CASH AND NOT CORN NEEDED

Cuban Relief Commission Gets Notice from President Barton.

MONEY IS REQUIRED TO PAY LABORERS

One Cargo Loaded and Another Ready to Load as Soon as the Means to Hire Men Are Secured at New York.

LINCOLN, April 20.—(Special.)—Secretary Barry of the Cuban Relief commission has received a letter from Stephen Barton of Boston, who says that the national commission has one cargo of relief goods loaded and another ready to load, but asks that at present no more goods be sent and that cash be forwarded instead, as the committee has no money to pay for the loading of the ships. The government is ready to furnish a convoy and sufficient force to see that the goods reach Cuba and are properly distributed, but money is needed to pay the laborers who transfer the goods to the ships.

The new excise board had a meeting last evening and discharged from the police force Day Captain Adams, Day Sergeant Nightengale, Night Captain Otto and Night Sergeant Hazelbaker. The men appointed in their places were Sam McClay, Job Hathaway, W. T. B. Ireland and A. A. Snell. The last named is one of the men who was discharged from the force by the mayor for having given testimony before the investigating committee. The mayor did not participate in the meeting of the board yesterday, although he is one of the members. It is given out that the changes are made in order that the force may be more in accord with the new chief and the new administration. A move is on foot by the city council to make a cut in the pay of the police and firemen, but this is not favored by the excise board and all the desired changes are to be made before the new ordinance goes into effect, if it passes. The intention of the new ordinance is to reduce salaries of men appointed hereafter, but not to apply to the present force.

Prof. Lawrence Bruner, who has lately returned from South America, gave a lecture on Argentine Republic, its inhabitants and their customs and the crops raised, at Plymouth Congregational church last night.

The Woman's club yesterday afternoon gave the annual reception to members of other Lincoln and University Place clubs. The time was passed in social chat, there being no fixed program prepared. Refreshments were served by the department of household economics.

Pupils of the University School of Music were heard in a recital at the chapel last night. The program consisted of both vocal and instrumental numbers, which were rendered to the satisfaction of the audience present.

GETTING THEIR EYES OPENED.

Cass County Democrats and Populists Object to Being Sold Out.

WABASH, Neb., April 18.—To the Editor of The Bee: In your paper of today you say there is dissatisfaction in the populist party. Allow me to say there is. Two years ago, being a life-long republican, I became dissatisfied with the rule of certain republican boodlers and supported Silas A. Holcomb. Last year I did the same and the result was last fall W. H. Deering of this county was elected state senator, pledging himself to support the Mutual Insurance company. But he did not, saying it was not a good measure. We all denounced him for it.

Quite a number of us had insured in the company, of which Governor Holcomb is president. Last week we received a letter telling us of an assessment of 10 per cent. Being in Lincoln I called on the company and asked for information as a stockholder and thinking it no harm to get posted, but from the start, I was given to understand it was none of anyone's business, but theirs, how things were run. They also told me I must have been interviewed by the old line insurance companies, remarking that Deering had sold the Mutuals out to the old line company. I asked how it was that they were all feeding from the same crib, Holcomb being president of the company. The company saying Deering was a rascal, and Governor Holcomb appointing Deering superintendent at Norfolk at a salary of $1,800 a year and his family kept.

The result of the last year of Governor Holcomb's administration has lost him the friends he had in the western part of Cass county. When such men as George Towle, McCaig brothers, Ed Doos, Jim Clark, John Connolly—well, in fact all such leading men here will never support Holcomb again. He has betrayed the independent republicans and democrats of western Cass county and the mutterings are loud and deep and if he should ever aspire to office again he will be buried. Respectfully, MIKE CAREY.

Want to Serve Their Country.

TALMAGE, Neb., April 20.—(Special.)—Judge Wathan, an old soldier of this town, has secured 142 names of young men of this place and vicinity who will offer their services in case of war with Spain. The list has been forwarded to Governor Holcomb.

Boy Has a Narrow Escape.

SILVER CREEK, Neb., April 20.—(Special.)—Willie Pollard, aged 8 years, and his sister, older, were in the pit of the Omaha elevator about noon pushing down corn, when Willie was drawn down with the corn too near the buckets. His sister being unable to hold him back, called to their father, who tends the elevator, for help. He came none too soon, shut off the grain just in the nick of time, found the boy buried about three feet in the grain and finally got him out unconscious.

IRRIGATION AT NORTH PLATTE.

Big Ditch Nearly Completed and Ready for Use.

NORTH PLATTE, Neb., April 20.—(Special.)—By 6 o'clock next Saturday evening the South Side irrigation ditch will be completed and water will be turned in the following day. This canal, with possibly one exception, is the largest enterprise of its kind in Nebraska. The main ditch is thirty-four miles long, cost $85,000 and will water 40,000 acres of land. It has been constructed by the farmers and land owners along its line, each paying a certain per cent of their stock in cash and the remainder in work. The soil along this ditch is exceptionally rich and banner crops are expected by those who will farm land under it.

