JOINT MEMORIAL SERVICES

Churches Will Unite in a Memorial to Maine Victims.

ALL TO PAY TRIBUTE TO DEAD SAILORS

Arrangements for a Union Meeting at the Broadway Methodist Church on Sunday Night When All Can Take Part.

Memorial services will be held in the Broadway Methodist church on Sunday evening for the men who lost their lives in the Havana tragedy. All of the churches will take part, and the probability is that Thorn Moss of Macedonia was a guest in there will be no evening services in any of the other churches. The suggestion that union services be held was made to the ministers yesterday afternoon, and when the movement was once started it grew rapidly. The Methodist church was chosen because has been struck near Guaynopa, which runs compromise, the matter was settled on viva it is one of the largest in the city and most 8,000 ounces of silver and 11,000 ounces of centrally located. In view of the fact that two of the crew of the battleship were citlzens of the city it was felt that such services were especially applicable, and the desire is that every church in the city shall take part. One of the young men was a Catholic and the other a Protestant, but religious lines are obliterated by the feeiings of common humanity and patriotism. The movement was started by Rev. J. H. Sensency, pastor of the First Methodist church. The program has not been completed, but it will include short addresses by pastors and others. Globe Sale Postponed. The sale of the printing establishment of the Evening Globe, which was scheduled to take place yesterday morning at 10 o'clock, was again postponed by agreement of the creditors. The sale will now take place at 10 o'clock on Monday. The postponement was made necessary by the failure of Judge Thornell to render his decision in the mat ter of the claim of the Campbell Printing Press company, which filed an amended petition in its suit in intervention, claiming that the ownership of the principal press used in the establishment had not been rein the company until the final payments were made. The printing press company had neglected to record its contract with the Globe Publishing company, which would have ended all difficulty in the matter. In its amended petition the company claimed to have given verbal notification to the attorney for the landlord, who has seized the plant for unpaid rent, that the press did not belong to the Globe and was not a part of its assets. This was the point that Judge Thornell was called to pass upon. Until it is settled the title that will be given by the receiver at the sale will not be perfect. No buyers have appeared for the property and unless some of the creditors bid it in there may be no sale on Monday. Deep in-

Bank Against Williams The case of the Council Bluffs Savings benk against N. W. Williams was given to the jury in the district court last evening. Several years ago, and just prior to his failure in business, Williams was indebted to the bank for funds advanced for his use while engaged in the business of a contractor and builder. A few days before he failed he transferred title to soveral lots and resi-dences and also disposed of his coal business to his son. Williams showed that these transfers were in the lines of his business, and to provide means of meeting his liabili-ties. The bank, however, asked to have them set aside. The transfer of the coal business was shown to be in accordance with an

taken in the reported discoveries of rich gold mines in the Yaqui river country in Mexico. A number of Council Bluffs men have gone into those fields, or attempted to go into them, and one man who went there ten years ago in company with R. T. Bryant lost his life at the hands of a Mexican Indian. The Yaqui Indians have most stubbornly opposed the invasions of the pectors and have succeeded in keeping them out, despite the assistance and protection offered by the Mexican government. Interest was revived by the receipt of a consular by Charles W. Kindrick, consul at Ciudad Juarez, and dated January 25. The report announces a treaty by the Mexican governquartz mines in the Yaqui valley and the Indians have long been known to have seextent these rumors by stating that a vein gold to the ton. The report was discussed with a great deal of interest by the local miners and there was strong talk of the dispatch of men at once to the new gold fields. R. T. DES MOINES, Feb. 18 .- (Special Telegram.)-The board of control bill was pre sented in both houses this morning and ordered printed. Almost immediately after from Washington yesterday written its presentation in the senate it received a black eye. After the bill had been presented and ordered printed, Funk, for the ment with the Indians by which prospectors ways and means committee, moved that it are assured of admittance and protection. be fixed as a special order for next Thursways and means committee, moved that it Many extravagant stories have been told of day, February 24. There was instant opporting the existence of fabulously rich placer and sition to its consideration at so early a date sition to its consideration at so early a date and an amendment was offered to change it cured large amounts of free gold from the bars. The consul's report confirms to some a vigorous speech for the later date and a vigorous speech for the later date and the committee manifesting a disposition to voce vote in favor of March 3. The most careful estimates of the standing of the senate indicated that it is very equally ganization of a prespecting company and the divided and that there are enough doubtful er unsettled votes to determine the result It is now suspected that the tactics of the opposition will be to bring the measure up in the house while the senate is waiting for the special orders date, and either defer-or so amend as to greatly weaken it. There is much uncertainty about the attitude of the house. The institutions, which had apparently given up active opposition, seen been getting their forces in line very effectively; at least, most of the mem bers who have institutions in their districts are found to be opposed to the measure.

