The Good Work Being Done for the Sick—Means of Relief Now Provided for All—The Sin of Overcharging the Sick Rebuked by Dr. Shepard's Example.

It goes without saying that physicians as a class are conscientious, honest and humane. It is unfortunate, however, that the doctor in an unfortunately chosen case charges his patients if he wants to and apparently without compulsion.

Under the equitable system of Dr. Shepard no patient is permitted to pay above a certain limit. The fee for the first visit includes the careful diagnosis and careful treatment of all chronic diseases—rheumatism, skin diseases, etc.—and the fee for subsequent visits is very low.

SENDING THE BOOKS. Dr. Shepard's new book is in great demand. Over twenty thousand copies have been handed to applicants.