Reports from the country precincts are that spring wheat is coming on in excellent shape, many farmers testifying that they never saw wheat do better. The acreage is the greatest in the history of the county and if the present favorable conditions continue throughout the season the crop will be simply immense.

During the last week over 600 head of cattle were sold in this market, part of which had been shipped in from Idaho. They were mostly 2-year-olds and averaged over $30 per head.

Colonel Hill, who assumed the postmastership of this city last Sunday, now has the office in first-class condition. He purchased new furniture and removed the office to the room formerly occupied by the North Platte National bank.

The members of company E. N. N. G., are holding themselves in readiness in anticipation of a call to service. The members, as a rule, are husky boys and fully able to stand the climate of Cuba should they be ordered to that island. There are five printers in the company and it looks as though the newspaper publishers will be compelled to import workmen to take their places.

Several frontiersmen living in this city, who acted as scouts under Buffalo Bill in the Indian wars, are anxious to go to Cuba and serve in the same capacity under their old chief. Their experiences with the wily savages might not count for much in modern warfare, but their energy and bravery would make them valuable assistants to the redoubtable Colonel Cody.

Encounter with a Tramp.

ASHLAND, Neb., April 20.—(Special.)—Perry Reynolds, brakeman on passenger train No. 5, which leaves this city at 9:35 in the morning for Denver, Monday morning had a desperate tussle with a tramp as the train was pulling out of the B. & M. yards. The tramp was determined to ride, but Reynolds succeeded in keeping him off until the train was well under motion. As the brakeman jumped on the tramp threw a rock at him, hitting him with sufficient force to knock him from the train, and he narrowly escaped falling under the wheels. The tramp escaped.

The sacks of new harness found in the B. & M. freight yards last Thursday morning were identified Tuesday morning as the property of Marks Bros. of Omaha, who sent a representative here to get them.

A portion of the Salvation army from Omaha, under the command of Captain Lyons, has been holding meetings to crowded houses at the Emmanuel Baptist church this week.

Burglars at Fremont.

FREMONT, Neb., April 20.—(Special.)—A burglar entered the residence of John W. Hyatt on West Tenth street last night and relieved Mr. Hyatt of a gold watch and $12 in money. He got in by prying up a window. A pocket book, which contained some bills and which was in the same vest as the watch, was overlooked. Nothing else was taken or disturbed. No clew.

The three trains containing the officers and men and baggage and supplies of the Twelfth infantry passed through here early this morning on the Elkhorn, the first train at 2:20 and the last a little after 4 o'clock. Hot boxes and heavy trains prevented good time being made. The trains only stopped here long enough to take on water. In spite of the early hour there were a few people waiting to see the train go through. The Ninth cavalry from Fort Robinson is expected this evening.

Warlike Spirit at Plattsmouth.

PLATTSMOUTH, Neb., April 20.—(Special.)—Excitement over the Cuban situation is pitched high here today. H. G. Livingston, son of the late Captain Livingston of this city, has opened a recruiting station and is fast enrolling a company for service in the anticipated war. About thirty-five men have enlisted and more are coming in regularly.

Loses an Arm.

TABLE ROCK, Neb., April 20.—(Special.)—This morning Ball Minor, a young man who is learning telegraphy at the B. & M. office here, attempted to get on the B. & M. work train at Pawnee City to come home, but made a misstep and fell, the hind trucks of the car passing over his right arm and severing it from below the elbow.

Went with the Soldiers.

BELLEVUE, Neb., April 20.—(Special.)—Two of the patriotic students of Bellevue college, W. E. Hannon and Chester Clark, took French leave Monday evening and went south with the Twenty-second infantry. Friends will endeavor to locate Clark, who is a minor, and have him return home.

Kicked by a Horse.

HASTINGS, Neb., April 20.—(Special Telegram.)—Charles E. Dinsmore, one of the proprietors of the Hastings Milling company, was kicked in the head tonight by a horse. Physicians pronounce his injuries fatal.

OMAHA READY FOR OPENING

Western League Affairs All Adjusted for the First Game.

MAYOR MOORES WILL PITCH THE BALL

Season to Receive the Orthodox Send Off from the City's Executive—Team for the Initial Contest.

The base ball season will open in this city this afternoon, with quite a little bit of a hurrah. There is to be a parade through the principal streets of the city before the game, a concert will be given out at the grounds for an hour or so before the ball is put in play and Mayor Moores is then to pitch the first over the plate. It's going to be done right and the fans, even though they are already worked up to a pretty good pitch, are expected to unpack more of that enthusiasm which was prevalent here years ago. Omaha was a hot base ball town then and there is no reason why it should not be so again.

