Case Involving County Treasurers Fees for Collecting State Taxes Comes On for a Hearing-Other Capital News.

LINCOLN, March 15 .- (Special.)-The su preme court convened this morning with all the members present. A large number of motions were passed upon and submissions heard in civil cases, nothing of particular public importance being considered. Among the cases submitted were: Pearson against Cornell, being the action brought by the county treasurers to test the law relating to fees for the collection of state taxes, and also the case of Jackson against State ex rel. Majors, being the appeal to determine whether the State Normal board had authority to prevent the attendance of young Majors at the State normal. This case is the outgrowth of the seduction case down in Nemaha county last year, in which young Majors and two or three other young men were implicated. The board of the normal school decided that it would not be for the best interests of the school to allow Majors to decision was against the board. The case now comes to the supreme court.

The B. & M. Rallroad company has filed an answer with the State Board of Transportation in the case brought by citizens of Shubert, Richardson county, who want bet-ter train service and facilities for their town. The answer of the company is that the road upon which Shubert is situated is only a branch eighteen miles in length, the only towns on the branch being Shubert and Verdon, the latter town having another road to divide its business, so that the company cannot afford to give any better train service, as there is scarcely any business at the station from which the complaint is made. INVITATION FROM CALIFORNIA.

Governor James F. Budd of California hee written a letter to Governor Holcomb, callattention to the proposed semi-centecnial of the admission of California into the union to be celebrated by the holding of an exposition in that state in 1900. Governor Budd says the great benefits that have been derived by the south in the holding of expositions at Atlanta and Nashville and the wonderful interest taken in the Transmississippi Exposition by the central and western states prove that the holding of an exposition in California would greatly inter-cet the western and Pacific states. He in-Tvites the governor of Nebraska to appoint elegates to represent this state at a con vention that will be called in the near future for the purpose of making arrangements for California's semi-centennial celebration. Governor Holcomb today received from Senator Allen two copies of the maximum rate decision, one of which he has turned over to the State Board of Transportation. He is studying the decision and hopes to make up his mind in a few days whether it will be best to call a special session of the legislature for the purpose of passing a new rate law. Attorney General Smyth also has a complete copy of the decision and is making a close study of it.

following notarial commissions were today: William A. Webster, Omaha; D. M. Vinconhaler, Omaha; Fannie Masca Beaver City; Fred R. Clark, Wahoo; H. Sewell, Holdrege; Marie Howey, Beatrice A. M. Corbin, jr., Tekamah.

Adjutant General Barry has issued an order authorizing Colonel John G. Maher, A. D. C., of Chadron to recruit a company of infantry for the Nebraska National Guard, to be designated company H, Second regiment. General Barry on a recent visit to Chadron found good material for a company CRETE, Neb., March 15.—(Spetal.)—The call.)—The call.)—Plattsmouth's leading hotel, the spring term of the district court of Saline crack company of the guard. It is said that Allen G. Fisher county attorney of Dawes county, and for-merly on General Colby's staff, will be cap-tain of the new company. The only thing that has ever been urged against the organithat has ever been urged against the organi-zation of a company at Chadron or other western towns is the great distance from the state encampments and the consequent ex-pense in transporting it.

GRAHAM IMPEACHMENT TRIAL. The trial for the impeachment of Mayor Graham is again before the city council and was continued today. The evidence is still almost the same as was introduced before the investigating committee a few weeks ago, and goes to whow that the employes of the police and water departments were compelled to pay from \$25 to \$150 each to enable them to hold their jobs. While this money was not paid directly to the mayor, it was understood that it was to go to him, and often he was present when the money was paid over. Some of the officers testified today that there had been a meeting among them this winter, at which it testified to lay that there had been a meeting among them this winter, at which it was decided to demand their money back. Some of them had seen the mayor and he agreed to "fix the matter up." Today the license collector was on the stand and testified that he had often found peddiers who held permits from the mayor that exempted them from the payment of licenses. The testimony in regard to the gambling houses goes to show that at times the houses were all allowed to run, while at other times goes to show that at times the houses were all allowed to run, while at other times some of them were ordered closed up. Noth-ing has yet been brought out to show that the mayor received money from the gamblers, although it is the purpose of the prosecu-tion to make this showing if possible.

