

CURRENT NEWS OF INTEREST FROM IOWA.

COUNCIL BLUFFS.

MINOR MENTION.

Try Moore's stock food. Dr. Ross, dentist, Merriam block. Early Ohio potatoes. Bartel & Miller. Photos-Platino or Aristo. Sherraden. Dr. Brown, dentist, room 391, Merriam blk. Fashion week will be observed with special meetings at the Second Presbyterian church.

Miss Maria Butler of Vine street has gone to Davis, Ill., where she was called by the death of her aunt.

The Evans laundry is the leader in fine work both for color and finish. 620 Pearl street. Phone 222.

Mrs. F. J. Hale of Battle Creek, Mich., is in the city visiting her daughters, who are pupils at St. Francis academy.

Don't you think it must be a pretty good feature that can't be made up of the work of the church membership at the Second Presbyterian church at the mid-week service on Wednesday evening.

The workers of the Second Presbyterian church are joining in the twentieth century movement one-half to the present enrollment in the Sabbath school. Personal solicitation and house visitation are the means used.

Elections have been called for April 4 in the Iowa National Guard to fill vacancies as follows: Lieutenant colonel, Third regiment, vice John Loper, promoted; colonel, First regiment, vice Frank Main, resigned. Captain W. Miller of Bedford is mentioned for lieutenant colonel of the Third and Colonel Dows of Cedar Rapids for colonel of the First.

"The Hired Girl," which appears at the Dohany this evening is an inimitable attraction, but Manager Bowen has added to this amusement feature a new attraction, city election returns between the acts. Biesty's companies need no introduction to Council Bluffs people and a large house is anticipated. See Barter's advertisement in this issue for an advertisement at the "Hired Girl."

Articles of incorporation of the Union Stock company of Council Bluffs have been filed in the office of County Recorder Charles E. Davis. The incorporators are Lewis Hammer, E. L. Shugart, C. B. Wattle, F. R. Davis and F. W. Shue. The capital stock is placed at \$25,000. The company is organized for the purpose of buying, raising, feeding and selling of live stock.

C. B. Viava Co., female remedy; consultation free. Office hours, 9 to 12 and 2 to 5. Health book furnished. 326-327 S. Merriam block.

Elegant cottage for sale. Kinke, Baldwin blk. N. Y. Plumbing company. Tel. 250.

Garfen sends at J. Zoller & Co.'s. Telephone 320.

Dr. Reller, osteopath, Beno block.

ON THE CONFESSION OF CHRIST. Rev. Alex Litherland Calls Attention to the Christian's Duty.

The storm yesterday interfered greatly with the attendance at the city churches, and the pastor preached to a smaller congregation than usual. There was a fair attendance, however, at the Second Presbyterian church, where the pastor, Rev. Alexander Litherland, preached on the text, "Thou art the Christ, the Son of the living God." By way of introduction the preacher called attention to the difference between confessions and professions, saying that with the early church the former was emphasized, while now too much attention is directed to the profession of the individual.

Confession tends to humility, profession may lead to egotism. Profession calls attention to one's self, but confession calls attention to a superior person, or to a superior law. John the Baptist had no time for himself but to confess the Lamb of God. Until Christians are worthy to stand the critical scrutiny of an exacting age let them stay in the background and by a full confession of the Christ present one with whom no fault can be found.

In these words of Peter we have both the human hope and the divine promise. There is a remarkable correspondence between the want of man and the supply of God. Along with human need there grows an assurance of relief, and human need is itself a silent prayer for divine relief. So the cry for help has ever been answered with the assurance of relief. During the ages preceding the Christian era there developed, side by side, man's conscious need of a deliverer and the promise of one who should be that deliverer, and the silent but ever-growing sympathy of the American people with the Cuban patriots has led us on the sure road to intervention in behalf of the oppressed.

As the hardships and persecution that the Cubans have had to undergo in the hands of Spain have led to where they will welcome and acknowledge American deliverance, so ought our experience with tyrant sin cause us to confess to God, "Thou art the Christ, the Son of the living God" as our Savior and Lord.

Hoffmeyer's patent flour makes the best and most bread. Ask your grocer for it.

Farm, garden and flower seeds at J. Zoller & Co.'s. Telephone 320.