The parade is to start at 1:30 o'clock from the Barker hotel, where the local team is stopping. Besides the band, there are to be a number of carriages to carry the players and there are also to be in line several tally-hos filled up with the more enthusiastic fans of the city. From the Barker the procession will go to the hotel where the visitors are stopping. The parade will then proceed along Howard street to Eleventh, to Farnam, to Sixteenth, to Douglas, to Thirteenth, to Dodge, to Sixteenth, to Cuming, to Twenty-fourth, to the grounds.

It is expected that the grounds will be reached about 2:30 o'clock, and from that hour until 3:30, when the game is scheduled to commence, a concert is to be rendered by the band. Then his excellency, the mayor, will shy the first ball over the plate and with the cry of "play ball," the Western league season will be on in this city.

In this game the balls will be out in their brand new clothes, which arrived in the city yesterday. The suits will be gray with maroon trimmings and maroon stockings. These will be worn on the first trip, but when the team opens a second time in this city they will have nice white suits with the trimmings of maroon.

TEAM FOR A STARTER.

Umpire Joe Cantillon will officiate in the game this afternoon. The two opposing pitchers will probably be Fisher and Denzer, although it is quite likely that others of the twirling corps will be called in before the finish. The teams are as follows:

Omaha—Lawler, right field; McCauley, catcher; McKinney, second base; Eustace, third base; Lyons, first base; Roat, short stop; Burnett, left field; Griffin, center fielder; Hagerman, Daub and Fisher, pitchers.

St. Paul—Burke, left field; Miller, right field; Glasscock, first base; Glenalvin, second base; Preston, center field; Gillen, third base; Shugert, short stop; Spies, catcher; Denzer, Cross and Phyle, pitchers.

The babes were somewhat stiffened up as a result of the hard practice through which they have been put, but no signs of charley-horse or anything else of a serious character developed. The men romped around like young colts and showed all indications of giving a good account of themselves in tomorrow's game. Captain Fisher declared that he was surprised at the speed they showed and is full of hopes for the two coming series.

"We are up against one of the best hitting teams in the league," he said, "and we are going in with very little team work, but I think that you will be surprised at the game we will put up. I expect to break even, at least. We have some crackerjacks and there is no question that they will play winning ball just as soon as they get to playing together a little bit."

Eustace was out on the grounds in his suit yesterday morning. He is in first-class condition and says that he never felt fitter in his life.

Comiskey will have three pitchers here with him—Cross, Denzer and Phyle. All three will probably be used in the game.

Daub, the new twirler, is a graduate of the college diamond. For two years in succession he pitched Dennison university of Ohio into the championship of the state. On his graduation he was signed by Cincinnati and the year after was secured by Brooklyn. For a time last year his pitching arm gave him trouble, but he is said to be in the best of condition this year.

LYONS TO BE CAPTAIN.

Manager Fisher has selected Denny Lyons to act as field captain and the big first baseman is determined to make a mark before the Omaha public. He has a big task before him, as the great disadvantage of the local outfit is that they lack team work, owing to the fact that they have had so little practice together. All the men are full of ginger, however, and nothing but harmony prevails among the ranks. They are somewhat sore as a result of the hard practice they have been through during the last two days, but this is not likely to interfere with their work to any great extent.

McCauley arrived in the city yesterday and put in a good part of the day in getting acquainted with the grounds. He is in tip-top condition. Daub will be here before the game. Housman will not be on hand, because Manager Fisher has been taken with McKinney's work and will give the latter a chance on second bag.

President Ban Johnson of Chicago will be on hand at the game. He was urged to come by the local management and at once accepted the invitation.

Comiskey and his Indians arrived in the city yesterday and put in the afternoon at the University club's grounds. Commy declares that his men are in epick and span shape.

GAMES OF THE NATIONAL LEAGUE.

Orioles Give the Champions a Decided Setting Down.

BALTIMORE, April 20.—Consecutive work with the bat and faultless fielding gave Baltimore an easy victory today over the Bostonians. Errors remission, as well as commission, on the part of the visitors allowed the Orioles to score a number of their runs. McJames was invulnerable, except in the fourth, when the visitors bunched two singles and a two-bagger after Duffy had been given his base on balls. Three runs was the result. A solitary single in each of five other innings was the extent of Boston's stick work. Willis made his initial bow in league company in fine sixth, after the game was irretrievably lost, and was perceptibly nervous and unsteady. Attendance 2,274. Score:

Cold Revives the Colonels.

LOUISVILLE, Ky., April 20.—The chilly weather seemed to give the Colonels a new lease of life today, for they batted timely and their fielding was magnificent. Magee's wildness in the ninth, together with Hoy's error, gave the Colts three runs. Bill Everett talked too long and loud over a decision of Umpire Cushman in the seventh, and the Colts' first baseman retired from the game in favor of Callahan, with the umpire's consent.
