Among the cases against Engel and Cor gan heard in Justice Vien's court yesterday was the hearing on the search warrant under which a set of harness alleged to be the property of Jens Jorgensen was recovered. The justice found the case a little hard to decide, for the reason that the defendants had traded off some parts of Jorgensen's the set complete again. The court took his decision under advisement. Rebecca Bruns of 1515 Avenue F filed application for a search warrant for the Engel-Corgan premises. She lost a week's washing from her clothesline last November. The property was found and fully identified. Four more of the former search warrant cases were heard and all the property in question ordered re-turned to the claimants.

LISTS EVERYTHING FOR ASSESSMENT

Statute Designed to Overtake All Sorts of Tax Shirkers-Private Banks ers Provision a Hard One to Apply.

A very careful study of the new law providing for the assessment of corporations and banks has convinced the county authorities than any other portion of the new revenue law. The whole law is proving a great puzzle to the county assessors. The entire body of twenty-eight men were called in for a few days and given a day's schooling by the county auditor and county attorney and the law explained to them as clearly as possible. They were also patiently drilled in the use of the various blanks that must be filled out and the double sets of books that must be kept. The feature of the law that relates to the assessment of corporations and banks has not troubled the country assessors, but it is dry work. You get all that is best in fine giving occasion for some thought to city assessors, and likewise to the people who are to 724 Bway.

Revival at Edgwood Church.

The revival services now progressing at Edgewood Union church, on the Shugart farm, five miles east of this city, are nightly attracting large congregations from the sur rounding country, augmented by the pres-ence of a large number of persons from this city. The meeting is one of the greatest, both in point of attendance and enthusiasm that has ever been held in the rural district of this county. One great feature of its suc cess can be accounted for by reason of the nonsectarian character of the work. Rev. L. G. Goodell of Trinity Methodist church preached the sermon last evening and was enthusiastically received. Among the other ministers of this city who have assisted are W. S. Barnes, Alexander Litherland, T. W. Williams, L. P. McDonald, Henry DeLong and A. H. Carter. There will be no service this evening or on any Saturday evening during the continuation of the meeting. On Sunday the preaching occurs at 3 p. m. instead of at 7:30.

DOINGS OF BOARD OF EDUCATION

Proposition for New High School Building is Discussed. At the adjourned meeting of the Board of Education last night it was decided to cubmit the proposition again to the voters of the city to vote bonds to build a new high school building. But before taking the necessary legal steps in the matter the board decided that it would be wise to consult the taxpayers a little further, and for this pur-pose determined upon calling a specia meeting to be held next Monday evening. At this meeting the citizene will be invited to come forward and express their wishes end opinions, and if a majority of them ap-prove the plans of the board to do away with the present high school building on the hill and erect a new one somewhere down town the proposition to vote the required bonds will be included in the ballots at the coming that it will give the assessors more trouble spring election. The matter was discussed appeared to be in favor of it.

The matter of formulating a better system or the purchase of supplies for all of the partments of the schools was discuseed cretary Grason's plan which was called fo at the last meeting was presented. The plan requires an estimate to be made each year of the amount of supplies for all departments in the schools, and apportioning the amount to be expended at each school to be based upon the average attendance and that the janitors and principals be stricted from overreaching the limits. Chairman Thomas of the finance committee ap-proved the plan and moved that the committee on supplies he instructed to make an annual estimate of the total supplies needed plan of checking and bookkeeping was also

The secretary was instructed to notify the parents and guardians of these pupils that they must omply with the orders of the board to the tuition or show cause why the pupils should not be dismissed.

The secretary reported that the deeds to the lots on which the Pierce street school is ocated had never been recorded. The oversight was ordered to be corrected at once. \$30,000 building has been on the grounds for

over a dozen years. The report from the principal of the high school stated that the promotion of the new class that will enter next Monday, some twenty-five in number, will add four recitations to their program. This, he said, would make it necessary to increase the teaching force, and Secretary Grasm, who has been employed on half time in charge of the busi-ness department, was placed on full time. The added duties of the position would make it impossible to attend to his duties of secretary and he therefore tendered his resigation. The board elected Dillon Ross to fill the vacancy.

Chairman Garst of the Senate Committee Confesses He Sees no Other Way Out of the Ditemma.