At the meeting of the city council last night an ordinance was introduced prohibit-ing the saloons from setting out free lunches

ing the saloons from setting out free lunches. The proposed ordinance prompted quite a discussion, during which it was explained that many of the saloon keepers advocated the passage of just such a law. The matter was laid over until the next meeting.

MILLS BEFORE GRAND JURY. A summons was served upon the warden of the penitentiary today to bring B. D. Mills down to testify before the grand jury. The warden at first doubted the authority of the county attorney to order an inmate of the penilentiary to be brought out as a witness, but after a consultation with the governor he decided to obey the summons. It is supposed that Mills is wanted to testify as to some of his transactions with other parties in this county relative to the borrowing of the money from the treasurer of

rowing of the money from the treasurer of Harlan county.

OXNARD WITHDRAWS THE CLAUSE.

Prospect That Grand Island Sugar Factory Will Start Up. GRAND ISLAND, Neb., March 15 .- (Special.)—There is again a prospect that the sugar factory will be in operation this year and that beet raising will be one of the industries among the farmers of Hall and adjoining counties. The following telegram was received from Mr. Oxnard from New

"My investigations here convince me that annexation cannot prevail. In view of the certainty of this, it seems to me unnecessary to complicate our Nebraska beet contracts with the Hawaiian clause any longer and I authorize its withdrawal."

Contracts with this clause eliminated are now in the hands of the printer and some of them will be distributed this afternoon. It is stated on good authority that the beet raisers' organization will have a meeting this week to take action in the matter and it is believed that the organization will accept the contract as it stands and that there will be a large and sufficient acreage for a good campaign next winter. Quite a number of individual beet raisers have, it is stated, signified their willingness now to raise beets under the contract with this clause eliminated.

After the Saloons.

KEARNEY, Neb., March 15 .- (Special.)-At a meeting of the city council last night the city clerk was instructed to have printed on the official ballots to be used at the next election "For Saloon License" and "Against Saloon License." The request to have this done was made through the Anti-Saloon league and it is desired to get an expression of the people as to whether they want sa-loons or not. It is not claimed that the vote will have any legal bearing on the question of granting licenses by the council, but will be a guide to the council whether the people want them to grant the licenses or not.

BURNS THE OLD HORSE BARN Makes Short Work of the

Flimsy Frame Structure. The old horse barn at the Union stock yards, which was located a short distance west of the new exchange building, was ; totally destroyed by fire vesterday afternoon. At the time of the fire, which was discovered at 1:30 o'clock, quite a number of horses were in the barn, but all were rescued with the exception of ten head, and these were burned to death in their stalls: A quantity of harness and a number of saddles were also destroyed. The top of the barn, which was a frame structure, was filled with hay with great rapidity. So quickly did the flames eat their way through the building that within forty minutes from the time the ularm was given the hose companies were reeling up and making ready to go home, leaving only a few charred embers to mark

The west end of this barn was one of the first buildings to be erected in 1888, when the yards were started. An addition was built on to the east end in 1890 and another along in 1894. While the building itself was not worth a great deal, the contents were valuable and it is estimated that the total loss will amount to about \$5,000.

The stock yards fire department responded promptly and had a stream of water on the fiames before any of the fire companies sum-moned from the packing houses arrived. On account of the high wind, which almost blew of valuable property. The heat was so in-tense that six of the large windows located in the west end of the new exchange build-ing were broken, but aside from this the damage was confined to the barn.

arriving, but they did good work when they got at it.

