

THE OMAHA DAILY BEE.

Published every morning.

TERMS OF SUBSCRIPTION: Daily Bee and Sunday, One Year...

OFFICES: Omaha, The Bee Building, South Omaha...

STATEMENT OF CIRCULATION: State of Nebraska, Douglas County, ss. I, George H. Tschuck, secretary of The Bee Publishing Company...

THE OMAHA DAILY BEE: Omaha will entertain the members of the Iowa legislature Saturday and they may depend upon hospitable attention.

At any rate it is plain the stiffness of Mr. Cleveland's backbone has not been impaired by the prefix of an "ex" to the title he once proudly held.

Now who wants to be cast for the part of the villain in the new popera farce "The Curse of Gold?"

The Transmississippi Exposition will have more states represented by state exhibitors than in any other exposition ever held in the country except the World's fair.

Tom Watson, it is said, will be the candidate for governor of Georgia on the populist state ticket.

The Bakery says thousands of names of its bona fide carrier delivery subscribers were omitted from the lists printed in The Bee.

Senator Platt of Connecticut declares his belief that the deficiency feature of national revenue transactions will next year entirely disappear.

NO COMPULSORY ANNEXTION.

The proposal of Senator Brown of Georgia, that the question of annexation be submitted to a vote of all natives of Hawaii of the age of 21 years and all naturalized persons of the same age, the election to be held at a time and under regulations to be prescribed by the president of the United States...

President Dole admits that a number of Hawaiians are opposed to annexation, but nobody can tell how many. There is on file in the United States senate a petition, signed by three-fourths of the native population of the Hawaiian Islands...

A vote favorable to annexation by the Hawaiian people would not remove all the objections to annexation, but it would dispose of one of the most serious of them.

THE MARYLAND SENATOR: The senatorial contest in Maryland terminated yesterday in the election of Judge McComas to succeed Senator Gorman...

With the retirement of Senator Gorman Maryland will be represented in the United States senate by two republicans. This unprecedented situation is due in large measure to the objectionable political methods of Mr. Gorman...

THE EASTERN SITUATION: There is no doubt that the British government earnestly desires to avert a conflict in the far east and it is no less certain that it is fully prepared for one if compelled to forcibly resist any scheme involving danger to British trade in China.

There are 10,000,000 American farmers and three times as many persons in the United States directly dependent on agriculture for their living.

While The Bee generously gives space to every argument urged by members of the school board in support of their extravagant demands upon the council, it is decidedly opposed to levying \$150,000, or anything like that amount, for the school fund by direct taxation.

There is no question that one of the requirements of the city emphasized by the exposition year is for better provision for the care and medical attendance of emergency cases of sickness and accident.

Dr. Peabody has been made so sick by the police board force that he is unable to attend the meetings and participate in it.

THE DIFFERENCE COULD BE INCREASED.

The countries that are plotting in China know their disadvantage in this respect. It is thought the United States may extend moral support to Great Britain and this is as far as this government can properly go.

THE POLICE COMMISSIONERS: "I do solemnly swear that I will faithfully, impartially, honestly and to the best of my ability discharge the duties as a member of the Board of Fire and Police Commissioners..."

THE REAL CAUSE OF OUR TROUBLES: The people who expect any great falling off in the price of wheat are disappointed. A record of the illiterates over 14 years of age among those who arrived during the last year was kept...

CHEERING WHEAT PROSPECTS: The wheat has never had snowstorms of general benefit to the soil that which fell Saturday and Sunday...

MISSOURI AT THE EXPOSITION: Preparations for an exhibit worthy of the State. It is well that Missouri is being aroused to the necessity of a suitable representation at the Transmississippi exposition...

THE TELLER RESOLUTION: The Teller resolution will be defeated in the senate, but money men in general are not so honest. The large majority by which the motion to take it up was carried shows...

Tobacco Tormentors. The pleasure of living is in living well not living ill. Living well, mouth and eyes are ruined by tobacco—the system is generally poisoned by it. Don't Stop Tobacco. Sudden and rack the nerves. Use the tobacco you require and take BACO-CURO, (it gently weans). If you do this, strong, healthy nerves and a clear brain will result.
