Put Up Bryan's Pleture. The portrait of William Jennings Bryan was given a most prominent place in the city building yesterday. There has been a good deal of rivalry among the newly elected democratic heads of departments to hono their patron saint, but none of the officers were content to have a common campaign graph picture and there has been a good deal of skirmishing around to secure a credit. able picture. Sam Entyre was the first to succeeded and yesterday hung it in the most conspicuous place on the walls of the city engineer's office a fine life-sized water color drawing of the defeated candidate. The picture was wreathed with gracefully draped American flags studded with yellow, pink and was conducted with becoming ceremonies.

Board of Supervisors Looks Into the Matter Thoroughly, Takes Counsel with Lenders, and Makes the Appropriation.

When the Board of County Supervisors returned from its visit to the exposition grounds the sentiment that was already very strong in favor of doing something substantial to help out the Pottawattamie county exhibit rapidly crystallized into a conviction. The matter was discussed at length in an informal manner during the evening and when the board met in regular session the only differences that remained to be settled was the amount of the appropriation that was to be made. Their decision was further strengthened by a conference with a large number of the heaviest taxpayers in the city and county. Every one of these citizens urged the board to strain a point and extend liberal aid. The board also held a conference with Hon. George F. Wright, the Iowa exposition vice president; A. C. Graham, president of the ouncil Bluffs association; John Beno, E. H. Waiters, J. H. Pace, Secretary Judeon and others. The only thing in the way was the doubt of the members that there was any authority by which the proposed grant could be made. County Attorney Saunders was be made. County Attorney Saunders was called into consultation on this point and at his suggestion the following resolution was drawn after the members had reached the decision to make the sum to be granted

decision to make the sum to be granted \$2,000:

Whereas, The Transmississippl and International Exposition is to be held in Omaha, Neb., from June 1 to November 1, 1898, in which twenty-four states and territories are to participate; and.

Whereas, By reason of its magnitude and importance and its close proximity to Council Bluffs and Pottawattamie county, said city and county and their inhabitants are deeply and vitally interested therein; and.

Whereas, In order to secure the greatest benefit to said city and county and their inhabitants, it is imperatively necessary to provide locally a Comfort Home and head-quarters for the inhabitants and residents of said city and county on said exposition grounds; and,

Whereas, Said city has procured the necessary ground and space to erect a wigwam on said exposition grounds for that purpose, costing in the neighborhood of \$5,000, including the cost of ground therefor; and, Whereas, Said city has not been able to raise to exceed \$3,000 of said amount required to construct and equip said home, and the inhabitants of the city and county are equally interested in having said local work and home constructed and ready for use at the opening of said exposition; therefore, be it

Resolved, That there is hereby appropriated the sum of \$2,000 to be used in the purchase of lumber and material, the same to remain the property of the county, but to be loaned to the Council Bluffs Exposition association to be used in aid of the construction of said local work and Comfort Home, in which said company is interested; and that the chalrman of the board, Colonel W. F. Baker, is hereby appointed a committee on behalf of the county to act with A. C. Graham, president of the Council Bluffs Exposition association, and to whom said money shall at once be paid in the proper expenditure of said money for the purpose aforesaid and on whose request the auditor is authorized to issue warrant on the county fund.

CITY BUILDING IS NOT STRAIGHT Front Wall Out of Plumb and Dem

crats a Little Worried.

Considerable interest was felt by the newly

installed democratic city officials yesterday n the condition of the city building. When the building was constructed the front above the second story was built out of plumb sev eral inches. The strange oversight or neglect of the builders was not noticed until after the scaffolding was cleared away and the building finished and accepted by the city. For a year or so afterward it was a matter of considerable concern to the city officers and there was talk of compelling the con tractors to take down the walls and build them up straight. The matter was dropped, however, and was soon lost sight of. The republican officials who have inhabited the building for so long a time became accustomed to the condition of things and paid no attention to it, but when the democrats took possession this was one of the new things that attracted their attention. Yesterday during the high wind small bits of plaster fell from the celling in the main hallway at the extreme east end of the building. This called attention to numerous cracks in the celling, which had grown to be more than a quarter of an inch wide, and strength-ened the fear that there might be some

danger of a collapse.

"It would just be democratic luck to have the whole front of the city hall fall out," said one of the heads of departments, "and then the republicans would declare that the first thing the democrats did when they got into office was to knock down the city build-ing. This charge could be backed up in cold malice by the truthful declaration that the building itself was constructed when the city administration was in the hands of the

Attention of the practical builders was called to the condition of the building during the afternoon, and they declared that
they had been familiar with its condition
since its construction, and that there had
been no change for the last few years. The
settling that assisted in throwing the front
wall still further out of plumb occurred
shortly after it was built. There has been
no further settling and they are confident
that the structure will stand in its present
condition as long as the city has any use for condition as long as the city has any use for it. The falling of bits of plaster yesterday is an incident not explained.

n Hastings, Ia., was consigned to the city jail yesterday to stay out a fine of \$15.70, which Judge Aylesforth imposed upon him after the charge of intoxication had been Friday to buy a bill of lumber, and during the evening purchased a large jag. After midnight he imagined he was in his native village and started for his home. He stopped at the residence of Mrs. E. P. Johnson, wife of a traveling man, and imagined that it was his home. Mrs. Johnson was alone in the ouse, and was awakened by the sounds of some one endeavoring to force an entrance at one of the rear doors. She looked out a posed to be a burglar. She was armed with a good revolver, but was unable to shoot ac-curately enough to hit the man, who quickly ran away. The shots aroused a police offi-cer and he captured Richards within a few minutes.