General Manager Kenyon stated last even-ing that the old barn would not be rebuilt, as he proposed using the ground for other purposes. The new brick horse barn just north of the burned structure is plenty large enough for all present needs. The building and contents were fully protected by insurance. As soon as the clouds of black smoke commenced to roll up from the burning building great crowds flocked across the tracks to the yards and many willing hands assisted the firemen in the work of laying lines of hose

> TEXAS WILL HAVE TWO ELECTIONS. This is Brought About by Legislative

ST. LOUIS, March 15 .- A special to the Republic from Austin, Tex., says: The attorney general has ruled that there will have to be two state elections in Texas this year. The regular election to elect state officers and congressmen, as well as legis-lators and county officers, will be held as usual, the second Tuesday in November. But a special election will have to be held the first Tuesday, which is the first day of November, to pass on some constitutional amendments submitted by the last legisla-

ture to be voted on this year.

Through an error in drafting the resolutions the provisions were that the amend-ments should be voted on the first Tuesday in November. It was the intention to make this day fall on the same day as the state election, but this year November comes in

on Tuesday.

Thus the carelessness on the part of the legislature will cost the state nearly \$100,000 o pass on constitutional amendments CONSIDEDS TEMPERANCE SUBJECT.

Dr. Miles' Restorative Nervine.

The remarkable increase, among all classes of society; of dyspepsia, indigestion, constipation and various stomach, liver and intestinal disorders, has been largely attributed to the tendency toward higher living habits. The facts are, however, that the prevalence of nervous derangments are almost entirely responsible for these troubles. The nerves perform the most important part in the functional processes of the body, and that any serious derangement of the nervous system brings marked organic disturbance and disease. Dr. Miles' Restorative Nervine is a specific for all kinds of nervous disease, and is especially valuable for recruiting the strength and spent energies of persons advanced in years.

Three years ago Mr. C. C. Johnson, of Stillwater, Minn:, suffered from severe stomach trouble was realized and wascula. I began taking Dr. Miles' Restorative Nervine and after the second entirely cured. I am past eighty yoars all, the previous deray many men at forty.

## WHAT MAN DOES NOT LOVE BEAUTY?

Mrs. Pinkham Counsels Young Wives to Keeep Their Attractiveness. A Letter From a Young Wife.

Seven-eighths of the men in this world marry a woman because she is beautiful What a disappointment then to see the fair young wife's beauty fading away before a year passes over her head! I feel as if I would like to say to every young woman who is about to be married-"Strengthen yourself in advance, so that you will not break down under the new strain on your powers." Keep your beauty, it is a precious possession! Your husband loves your beauty, he is proud to be seen in public with you; try to keep it for his sake, and your

The pale cheeks, the dark shadows under the eyes, the general drooping of the young wife's form, what do they mean? They mean that her nerves are failing, that her strength is going and that something must be done to help her through the coming trials of maternity.

Build her up at once by a course of some tonic with specific powers. Such as Lydia E. Pinkham's Vegetable Compound. You can get it at any druggist's. Following we publish by request a letter from a young wife-of her own accord she addresses it to her "suffering sisters," and while from modesty she asks to withhold her name, she gives her initials and street number in Chambersburg, Pa., so she can easily be found personally or by letter:

To my Suffering Sisters:—Let me write this for your benefit, telling you what Lydia E. Pinkham's Vegetable Compound has done for me. I am but nineteen and suffered with painful menstruation, leucorrhoa, dizziness, burning sensation back of ears and on top of my head, nervousness, pain and soreness of muscles, bearing-down pains, could not sleep well, was unable to stand without pain, and oh! how I longed to be well! One day I wrote to Mrs. Pinkham telling her all, knowing I could do so

in perfect confidence. She wrote me a lovely letter in reply, telling me exactly what to do. After taking nine bottles of the Compound, one box of Liver pills, and using one-half package of Sanative wash, I can say I am cured. I am so happy, and owe my happiness to none other than Mrs. Pinkham.

Why will women suffer when help is near? Let me, as one who has had some experience, urge all suffering women, especially young wives, to seek Mrs. Pinkham's advice.—Mrs. R. S. R., 113 E. Catherine St., Chambersburg, Pa.