The very best of meats are sold at J. Zoller & Co.'s. Telephone 320.

Burned with Hot Irons. Jim Clancy was placed under arrest at 3 o'clock yesterday morning, charged with brutally burning Jim O'Conner. Clancy, O'Conner and another man named Smith had been drinking together all night, and at the hour named were found in Wilson's blacksmith shop, 201 Broadway. All three were very drunk, but O'Conner was helpless, and when found by the officers, who were attracted by screams and cries coming from the shop, was lying on the ground beside the forge, while Clancy and Smith were beating him and applying the hot iron to his body.

O'Conner had been severely burned in a number of places by his drunken companions. Smith, who was the least intoxicated of the three, escaped when the officers entered, but Clancy was taken to the station, where he also taken to the station and his burns dressed. He announced his termination yesterday of prosecuting Clancy and Smith.

House Cleaning is On. And the discovery is made that a number of the old pictures that merit or association render pictures are increased in frames no longer worthy of them. No picture is worthy of a poor frame at the present time, when the Council Bluffs Paint, Oil and Glass company's art department is making up its stock of moulding and being made up at prices beyond any kind of competition. The art department of this establishment is a most attractive place at all times, and is very extensive just now.

Buy your groceries at J. Zoller & Co.'s. Telephone 320.

The basement of the large store room of George E. Davis, the druggist, is literally filled to its greatest capacity with Harrison's painless, the leading pain-killer of the country. If you contemplate painting, you should consult Davis. The best brand is what you want and to save money is the next question. You will be suited in both by trading with Davis. 200 Broadway.

Garden rakes, hoes, spades and shovels, poultry wire and lawn mowers and all kinds of hardware, gasoline stoves, etc., at J. Zoller & Co.'s. Telephone 320.

Pictures of Ireland numbers should be taken to Marboese & Co. for binding.

FEAR TURNS UP IN CHICAGO

Burlington's Ex-City Auditor's Whereabouts Are Disccovered.

Will Return at Once and Explain Expresses Surprise that He Should Be Considered a Fugitive from Justice—Hopes to Be Able to Square Things.

BURLINGTON, March 27.—(Special Telegram)—Ex-City Auditor Fear, who suddenly disappeared from Burlington two weeks ago, leaving a shortage, has turned up in Chicago, at 1559 Michigan avenue. He expressed surprise that he was considered a fugitive from justice and declared his willingness to return to Burlington at once and explain his shortage, which he hopes to be able to make up at once. He says he is short \$5,138.34.

SHOT BY HIS WIFE AND SON. Unfortunate Predicament of a Man at Cedar Rapids.

CEDAR RAPIDS, March 27.—(Special Telegram)—Myron Sadler, a man about 50 years of age, a machinist in the Burlington, Cedar Rapids & Northern shops, lies at the point of death tonight in a little home on the west side with a bullet hole through his body at the waist and another bullet lodged in his stomach. One shot was fired by his wife and the other by his son, Arthur Sadler. He says he was waiting in a small, wretchedly furnished room, where Spaniards of Cuban were awful, almost unbelievable tales of horror. He says he was waiting in a small, wretchedly furnished room, where Spaniards of Cuban were awful, almost unbelievable tales of horror.

Oil Inspection in Iowa. DES MOINES, March 27.—(Special)—During the last year 483,672 barrels of kerosene were used in Iowa, an average of seven and a half gallons per capita. In London where there were in seven years 1,471 lamp accidents, 213 persons were burned to death and 301 injured. It is claimed that this difference is due to the superior inspection of Iowa. Last year 1,000,000 gallons of oil were rejected in this state as not being up to the required standard, and this oil was shipped to other states and used. Since the beginning of the inspection service in Iowa in 1884 there has not been the loss of a single human life, or any property, caused by the explosion of a lamp from dangerous oil. There have been a few accidents, but the bold claim is made that in every instance there has been negligence or carelessness in the handling of lamps, and that the oil itself was not at fault. There are in these cases there has been no loss of life.

Severe Storm in Iowa. SIOUX CITY, March 27.—(Special Telegram)—Northwestern Iowa was visited by quite a severe storm and snow to quit a heavy snowfall. The storm and snow to quit a heavy snowfall. The storm and snow to quit a heavy snowfall.

