Supervisors Reach a Decision Regarding Road Tax Expenditures.

COUNTRY ROADS TO BE IMPROVED

City Gets the Benefit of the Better Highways, but County Board Will Direct the Necessary Expenditure.

The Board of Supervisors yesterday reached conclusion concerning the disposal that is to be made of the county road fund tax to be collected this year from the levy upon city property. There was a determination to resist the demands of the city council for the control of the fund which was crystallized into a resolution apportioning all of the tax collected from the city to the road district presided over by Colonel Baker. This includes four townships-Kane and three ad-Don't you think it must be a pretty good loining the city. The road tax to be paid by the balance of the townships was equally The limit of the amount to be expended by them up to the first of June was fixed at

\$2.400. At the last meeting of the city council committee was appointed to confer with the board concerning this matter, and it was expected that the committee would show up yesterday. The resolution was not adopted until toward the close of the session for the day, and the board considers this to be sufficient evidence of the fact that no discourtesy was intended to be shown the council. Colonel Baker, in discussing the expenditure of this tax, declares that it is his desire and that of the board to use it for the constructon of good roads leading into the city. This will include some work on Lower Broadway and the roads leading into the city from the north and south. It is his purpose to put the Manawa road into

cerning the macadam on Lower Broadway, which the members inspected in connection with a committee from the council. The resolution simply instructs the city council to require the fulfilment of the contract of Mr. Wickham, and throwing the whole reeponsibility upon the city council. The board will hold another brief session today and will then adjourn until June.

County Superintendents' Convention Holds an Interesting Session. A convention of the county superintendents of southwestern Iowa was begun here yesterday and will last two days. It is attended by about thirty superintendents and other people interested in educational work. The convention is for the discussion of matters relating to public school affelts, with especial reference to the application of the new school laws that went into force with the adoption of the new code. State Superintendent R. C. Barrett is attending the meetings and leading the legal part of the discursion. Among the questions under discussion yesterday was the institute fund. Under the new law this fund is created by the fees collected for resolver. the fees collected for teachers' certificates and \$50 allowed by the state. From this fund must be paid all of the expenses of the county institutes and one of the objects of the discussion yesterday was to determine the wisest methods of expending the fund. Considerable attention was given to the new laws, especially the sections relating to the powers of the directors of sub-districts. Un-der the law each township or district is diwided into nine sub-districts, with a sub-director for each district. Under the old law each of the directors had the power to employ the teacher who was to be en-gaged for his sub-district, but now the em-

ployment of teachers requires the action of the full township board. The convention held no session yesterday afterneon, but adjourned for the purpose of permitting the delegates to visit the exposi-tion grounds. An evening session was held. Among the most prominent school men present are: Superintendent Marsh of Mills county, J. W. Wilkenson of Ringgold, J. J. McMahon of Carroll, J. B. Shorrat of Shelby and W. T. Arthur of Harrison.

Lieutennut Compton's Salary. Sheriff Morgan yesterday appeared before the Board of Supervisors and requested that the salary of Deputy Sheriff Compton, who has gone to the front with the Dodge Light Guards as battalion adjutant, be continued for an indefinite period. The sheriff announced that the place would be held open for him until the close of the war or information was received of his death. He informed the board that his request did not carry any extra cost to the county for the carry any extra cost to the county for the reason that the work would be done by the other deputies and himself. The request was granted, and Lieutenant Compton's salary will be paid to his wife on each payday for the immediate future.

FIRE RECORD.

Stock Pens Burn.

SIOUX CITY, April 27 .- (Special Telegram.) -About fifty of the pens of the Sloux City stock yards burned this evening. They were situated in the northern part of the yards. The loss is probably \$20,000, fully insured. twelve or fifteen head of cattle were burned. The yards were well filled at the time with cattle belonging generally to speculators, but they were all driven to pens, removed at a safe distance from the burning portion. A severe wind was blowing at the time and the yards were full of hay and litter, but the fire department succeeded in confining the hoped. The old scale house was consumed. It was valued at about \$1,200. The origin of the fire is unknown, but it is believed to have been caused by tramps smoking around the pens. The losers of cattle are C. C. Connect pens. The losers of cattle are C. C. Counsel and J. E. Becker. The fire will not interfere with operations at the yards and the pens will be rebuilt at once. The yards are some distance from the packing house, so they were in no danger.

Dwelling House at Fremont. FREMONT, Neb., April 27 .- (Special Telegram.)-A dwelling house belonging to J. G. Smith on West Fifth street was burned early this morning and will prove an al-most total loss. The fire caught, it is supposed, from a lamp exploding. The house was insured for \$600. Loss, \$800. The house was occupied by H. C. Hines and his furniture was entirely destroyed. He estimates his loss at \$1,500, with \$1,000 insurance. Other houses adjoining had a close call, as the fire was under good headway before dis-