DES MOINES, Jan. 21.- (Special Telerram.)-Chairman Garst of the senate appropriations committée does not take an encouraging view of the outlook for appropriations for state institutions this year. He said this afternoon that the ways and means and appropriations committees were agreed, in a general way, that enough sav ing must be made in the coming biennium o pay the state debt. In the main at least without increase of taxes. To do this he calculated there would be no money to appropriate for new buildings at institutions Cherokee asks \$279,000 for insane asylum completion, Marshalltown wants \$49,000 for a new building at the Soldiers' Home, Clarinda wants \$151,000 for repairs and new building, the Omaha Exposition commission asks \$47,400 for an exhibit, Ames asks \$44,475 for the improvement of the grounds ibrary and museum and purchase of a recilence for the president. Other institutions ask large amounts for like purposes, all additional to the regular support funds. Chairman Garst says these amounts will, in ils opinion, have to be pruned 75 per cent He sees no means of giving anything like the amounts asked by these institutions without overrunning the income, whereas it a necessary to run far within the income n order to reduce the debt. The master ot having been considered in detail by he committee he does not want to make what may be considered an authoritative tatement, but he admits that the situation s most discouraging from the point of view of anything like ordinary liberality toward the institutions.

tomorrow and is likely to continue until a final determination is made. The democrats are forcing the fight in the house in the effort to abolish the offices of state printer and binder. It began today when a joint resolution from the senate for a joint convention at 11:30 a, m., to elect printer and binder and wardens of the peniteniaries went to the house and on objection to immediate consideration went over, under the rules. The objection came from the gemocratic side and tomorrow the democrats propose to make their fight. They will first nove an amendment to divide the question | tion to elect wardens. This amendment will make it possible to postpone action till Tuesday, so that the joint convention at the earliest will not be before Tuesday. The democrats in both bodies have caucused and claim they will be solid for any course looking to abolishing the effices and abstituting the contract system of doing the house will furnish a test of strength in that body. There is one committee that the new code provides for which it is safe to say few state officers realiez is in eixstence. the committee on retrenchment and reform and is the only statutory committee in the legislative organization. It has powers over all state officers and can issue subpoents and inflict runishment for contempt, in precisely the same manner as the district court. Sections 181, 182 and 183 of the code provide for this committee, which is composed of the chairmen of the ways and means, appropriations and judiciary in the two branches of the assembly. It is required at each session of the legislature to examine all accounts of the executive council-records, reports, acts of all kinds, etc.; it is authorized to investigate all doings of departments of the state at the seat of government, to go over all statements of receipts and disbursements of the state and its several departments and in short to make itself as generally disagree-able as possible; to do a regular Healy com-mittee job. The committee also is empowered to report at each session a joint resolution fixing the number of employes and their salaries for the several boards, commissions and departments for the succeeding blennial period and to recommend such appropriations as shall be needed for these purposes. It has power to administer paths and require the production of all books, papers, documents, ets., and may punish for contempt exactly as the district court.

This formidable aggregation of extraordinary powers met yesterday afternoon and organized. Senator Funk, of the ways and means committee, of the upper house, was made chairman. It was decided that there was a good deal of work for the committee and that it had a good excuse to ask for a special clerk; but just to ovove itself worthy of its name the committee decided to struggle along without a clerk and Harry Buck. clerk of the senate ways and means, will also act for it, with compensation. PINGREE TALKS TO ALGER CLUB.

Rival Candidates for Governor in the Program of Rossts.
DETROIT, Jan. 21.—More than 200 members and guests of the Alger Republican club enjoyed the ninth annual banquet of that organization this evening. 'Features of the occasion were the addresses of Governor Pingree and ex-Congressman James O'Donnell, both of whom are aspirants for this year's gubernatorial nomination. Governor Pingree remarked that as governor he had a license (not a franchise) to offer suggestions. His principal suggestion was that in view of present lack of employment, caused chiefly by concentration of wealth and busiess, universal eight-hour working laws had become a necessity. As an employer he favored this, and he had written the governors of the various states urging consideration of the question by the legislatures

and asking their views.

Mr. O'Donnell, in his response, took good-natured thrust at the governor by con-gratulating him upon advocating an eighthour law. "Mr. Pingree's eight-hour law idea;" said he, "is a very good one, I originated it in the national house of representatives and voted for it."

Tate, the defaulting ex-state treasurer of Kentucky who ekipped the state leavand secure first a vote on a joint conven- ing a deficit of about \$80,000 eleven years ago, is now legally dead, if not actually so. There has always been a great deal of mystery connected with Tate's disappearance and it has been ascerted by his enemies and many of his friends that he was alive in some for ign country. The law in Kentucky is that after a man has been missing for seven years and nothing has been heard from him during that time he is legally dead. It was under this statute that his heirs recently brought suit against the insurance companies to recover the insurance on his life. The com namies fought the cases bitterly until today when the attorneys for the Connecticut Mu tual Life appeared in court and paid over \$4,100 on the \$5,000 policy which Tate carried in their company. But just as the hard working lifesavers were within a few feet of the entombed man a second cave-is occurred and from that time on Miller's voice was hushed. The band of rescuers worked all night and reached the unfortunate man today. The body was cold in death, the man having probably been suffocated immediately after the second cave-in

End of Bank Officials' Prosecutions ST. PAUL, Jan. 21.-The last of the many cases growing out of the sensational failures of several St. Paul banks last year ended today, as those preceding it had done, in a verdict of not guilty. This case was on the charge that W. F. Bickel, vice president and manager of the Minnesota Savings bank, had converted to his own use ertain notes signed by John Musser he stand Musser remarked that Bickel had his full consent to dispose of the notes a ne saw fit, but the state sought to prov that the notes were the property bank. The jury was out all night and firs reported a disagreement, but finally brought in a verdict of not guilty this afternoon.

