LIVELY TIMES IN CONGRESS. BOTH HOUSES ARE GIVEN UP TO THE SPANISH-AMERICAN TROUBLE.

WASHINGTON, April 13.—It has been a day of momentous and exciting events in congress. Not in years have both houses been engaged in the consideration of such important business as that brought before them today.

Both committees having in charge foreign affairs reported resolutions, the tenor of which is believed to mean a war with Spain. The house passed the resolutions reported by the majority of its committee, and the senate passed a debate which may be protracted and interesting.

In the early part of the day it seemed that there was a possibility that unanimous action might be had in both house and senate, but divisions over the form and words of the resolution could not be reconciled, and minority reports were presented.

The senate was first to report its resolution, and at the beginning of the session Senator Davis, chairman of the committee, presented the resolution, and a report, which in dealing with the management of Cuban affairs by the senate, was a vigorous and scathing denunciation of that country and its military methods.

The purpose of delay on the part of some of the senators was shown in the objection to the consideration of the report, which sent it over to another day, but this did not prevent an exciting debate on the recognition of the independence of the present government of Cuba at once, and it is an interesting fact that there seems to be quite a general feeling that the minority reported, which was presented by Senator Schurz, is the one which is inclined to be adopted.

Although the senate was first to present its resolution, the house was first to act. For more than five hours efforts were made and the committee of foreign relations of the house reported a resolution to secure the unanimous action, but in the end the division of the committee on party lines prevailed, and the resolution of the majority was passed after one of the most exciting episodes that has been witnessed in the house since the Fifty-first congress. Party feeling ran high, and party lines were sharply drawn, resulting in a scene which became heated and disagreeable.

The members of the committee were inclined to support an unanimous report, even if it did not wholly meet their views, but the minority, who counselled standing on the ground which the democratic party had assumed during this congress, it was decided to favor a direct recognition of the insurgents as the government of Cuba.

The conservative forces of the senate favor a house resolution in preference to that reported by the senate committee. They do not believe it is as radical and believe as much good will be accomplished. Other conservatives favor a still more mild resolution, but it is believed that the senate will not believe it is in direct line with the president's message.

OPENLY VIOLATE REVENUE LAW. Sentiment in Alaska Opposed to Its Enforcement.

WASHINGTON, April 13.—Responding to a resolution of inquiry in regard to the enforcement of the liquor law in Alaska, Secretary Gage sent a statement to the senate in which he says that notwithstanding the enforcement of the law in Alaska, the volume of saloons do open business in Juneau, a town of less than 4,000 inhabitants, while in Sitka,

which contains less than 1,000 white inhabitants, there are twelve open saloons. The universal public sentiment in the territory," says the secretary, "is bitterly opposed to the enforcement of the liquor law, and the efforts of the officers are met with untold obstructions, through an attempt of bribery." The secretary adds: "The statement has been made repeatedly by judicial officers of the territory that no grand jury in Alaska would indict any person arrested for violating the liquor law." The secretary closes with the statement that it is impossible to enforce the present law against the existing public sentiment.

THINK THIS OVER. A National Remedy for a National Trouble.

To say that hemorrhoids or the disease commonly known as piles is a national disease may be slightly overdrawn, but it is quite certain that at least one in every four persons is so afflicted.

Because it is so common and not immediately fatal many suffer for years without giving the trouble medical attention.

Moreover, the rather general impression that a surgical operation is the only cure has much to do with delaying attention until the disease becomes deep-seated and chronic.

Sufferers from piles should know that the Pyramid Pile Cure is better than a surgical operation. It cures without pain, it causes no detention from business and the cost is trifling, all druggists selling it at 50 cents per package.

The straining effect of the acids in the Pyramid Pile Cure speedily contract and restores to their natural condition the blood vessels of the affected parts, and as it quickly dissolves the Pyramin, it soothes and heals the irritated surfaces, and these two things are the only necessary requirements for a cure.

The principal danger from piles is the liability to chronic ulceration of the rectal tissue and nervous exhaustion from loss of sleep and the attendant pain and irritation. All these symptoms are the result of piles, and the fact that it is the most popular and widely sold of any pile cure is quite conclusive evidence of thorough merit. If you suffer from bleeding, itching or protruding piles try a fifty-cent package tonight. Ask your druggist for Pyramid Pile Cure.
