of year and particularly this year the farm-ers over the state are selling their surplus stock and grain. He said observation had shown that December and January are the months when the most borrowing is done and that in February, March, April and May there is sure to be an increase in deposite and a decrease in the amount borrowed. Speaking of the condition of the banks of them are making money at the present time, and not many have declared dividends for the last year. This is on account of the plenitude of money and the difficulty in making loans. During his long residence the state he has never seen money so plentiful. He had himself been engaged in the banking business for the last thirteen years and this spring is the first time his bank-ing house has ever found it necessary to reduce the rate of interest paid on deposits Money had become a drug and no bank can afford to pay 5 per cent on money which it is afterward unable to loan out. There has been a general reduction in the rate paid on deposits, and in some cases banks now refuse to pay anything on deposits and take the money for safe keeping simply to accomm date customers.

SAFES COME OUT ALL RIGHT. Eight office safes which were in the Rich-ards block and went through the fire last

Friday night were dragged out of the ruins today. The day was spent by a large force of men in taking out the safes and in de-molishing the high walls of the ruined building, which were a menace to the safety of the citizens and adjoining property. The work is being done under the direction of the fire department. All the safes have been opened and the contents found to be in good shape, with the exception of one, in which the books were watersoaked. The vaults of the books were watersoaked. The values of the American Exchange bank, Security In-vestment company and the Nebraska Mutual Insurance company were opened this even-ing and the books and papers were found in good condition. The contest was warm in all wards except the Third, where there was but one candidate for the council. The women voted for their own candidate for the school board to the number of about 200 in the city. The result on the council ticket was as follows: First ward, J. S. Rutherford, nominee on citizens' ticket, majority of fifteen; Second ward, M. A. Metzger, republican, twenty-two majority; Third ward, no contest, J. T. Moore, republican; Fourth ward, A. G. Randall, republican, elected. In Randall received 147; J. S. McCleery, citi-zens' candidate, 125; B. F. Taylor, petition candidate, eighty-seven. Fifth ward, J. F. Governor's Plans for Future Political Action Open to Inspection. EAGER TO SUCCEED HIMSELF AGAIN

Senatorial Toga So Far Away that He Can Seek "Vindication" in the Meantime_State House Polities.

LINCOLN, April 5 .- (Special.)-There now no attempt to disguise the fact that the popocratic machine is working for the renomination of Governor Holcomb. The gov. ernor feels in need of a "vindication." and third term as governor. In speaking of this,

shelved and forgotten, or that by that time the state will be so strongly republican he will have no chance for future honors. A third term as governor is his only opportunity, and in the convention you will see the other candidates lie down and let him have the nomination. Just look at the situation. One of the prominent candidates is

Edmisten. He holds an appointment under Holcomb. Then there is Neville, also holding an appointive job. And D. Clem Deaver, who will be glad to turn over to Holcomb in exchange for the as urance that he will be allowed to hold on at the Institute for the Deaf and Dumb at Omaha. Jim Dahlman, who was really appointed on the Board of Transportation at the behest of Bryan, will nevertheless have little desire to incur the lasting illwill of the governor, and if he has any votes from the northwest counties

he will be ready to switch them to Holcomb at the proper time. The appointments of Senator Dearing and ex-Senator Campbell to good places just lately has been with the direct understanding that they will stand ready to fight for the further political ad-vancement of Holcomb."

MIDDLE-OF-THE-ROADERS LINE UP. Just what will be the attitude of the mid

die of the road element in regard to Hol-comb's ambitions cannot be learned, and it is doubtful if they have formulated any definite plans. Both the Edgertons were heard to say last fall that they "would never again consent to a fusion deal on the state ticket." but there are now none who believe that either of them will sacrifice his sinecure job to uphoid the resolve made last year. A. E. Sheldon has been pretty well rewarded and is eaying very little against fusion this spring. The populist organ of this city, spring. The populist organ of this city, which last fall was getting ready to bolt the whole state house crowd, is now swinging into line, having received numerous insur-

ance notices and other substantial crumbs from the official ple counter. The change in the attitude of this paper has been so markel that in the place of last year's editorials denouncing the officials who accepted rali-road passes it now uses much space in excusing the pass system and in attempting to show that the acceptance of free transporta-tion does not put an official of the state under

obligations to the railroad companies. While the machine, backed by its corps of fficeholders, is working for the nomination of the governor and all but one of the other state officers, there is much grumbling heard

element that is causing the state house party some anxiety. This is especially marked in

Pawnee county, where a candidate for the legislature on the popocratic ticket in 1895 has declared for republicanism, a former candidate for county attorney refuses to vote for the present officials if they are renominated and many of the prominent populis:s of the county have taken a similar stand, because of Holcomb's record in the Bartley defulcation and because of the railroad record of the other state officials. In Gage and Richardson counties there is a similar de-mand that there must be a new deal all around or the fusion party is sure to go down in defact next fall.

A Positive Cure for Dyspepsis.

This may read as though we were putting it a little strong because it is generally thought by the majority of people that Dyspepsia in its chronic form is incurable, or practically so. But we have long since shown that dyspepsia is curable, nor is it such a difficult matter as it first appears.

The trouble with dyspeptics is that they are continually dieting, starving themselves, or going to opposite extremes or else delug-ing the already overburdened stomach with "bitters." "after dinner pills," etc., which invariably increase the difficulty even if in some cases they do give a slight temporary Such treatment of the stomac simply makes matters worse. What the stomach wants is a rest. Now how can the stomach become rested, recuperated and at the same time the body nourished and sustained?

rderly. KEARNEY, Neb., April 5 .- (Special Te'egram.)-The city election held here today has been one of the most vigorously contested municipal elections held here in many years. While there were only two tickets in the field—a straight republican and a citizens— the real issue was regarded as one of municipal reform in the way of cleaning out all forms of gambling and kindred evils, and for mforcing the laws relative to saloons, and party lines were not very closely adhered to. B. O. Hostetter, the republican nominee for mayor, was elected over Hurlbert, the present incumbent, by a majority of 329, and the rest of the republican ticket was elected by majorities ranging from 30 to 100, with the exception of clerk. The officers are: B. O. Hostetter, mayor; H. J. Hull, clerk; C. D. Ayres, treasurer; E. E. Squires, police judge, and N. P. McDonald and W. H. Trueblood, members of the school board. The question of license was also submitted, but a small vote was polled on the issue and was carried for license by 14. The total
