BILL CONFERENCE

Meeting Will Be Held This Morning, Ordered by Senator Allison.

DECIDES FATE OF INDIAN CONGRESS

lome Good Work Done in the Right Way Will Assure This Feature for the Coming Big Show at Omaha.

WASHINGTON, April 27.-(Special Telegram.)—Senator Allison has notified the conferece on the Indian bill that a conference will be held tomorrow morning in the rooms of the senate committee on appropriations. The difference between the houses so far as the bill goes is not so much a question of money as it is a legislative provision. The nouse bill carried an appropriation of \$7,517,-464, while the senate bill carries \$7,725,120 that being an appropriation of \$45,000 for the Indian congress at the Transmississippi Exposition. The house disagreed to this amendment and the conferets will accordingly have to pass upon the advisability of petaining this amendment in the bill. It is believed that the members of the conference are in favor of the provision, but active work is needed on the part of the members

of the delegation to cinch the matter.

To The Bee representative he stited today that it was an ill wine that blows nobody good and out of the war Omaha would profit immensely, in his war Omana would profit immensely, in his opinion. Instead of a large tourist travel to Europe this year he thought people with money would for the first time explore the west end Omaha, with its international exposition, would benefit immeasurably from existing conditions. He cited in support of his proposition that one of the large European steamers sailed today from New York with but eighty passengers, whereas at this time a year ago an ocean liner could not ac-commodate travel, passage being booked for Gaya and weeks in advance. Harry H. Brigham, son of Assistant Secre-

tary Brigham of the Agricultural department has been selected by the board of government control to represent the department at the Omaha Exposition and he leaves Saturday for his post. He will be accomparied by Jasper A. Wilson, son of the secretary of agriculture, who will take a minor capacity under Mr. Brigham. Wilson leaves tomorrow to make a short visit at Ames, Ia., before entering upon his duties at

William V. Cox, secretary of the government board, who has been appointed custodian of the building by Secretary Gage, will leave for Omaha Friday or Saturday, transferring his office from the Smithsonian institution to the Gate City at that time. Mr. Cox says that the whole of the Smithsonian exhibit is now coronte with the expansion exhibit is now coronte with the exsonian exhibit is now caroute with the ex ception of one car, which will be forwarde-this week. In his capacity of secretary o the board Mr. Cox has thus far issue requisitions for transportation to the follow ing government employes detailed to the Omaha Exposition, and who are now on the grounds or enroute: G. At the request of Senator Thurston, Colonel George R. Colton, bank examiner of Nebraska, has been granted indefinite leave of attesce by Comptroller Dawes to join his regiment, ordered into camp at Omaha. His place will be assumed by John B. Cunningham of Lincoln, now on duty in Kaussas Colton has been fastructed to forward to Examiner H. J. Whitmore at Lincoln a list of the banks assigned him for examination. Whitmore in turn communicated the list to Cunnancham. Colton's place will be left for him until after his return from the front.

Senator Allen today, at the suggestion Adjutant General Barry of the Nebraska National Guard and colonels of both Nebraska regiments, presented the name of C. J. Bills to the secretary of war for the posi-tion of brigadier general of volunteers. Ralph W. Breckenri ge of Omaha is in the

NEBRASKA COMMISSION MEETING.

Members Busy Settling with Con-tractors and Naming Employes.

Nebraska Exposition commission spent the entire morning in executive ses sion considering the claims of the staff and plaster contractors on the Nebraska building. No conclusion was reached, but the committee appointed at the last meeting to investigate this matter was continued with power to act. The difference between the contractors and the commission is not a large one, in dollars and cents. It was decided to paint the exterior the state building to conform to the color

the other buildings, a pale cream color which preserves the staff.

...AMUSEMENTS...

Mr. Joseph Gahm will give his second plano recital this evening at the First Congregational church, Nineteenth and Davenport streets. Mr. Hans Albert, the popular violinist, who is to assist Mr. Gain, will perform a Rubenstein schata in conjunction with him and also play the famous D minor concerto by Vieuxtemps and the Carmen Fantasie by Sara ute. Although these recitals were gotten up by subscription, the general public can gain admittance by securing tickets at the door.

The Society of American Dramatists awarded Mr. James A. Herne the palm for having written the best play of native life known to the American stage. "Shore Acres" has certainly proved exceedingly attractive and the eixth year of its existence finds the public still interested in the guileless humor of Uncle Nationiel and love of Helen Berry and Sam Warren. The story Mr. Heige has selected to set forth in his New England idyl is extremely simple, but it is told in such a straightforward, honest way that its very simplicity appeals to the patron of the drama and almost uncon-

Union Pacific Changes Its Eystem in the Hospital Department.

ORDER FOR NEW DEPARTURE GIVEN OUT

To More Assessments for the Maintenance of Hospitals and No More Free Medical Attendance for Employes.

An enomely that now exists in Union Pacific circles will cease on May 1. At present Dr. Jonas is chief surgeon of the Union Pacific Railroad company, and in full charge of the surgical work of the reorganized railroad company. But Dr. W. J. Galbraith, acting under instructions from the federal court, is still at the head of the medical department and in charge of the tiospital fund for the receivers of the Union Pacific railway. This peculiar overlapping of medical authorities will terminate with the close of the present month.

On May 1 the medical department of the Union Pacific will pass out of existence. NEW TRIMMED AND UNTRIMMED HATS AT HALF FORMER PRICE.
Our Mr. Brandels now in New York is sending us daily more extraordinary values supervision of Cuief Surgeon Jonas. The in Trimmed hats, Untrimmed hats, Flowers following order was issued by General Manager Dickinson, approved by President Burt, under the date of April 26, and posted on the bulletin boards of the headquarters yesterday:

yesterday:

Commencing May 1, 1898, this company will maintain a surgical department for the care of employes injured in the discharge of their duties and others for whom the company may be responsible.

