Governor Hoadley in consultation with the attorney general today upon the subject of foreclosure against the Kansas Pacific railroad. It has been decided by the Department of Justice that the government will exercise the power conferred upon the president by the act of 1887 and release the claims of the first mortgage bondholders upon the eastern and middle divisions, respectively, and become subrogated under the law to their rights.

An application will be made to Judge Sanborn at St. Louis next Saturday for leave to redeem, for a postponement of the sale of the road which is now advertised to take place on February 16, 17 and 18, and for the appointment of a receiver in the government suit to operate the railroad for benefit of its lienholders.

The amount which will be necessary to pay the first lien holders in this case is something over \$5,000,000, the same amount which the government would have been compelled to pay them had it acquired title under the pending sale.
