#### THE OMAHA DAILY BEE: SATURDAY, JANUARY 29, 1898.

Weckly Review of Trade will say tomorrow: The first month of the new year has brought rather more increase in business, but less in provement in prices that will expected. With payments through clearing probably the largest ever known in any month, with railmand earnings it. I per cent larger than the best of past years, the fact that prices are very low only shows more clearly the increase in quantities of prod-ucts sold. Nor is there any disposition to refuse orders, even at present prices. In-deed the competition of manufacturers socking orders along prevents a tise. Many of them have all they can manage, many working night and day, and one great steel oncers working on Sunday, but the works at as low prices as have ever been made. as low prices as have ever been may indicating that even these are not entirely