The department will provide surgical treatment at the homes of the employes or at the offices of the company surgeons. Hospital treatment will be provided at Omaha, Kansas City, Denver and Rock Springs, Wyo.

Myo.

Medical treatment will not be furnished at the expense of the company.

The custom previously in vogue in Union Pacific circles was to furnish medical, as well as surgical treatment, to all employes requiring the same. The medical department was supported by assessments which were deducted from the monthly pay of every employe of the company. During the last few years this assessment amounted to 40 cents a month. The abolition of this as-sessment was one of the first acts of Precident Burt after taking charge of the road, and when the employes received their pay for February it was noticed that no deduc-tion had been made for the hospital fund, as the exchequer of the medical department was termed. No announcement of any plan for the maintenance of a relief department or hospital fund has been made by the new management of the Union Pacific.

SOUTH OMAHA NEWS.

The action of the city council in passing a resolution raising the occupation tax on salcons from \$100 to \$500 caused the salcon keepers of this city to open their eyes in surprise. Smaller dealers are inclined to be indignant, while the owners of large dispensaries of liquid refreshment are more than pleased at the turn affairs have taken Should this resolution be enforced the additional expense will fall principally upon the brewers, as three-fourths of the licenses taken out here are paid for by the brewing associations. This additional expense coming right on top of the notification of an increase in the government tax of \$1 per barrel on beer caused a hustling among the representatives of the breweries doing business in this city.

t appears that the council will be prepared to hear complaints from saloon keepers at the adjourned meeting to be held Friday evening and it is thought that in case the protests are made strong enough a reconsid eration of the action taken Tuesday might be arranged. No one seems to think that a reduction of more than half the tax imposed will be remitted should the council de-cide to take up the matter again. A great many saloon keepers appear to be willing to pay an occupation tax of \$250, but us-sert that they cannot stand a tax of \$500, coming so suddenly and without any inti-

There are others who insist that the coun cil harmonic right to levy this tax unless all classes of business are included. Just what this style of protest will amount to remains to be seen. The city has tried the plan of taxing all branches of business and has failed to make collections and it is hardly probable that such a plan will be considered again. Friday night will settle the matter, however, and unless influence or hard luck stories are brought to bear on the city authorities the tax as now on record will have to stand.

Dealing with Squatters.

The scheme proposed by certain city officials to lease portions of the streets and alleys to squatters in order to prevent them from acquiring title to the land by reason of undisputed residence for a period of ten years will most likely be opposed by a cer-tuin portion of the taxpayers. It is claimed that just as long as these squatters are al-lowed to remain on city property and pay little or no rent they will not acquire homes of their own. In case the city takes a firm stand and ejects them it is thought that many would purchase cheap lots in differ-ent parts of the city and thus become de-sirable residents. As it is now, or would be under the lease system, these squatters would have no taxes to pay and would have no particular interest in the welfare of the city. It is more than likely that the coun-cil may reconsider its action in this matter and order the streets and alleys cleared of

About Welts

The welt on a shoe is the part where the sole is joined to the upper and it is the sole point in a shoe that has undergone radical changes in the last twenty years. Twenty years ago all welts had to be sewed by hand. A fellow named Goodyear thought hand work was too slow to suit him and he invented a machine which imitated hand work so closely that it took an expert to tell the difference. Even today in fake stores and bankrupt stocks and "yellow" shoe shops shoes in the Goodyear welts are offered for hand sewed. While a Goodyear welt is equal to hand sewed it doesn't make a shoe wear. In order to get good wear the stock has got to be good. There is no better shoe on earth for the money than our Goodyear welt at \$2.50. It is made from specially selected stock. There are plenty of Goodyear welts sold for less money, but the difference is in the stock, not in the welt. We sell other welted shoes at \$1.25, \$1.50, \$1.75 and \$2.00, but they are not Goodyear welts and they will not wear like our Goodyear welts. We want your shoe money and we will give you good value for it, but we won't lie to get it and we won't sell you a \$2,00 shoe for \$2.50 even if it has a Goodyear welt. Some mighty poor shoes are made with a Goodyear welt.

and a thousand and one such other war relies have not as yet been mentioned in any local advertisementand_mark you_the war is on for nearly 37 hours. Strange_too_that the capture of a lumber schooner and the firing of Morro Castle and other such herrible things did not even affect the price

Strange! The headlines "War on

prices," "War on competition,"

"Slaughter the high prices enemy"

of a single pair of Goodyear welt shoes. Wonderful. Goodyear welt, American calf shoes _\$2.25 here. Sconer pay \$2.50 and sit on a high polished veneer bench while you try 'em out Vory well, if you are not particularly interested in grand settees, come here and save

quarter. Our grand line of \$3.50 shoes are easily identified with any or all \$5.00 shoes sold everywhere. Everything— black calf—tan vict kid—tan Russian ox blood vict or Russian chocolate vict Russian or kangaroo coffee brown of vict kid, and oh, yea almost forgotten, the black vict. There is the Haryard, Yale,

Boston, Manhattan coin toes, custom cap, new cap, kid uppers, fancy uppers. satin uppers.
The sum and substance of this shoe The sum and substance of this shee argument is simply this... a \$5.00 pair of shoes for \$3.50. If these shoes don't wear equal with any \$5.00 shoes, look to us for rectification. We either give you a new pair or in any other manner right the wrong to your satisfaction.

One thing certain...you will not be told: "What in the devil do you expect?" You might expect that is a store that cares for your money only. Different here.
