LINCOLN, Feb. 12 .- (Special.)-The attorneys for B. D. Mills, the Harlan county banker who is in the penitentiary for assisting in the embczziement of county funds, have filed an application in the supreme stock of drugs on a writ of replevin. court for a rehearing of the case, partly on the grounds of the misapplication of the law in the former decision and because of the erroneous instructions of the trial court. Independent of the legal status of the case, there is an earnest plea for mercy for the prisoner. One paragraph of the brist accompanying the application is as follows: "The conviction is forced upon counsel from a close examination of the testimony that not only is there a reasonable doubt of Mills' guilt, but that the walls of the penithat it would support the views of the silverites. tentiary inclose a man innocent of the crime charged in the information. SOME POLITICAL EBULLITION.

The political pot was further stirred up last night, when at the banquet of the Young Men's Republican club the list of principal speakers included one candidate for giv-ernor, one for attorney general and caudi dates for congress in both the First and Fourth districts.

M. F. Harrington of O'Nelll was in the city two or three days this week, estensi-bly on professional business, but it is learned that he made a pretty thorough can-vass of the political field with a view of trying for the poporatic nomination for governor. Simultaneously with this visit comes a copy of the O'Neill Independent, which contains a long write-up of the Harrington boom. It has been noticed of late that there is a growing coolness between Governor Holcomb and J. H. Edmisten, and the fact that Harrington spent much of his time with Edmisten while here this week leads many to the conclusion that the chairman of the populist party is fostering the Harrington boom to injure Holcomb's chances in the north part of the state.

The number of people who come to the effice of the state superintendent to see the school work that was exhibited at the World's fair has suggested the necessity o appropriating a room in the capitol building where the work can be spread out so as to be more easily inspected, the present quarters in the superintendent's office being so small that very little of the work can be spread out. It is probable that one or two of the large committee rooms on the third floor will be utilized for the purpose for the next two months.

RAILROAD IS WANTED.

The citizens of the northern part of Custer county want a railroad, and are trying to find some way to compel the B. & M. to complete a line now partly built, which runs from Arcadia up toward Brewster in Blaine county. But two cases have occupied the attention

of the district court this week. The first was an actical brought by Catherine Kelley of North Bend against Mike Gorey and his bondsmen to recover damages for the sale of liquor to her husband during the years 1893, 1894, 1895 and 1896. The case went to the jury Friday morning, and it is still out. The defense was that Kelley's business capacity and ability had not been injured by his drinking. The other case, M. O'Hair of Pleasant Valley against John Thompson, to recover damages caused by the digging of a ditch which it is alleged carried the surface water from defendant's land to that of plaintiff, is still on trial.

Blair Man Seriously Cut.

BLAIR, Neb., Feb. 12 .- (Special Telegram.)-Alfred Housmer, a carpoiter living just outside the city limits south of town was dangerously cut tonight by a knife. His abdomen was cut into and some of the intestines let out. Three doctors put them back and sewed him up. He was found lying on the ground in front of Weinbrandt's livery barn. Frank Vizna and John Thomp-son are supposed to have committed the deed, as all three were drunk and were quarreling previously to the time the deed was committed. No arrests have been made so far. Vizna had other fights during the day and was of a quarrelsome nature today. Housner has always been considered a good natured man. He has a wife and several children. His recovery is doubtful.

Seventh Year of Success.

THE SHEPARD INSTITUTE today is the best equipped medical office in the whole west. It is based upon the idea that BUSINESS PRINCI-ples should govern doctors in their dealings with their patients. Over six years of success in Omaha have proven that Dr. Shepard's plan is endorsed by the people. THES IS HIS PLAN: To deal directly with the sick, without being hampered by rules of Medical Societies as to Pees. The present demand is for competent Medical Service, the best of medicines, and charges that are within easy reach of people of ordinary means.

SPECIALTIES: Catarrh in all its forms; this disease affects the nose, threat, lungs, stomach, liver, bowels, kidneys and bladder. It also atticks the ears, producing dealness and TINNITUS AURIUM, or head noises. Catarrh, by preventing thor-ough elimination of waste products, may lead to nervous affections. Uterine or pelvic catarrh, is the real cause of suffering with many alling women.

DUNBAR, Neb., Feb. 12 .- (Special.)-One of the worst ice storms that was ever known here visited this section the last three days. Telegraph and telephone wires are down and outside communication is cut off. The telephone wire in two miles and a half is broken in fifteen places. The trains are running only on card time. It is dangerous to go through the woods, as limbs of trees covered thickly with ice are liable to fail without a moment's warning. The roads are early impassable, the rain and ice having taken out most of the frost.