Receding Waters Turned Around. ST. LOUIS, March 27.—(Special)—This evening, the Mississippi river has been falling. Today the gauge showed twenty-three feet and six inches, and indications from above and points on the Missouri indicate fully twenty-six feet by tomorrow night, showing that a big volume of water is coming down. The heavy rains of yesterday and today have swollen all the streams in Missouri and Illinois. The frequency of heavy rains is becoming a matter of alarm in the Mississippi valley just north of St. Louis. Every avenue of drainage is full of water, the rivers are rapidly rising and the prospects of a flood in the valley are threatening.

Special School Bond Election. RED OAK, Ia., March 27.—(Special)—A call has been issued for a special election to be held in this city April 12 to determine whether bonds shall be issued to the amount of \$10,000 for the purpose of building a new high school building, and determine whether a refund shall be made of bonds to the amount of \$17,000.

RAINS ADD TO THE FLOODS. Receding Waters Turned Around.

ST. LOUIS, March 27.—(Special)—This evening, the Mississippi river has been falling. Today the gauge showed twenty-three feet and six inches, and indications from above and points on the Missouri indicate fully twenty-six feet by tomorrow night, showing that a big volume of water is coming down. The heavy rains of yesterday and today have swollen all the streams in Missouri and Illinois. The frequency of heavy rains is becoming a matter of alarm in the Mississippi valley just north of St. Louis. Every avenue of drainage is full of water, the rivers are rapidly rising and the prospects of a flood in the valley are threatening.

Iowa Farm Notes. The creamery men at Greeva report business increasing all the time.

A new elevator is to be built at Tama to take the place of one recently destroyed. Farm hands are in great demand in northwest Iowa and prices offered are good.

Greene county will give up its county fair this year on account of the Transmississippi Exposition.

Robert and Henry Carleton sold 320 acres of land in Montgomery county to E. M. Carey for \$11,600.

The recent cold snap did little damage in Iowa and only a few places were very hard on fruit trees damaged.

A Black Hawk county farmer sold for shipment to North Dakota three shorthorn calves four months old for \$375.

At a large sale of Polled Angus cattle held at Manning the highest price paid was \$275 for one animal that went to an Ohio man.

About twenty families left Lemars one day last week and are going to Oklahoma, where they will engage in farming near Perry.

J. H. Strahan of Malvern is confident that the price of good hogs will advance 50 per cent the next year. He recently sold thirty hogs on which he realized an average of \$58.

Senator Palmer, the new member of the Iowa railroad commission, is a practical farmer who has lived on a farm many years. John Cownie, appointed a member of the Board of Control, is also a practical farmer.

A citizen of Guthrie county who runs a 130-acre farm reported to the Guthrie fair income for the last year from his cows and poultry. He kept six cows and sold from the herd a total of 120 calves for \$1,000.

He estimated the family consumed milk and butter to the amount of \$25. He estimated \$19.08 for hauling milk cream for other uses. The total value of his milk and butter was \$44.08. He has sold poultry in excess of \$50 besides the eggs he has sold. His income from these two items the last year was in excess of \$300. Cows and chickens pay. One reason why so many farmers fail to make farming pay is that they give no attention to these two profitable and important items.

Iowa's Board of Control. Burlington yesterday. The board of control law stands higher in public regard by reason of the wise selections made by Governor Shaw. Much depends upon the intelligent and judicious selection of the board.

Des Moines Register: Think of Iowa having a state board of control whose membership is unanimously endorsed by the press and people of the state. The board cannot fail to accomplish the declared purposes of the law.

Atlantic Telegraph: No better selection could have been made, as all are gentlemen of experience, competent and efficient and of the highest standing, having on many occasions been honored by prominent positions and will now see that the interests of the state are protected to the utmost.

Perry Chief: Brains and integrity are very prominent in that selection and Governor Shaw need not lay away his hat, trying ever their conduct. The people of Iowa place confidence at once in these men and if the board of control measure is a good one the men can demonstrate it.

