TOUCHES THEIR PRIDE.

From the main court the party passed to the bluff tract where the state buildings, the Horticulture building, the Power building and other smaller buildings were seen in course of construction. The imposing ap-pearance of the Illinois and Nebraska uildings seemed to make quite an impresgion on the lowans and when the site ted by the Iowa commission for the Iowa building was pointed out, in close juxtaposition to the Illinois and Nebraska buildings. the argument of the lowa commissioners against a niggardly appropriation and a small state building seemed to strike home.

While the party was in this portion of the grounds a large delegation from Council Bluffs made its appearance and the members quickly distributed themselves among the gislators from their state and added their logical reasoning to the strong ocular evidence before the eyes of the solons. After the grounds had been thoroughly in-

scted the party returned to the Millard Instal.

Four long tables extended the full length of the room and at the west end a shorter table extended at right angles to these. The ta-bles were prettily decorated with smilax and carnations and dainty festoons of smilax were suspended from the numerous chandeliers. Plates were laid for 225 guests and

Oh, How Thankful

Pain Was Maddening and Hope Had Been Abandoned-Wonderful Results of Purifying the Elood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of over being cured. My wife was reading of a case like mine cured by Hood's Earsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether." J. P. MOORS, Lisbon Falls, Maine.
