THE NEW FERDINAND WARD.

He Has Made a Fresh Start at His Old Home in Geneseo, N. Y.

Ferdinand Ward, the man who managed the gobbling up of General Grant's fortune and who was dubbed by him a "Napoleon of Finance," has been elected a republican inspector of election in Geneseo, Livingston county. This is the first that has been heard of

Ward by the world at large since he took to himself u second wife after his release to himself a second wife after his release from the state prison at Sing Sing, relates the New York Sun. When Ward was the Napoleon of Finance in New York he was one of the spendthrifts of the city. Nothing wap too good for him, no matter what it cost. He was the best dressed, he had the finest horses and he traveled in the finest when the arrach come and the firm Trans-Precific mails are forwarded to port of sall-ing daily and the schedule of closing is ar-ranged on the presumption of their uninter-rupted overland transit. "Registered mail closes at 6 p m, previous day. CORNELIUS VAN COTT. Postmaster.

rather to by down the head on the block for a "cause" than submit it to the prying observation of a "phrenological expert." in order that his opinion thereon should be busined in a year book of egregrious modern celebrities. ern celebrities. Permit me to add that I do not consider myself a "celebrity," and have no wish to "pose" as such. Examine the head of Mr. Fears, whose soap is of "world-wide" re-nown, or make a "subject" of Dr. Tibbles of "Vi-Cocca" immortality, but leave a mere writer like myself to the astisfaction of that writer like myself to the satisfaction of that elose and kindly relationship with my own head which has so far enabled me to make my own way without picking (after the fush-ion of certain modern "dramatists") the brains from the heads of other people nowa There are legions of "celebrities" days, from the dazzling sauce manufacturer down to the latest gyruting "star" of the footlights, many or perhaps any, of whom will be only too pantingly cager and ready to oblige you, and in the phrenological ex-amination of these I trust you may discover wide and ever-increasing interest. May all their bumps never grow less! And may you succeed in finding among them that profound scientific information which shall

prove of vital value and assistance to an un-lessoned world! Pray take this letter in the friendly spirit in which it is indited, and understand that, like the "play" of which Forbes Robertson in his unrivaled imper-sonation of Hamlet speaks, "There's no offense in't." Faithfully yours, MARIE CORELLI.

log and hurling a projectile bigger than a beer keg from a distance of more than ten miles? Then, too, one would like to see some of the common sights of Havana, the city which will be the objective point of our Key West squadron in case of war with Spain. Moreover, there

is much talk of annexing the Hawailan Islands, and it is a good idea to get acquainted with a thing before annexing it. Where are these islands and what are they good for? What has President Dole done to excite the ire of Hawaii's polysyllabic queen-Queen Lil for short? These and many other questions are answered, and striking pictures of the persons, places and things given. The Bee offers