STRANGE STORY OF A LITTLE GIRL.

Alleges She Was Restrained Against Her Will and Cruelly Beaten. CHICAGO, Jan, 21,-A strange sto eged kidnaping and cruelty was told to the lice today by Minnie Roberts, a 14-yearold match girl, and her guardian, Emilie Charbonneau, The girl disappeared from her home at 887 West Twelfth street last Febru-

Charbonneau. The girl disappeared from her home at \$57 West Twelfth street last February, and for months the police searched for her, but without success. According to the girl's story she was kidnaped by Lolite Badosea, a Spanish countess who has been living at 240 Elm street, and has been held a prisoner from last February until a few days ago. Escaping from the countess, the girl says she tried to find her parents, but learned that they had gone to California, whereupon she sought the protection of Madame Charbonneau. Countess Badosea, as she asserts she has the right to be called, is under arrest.

In her own quaint way the little girl told ther story, the result of which was the arrest of Mrs. Badosea, the allexed countess, on a charge of cruelty to children. The warrant alleges beating, kicking, torturing and otherwise abusing a child. The humane society was called into the case.

Minnie, according to her story, is the daughter of French parents and can speak that language fluently. Her parents were poor, and a year ago her father went to California, hoping to regain the fecture which once was his. Shortly after his departure, Minnie says, she was forced to so on the streets soiling matches to support ther mother and younger brother and sister. In the course of her wanderings one day in February, 197, the little match girl met Madame Badosea. She engaged Minnie in conversati in and learned that the girl could speak French, When Minnie called at her request, it is said, Countess Badosea induced the girl to stay with her, Minnie deciares she was shown the beautiful furnishings of the apartments and was carried away with what she saw. The offer of the countess was accepted and Minnie's aumbide home knew her no more. She became one of the family of the countess and taught the latter's children the French language.

A few months after the girl's introduction to the home of the "countess and busing her, and the girl finally returned to her old home, but found that her mother bad moved to California. Then she ap home, but found that her mother gad moved to Callifornia. Then she appealed to Madame Charbonneau and the arrest of Cauntess Badosea followed, Madame Ba-dosea says the charge against her is the outcome of mallee.

may have, good health. What does it profit a

man to heap up riches if in doing so h ruins his health and his capacity for the enjoyment of wealth. There is no such thing as happiness without health. All the gold in the world will not make a man happy, who feels in his veins and sees in the reflection of his own face, the slow but sure advance of man's deadliest enemy, consumption.

If a man will but take the right care of himself and the right remedy he may protect himself against this relentles enemy. Dr. Pierce's Golden Medical Discovery is not only a sure preventive, but an absolute cure for consumption. It cures 98 per cent. of all cases. It acts, through the blood, directly on the lungs. It drives out all disease germs and im purities. It is the great blood-maker and flesh-builder. All wasting diseases purities yield promptly to its action. Thousands have testified to its merits. Druggists sell it.

"I want to express my heartfelt thanks for Dr. Pierce's valuable medicine," writes Mrs. Rufus Bell, of Wise, Monongalia Co., W. Va. "My eldest daughter, a girl of 15, caught cold and we had the best doctors but could get no lasting relief. Oh, how she suffered! Often I have heard her pray for death to end her sufferings. I bought one bottle of each of Di. Pierce's Golden Medical Discovery, 'Pavorite Prescription,' and 'Pleasant Pellets.' Before our daughter used half the medicine her cough was all gone, and she was on the icine her cough was all gone, and she was on th high road to health—which means to happiness.

MRS. KRINER'S LETTER

About Change of Life.

"I suffered for eight years and could find no permanent relief until one year ago. My trouble was Change of Life. I tried Lydia E. Pinkham's Vegetable Compound, and relief came almost immediately. I have taken two bottles of

the Vegetable Compound, three boxes of Pills and have also used the Sanative Wash. and must say, I have never had anything helpso much. I have better health

than I ever had in my life. I feel like a new person, perfeetly strong. I give the Compound all the credit. I have recommended it to several of my friends who are using it with like results. It has cured me of several female diseases. I would not do without Mrs. Pinkham's remedies for anything. There is no need of so much female suffering. Her remedies are a sure cure."-MRS. ELLA KRINER, Knightstown, Henry Co., Ind.
