wardens were looking for them, and at once dropped their game and proceeded after the wardens. They told the settlers that they wanted to fight the "backskin police." The report says in substance that had not Warden Wilcox and his deputies assembled at Thompson's ranch during the night previous to the fight and dropped the Indians in the camp in the morning, the Indians were aware of their presence, the wardens would have met with disaster at the hands of the Utes and the story of the conflict would have been that the whites, instead of the Indians, had been killed. Warden Wilcox and the men under him are commended in the report for their bravery and the manner in which they protected the rights of the settlers and upheld the laws and dignity of the state. Missionary Day Dies on the Sea. NEW YORK, Dec. 18.—The Cunard line steamer Loranca arrived from Liverpool after a very stormy passage. There was one death on board in the saloon, during the voyage—Dr. David A. Day, a missionary of the Maryland Society, who was buried in the saloon. The body was brought to port. Dr. Day's name is in Chester county, Pennsylvania.

THURSTON RIFLES ANNIVERSARY.

Four Years Since the Company Was Organized. A well attended reunion of Thurston Rifles, past and present, assembled last night to observe the fourth anniversary of the company's organization. The evening was spent in a rehearsal of honors won and good times enjoyed during the last four years. Toasts were proposed and responded to and an address was made by the president of the company. Musical numbers were also given by different members. Fred S. McCulloch of the McCarthy Rifles, Little Rock, Ark., was guest of the evening and responded to the toast, "Tim Twenty-three and Five Foot Nine; Tim Gang and Be a Soldier." The formal observance of the occasion had taken place last Monday night when the new dress uniforms were introduced.

ALL OPPOSE THE POOLING BILL.

Local Jobbers Urge in Expressions of Opposition. Some days ago Secretary Utt of the Commercial club sent out letters to the local jobbers and shippers, asking them their opinions regarding the pooling bill now before congress. The object of this action is to bring the sentiment of the city to bear upon congress before the bill comes up for action.

BEAR END COLLISION.

The Union Pacific's "Overland Limited" train had a little brush with a freight train at Laramie yesterday morning. A stockman, a passenger in the caboose of the freight train, was slightly injured, and the locomotive and passenger train had some of its paint and fine burnishing marred. Both trains were bound westward. The freight train was passing the "Overland Limited" came along. The freight train did not get into the clear, and as a result the locomotive of the passenger train crashed into the rear end of the freight train. None of the train bands of either freight or passenger were hurt, and the damage to the rolling stock was not great.

NINE OUT OF TEN

Suffer from Catarrh in Some Form—Cure Yourself by a Safe, Reliable Method. It is estimated by eminent authorities that nine out of every ten suffer from Catarrh in some form. Although so common a disease there is no complaint so generally misunderstood and ill treated. People suffering from Catarrh too often employ the wrong treatment, and make matters worse by using such remedies as washes, salves, ointments, etc.

GAUS' CATARRH TABLETS

Gaus' Catarrh Tablets are taken internally and will positively cure any case of Catarrh, no matter where located or how long standing, because they contain all the ingredients essential to restoring the inflamed membranes and mucous surfaces to their healthy state and to carry all puriform matter through the natural outlet.

CHARGE ANOTHER MURDER TO HOEFF.

SAN JOSE, Cal., Dec. 18.—The police of this city express the belief that Albert Hoeff, held by the police of St. Francisco for the murder of Miss Mary Lusk, is in the possession of Miss Emma Hawkes, a woman of the half world who was found with her breast open to the world in the possession of a man last seen in her company talking with that of Hoeff.

AMONG THE COLORED CITIZENS.

On account of Mr. Armour's liberality in giving colored men employment, both in Chicago and Kansas City, quite a number are expecting good jobs as soon as the Armour packing house is opened at South Omaha. The Magic City has for some time given considerable employment to colored men. M. P. Singleton is among the latest to take up employment with the packing companies. He is in the service of the Cudahy Packing company, and is well satisfied with his position that he says he has forsaken politics for a season. An effort is also being made to men the new hotel addition to the Stock Yards Exchange building with colored help, and there are some indications of success.

WILL BUILD NO SHIP YARD AT SEATTLE.

PHILADELPHIA, Dec. 18.—Charles H. Cramp, the head