Des Moines Republican: All three have made a signal business success. All are broad-minded and liberal. They will take care of the institutions from all standpoints and not simply in their financial relations. Governor Shaw has accomplished a difficult task and discharged a delicate responsibility with unusual skill.

Des Moines Capital: Governor Larrabee has never believed in a board of control, as a member of that board he will know exactly what to do. Judge Kinne has always been in favor of such a board and therefore feels an unusual interest in his new position. What Mr. Cownie's position has been the state is protected to the utmost.

Minneapolis Tribune: If the state institutions Iowa are not conducted on a much more satisfactory basis hereafter it will not be the fault of Governor Shaw, who has had the three exceptionally able, prominent men on the new Board of Control. The only objection made to the democratic member is that he has not been a rabid free silver man as the Bryanites of the state would like, but this will hardly weigh against his business capacity.

Suburban Train Held Up. KANSAS CITY, March 27.—A suburban electric train was held up tonight just outside of Argentine, Kan., and the train and ten passengers, including three women, were robbed of money and valuables amounting probably to \$600.

FORECAST FOR TODAY'S WEATHER. Fair in Nebraska with the Winds Northerly.

WASHINGTON, March 27.—Forecast for Monday: For Nebraska, Kansas and Colorado—Monday, fair; northerly winds. For Iowa—Fair; colder in eastern portions; northwesterly winds. For North and South Dakota—Fair weather; northerly winds. For Missouri—Monday, fair; colder in eastern and western portions; northwesterly winds.

AWFUL SUFFERING AMONG CUBANS.

What United States Consuls Are Forced to See. (Copyright, 1898, by Press Publishing Company.) HAVANA, March 27.—(New York World Telegram—Special Telegram)—If the story of Cuba as told in detail by American consuls here ever reaches in full "the plain people" of Aoraham Lincoln and of the United States Spain's dominion in America will be ancient history in four weeks. Our consuls in Cuba are better representatives than I have seen in the other nations. They are intelligent men, they are Americans and they have told the non-combatant horrors of the Cuban war in a graphic way. They have also learned it so truly that Spain's present minister of colonies, and Sagasta's real brain, has said in open Cortes: "Let there be no more of it!"

"The reports of these gentlemen (American consuls in Cuba) are the utterances in cold blood of conservative men used to tell the truth to their government."

If President McKinley submits their unexpurgated letters of misnamed war in Cuba to the United States House of Representatives, the "plain people" will rise in their might and say: "Let there be no more of it!"

For months and months these men have lived in chambers of horror. Consul McGarr of Genoa says he admits that there are 25,000 starving, helpless, hopeless, innocent, unarmed men, women and children in his comparatively rich jurisdiction. A month ago he said there was no trouble there; that the only one who died did so from surfeit upon the luxuriant, plentiful provision generously given them by the truly paternal Spanish government and too much sugar cane. Complete and unmitigated, the consular reports from Cuba are awful, almost unbelievable tales of horror.

He says he saw the acts of all the consular correspondents' turn sickly pale in comparison; that is, they do it printed in full and without stars.

At the consulate at Sagua brave Walter Barker resigned; he could not countenance the annihilation of a race by hunger, permitted by his government and by his people, and he is a man. He saw the acts of all the consular correspondents' turn sickly pale in comparison; that is, they do it printed in full and without stars.

Suggestions About Having the Body in Good

Never continue exercise long. Produce fatigue. Stop when you feel tired. Don't overexert yourself to gain muscle. Remember that every muscle has its limit beyond which it cannot be developed.

Indian clubs are the most effective for giving one grace, ease and accuracy of movement, features which every athlete should strive to cultivate.

Hooping has become a popular exercise and undoubtedly furnishes in addition to muscular development, great exhilaration.

Dumb bells, if properly used, strengthen the muscles of the arms and incidentally those of the body and legs. They also expand the chest and broaden the shoulders.

After exercise a cool shower or bath should be taken, not to last more than one or two minutes, and should be followed by a brisk run to tone up the system and encourage the circulation of the blood. Some pure stimulant should also be used. Duff's Pure Malt Whiskey is used by prominent athletes for this purpose and is highly recommended.

It should be noted, however, that only pure and medicinal malt like Duff's will be of service. Ordinary whiskey will not answer the purpose and you should be certain to secure the genuine.