BUILDING AND LOAN BILL. The senate considered at length the buildng and loan bill. When the code was re vised it was provided that thereafter, case of foreclosure under a building and loan contract, the fines, penalties, dues, pre-miums and interest should not aggregate in any case in excess of 12 per cent interest on the net amount of the loan. The ing and loan associations ask that this t law went into effect as well as to those made since. The bill to this effect caused loud discussion, finally passing, 30 to 14 Harriman introduced in the senate a bil to establish a state board of agriculture t asolidate the state fair, county fair associations, dairy, veterinary, horticultural and other related departments.

In the house the VanHouten pure food bill

was discussed. It provided the Board of Health may enforce regulations as to foods medicines, etc., sold in the state; that for mula medicines, etc., must be printed or abels on packages. The druggists made fight against it, and after debate it was re the proper observance of Washington's referred to the committee on pharmacy. 1 is aimed at patent medicines.

At the aftercoon sessions the two house

NEGLECT IS SUICIDE.

Plain Words From Mrs. Pinkham, Corroborated by Mrs. Charles Dunmore, That Ought to Bring Suffering Women to Their Senses.

If you were drowning and friendly hands shoved a plank to you, and you refused it, you would be committing suicide! Yet that is precisely what women are doing if they go about their homes almost dead with misery, yet refuse to grasp the kindly hand held out to them! 'It is suicidal to go day after day with that dull, con-

stant pain in the region of the womb and that bloating heat and tenderness of the abdomen, which make the weight of your clothes an almost intolerable burden to you. It is not natural to suffer so in merely emptying the bladder. Does not that special form of suffering tell you that there is inflammation somewhere?

Shall I tell you what it is? It is inflammation of the womb! If it goes on, polypus, or tumor, or cancer will set in

Commence the use of Lydia E. Pinkham's Vegetable Compound. Thousands of women in this condition have been cured by it. Keep your bowels open with Mrs. Pinkham's Liver Pills, and if you want further advice, write to Mrs. Pinkham at Lynn, Mass., stating freely all your symptoms-she stands ready and willing to give you the very best advice. She has given the helping hand to thousands suffering just like yourself, many of whom lived miles away from

cian. Her marvelous Vegetable Compound has cured many thousands of women. It can be found at any respectable drug store. MRS. CHARLES DUNMORE, 102 Fremont St., Winter Hill, Somerville, Mass., says: "I was in pain day and night; my doctor did not seem to help me. I could

night; my doctor did not seem to help me. I could not seem to find any relief until I took Lydia E. Pinkham's Vegetable Compound. I had inflammation of the womb, a bearing-down pain, and the whites very badly. The pain was so intense that I could not sleep at night. I took Lydia E. Pinkham's Vegetable Compound for eight (V) months, and am now all right. Before that I took morphine pills for my pain; that was a great mistake, for the relief was only momentary and the effect vile. I am so thankful to be relieved of my sufferings, for the pains I had were something terrible. I am, indeed, very grateful for the good Mrs. Pinkham's remedies have done me.'

CINCINNATI, Feb. 18.—General William

When it comes to seeking the cause of

bow at the sight of a face full of pim-ples and blotches. Hollow cheeks, Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters.

on which is written in plain characters the condition of the body. The skin is not a thing by itself, and skin diseases are frequently not skin diseases at all. All the lotions and bleaches and creams and powders in the world won't make a good complexion if the digestion is sour. If the stomach is sour, and the wrong. If the stomach is sour, and the liver torpid, and the bowels constipated, the skin will show it. No use trying to treat the skin for such a condition. The only way to relieve it is to cleanse the system and purify the blood. As long as the heart is pumping impurities to every part of the body, just so long these impurities will show through the skin.

De Bierce's Golden Medical Discovery

Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients, it enriches the blood and so makes solid, healthy flesh. It fills out the hollows, rubs out wrinkes and substitutes for sallowness a rosy, healthy glow. There is no mystery about it. It isn't a miracle. It is merely the result of a combination of rational, natural common sense with expert medical knowledge. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood. Don't let prejudice and scepticism cheat you out of your health. Dr. Pierce's Golden Medical Discovery will positively cure you, if suffering from diseases named above.

If you want to know hundreds of great medical truths, send 31 one-cent stamps to cover customs and mailing only, and we will send you free a copy of Dr. Pierce's 1008 page book, "Common Sense Medical Ad-viser." Address, World's Dispensary MEDICAL ASSOCIATION, Buffalo, N. Y.
