CITY DEMANDS ROAD FUND

Formal Demand Made by the Council's Streets Committee.

COUNTY REFUSES TO TURN IT OVER

Conference Over the Matter Leaves the Situation Where the Courts Will Be Called Upon

to Umpire.

The committee on streets and alleye of the city council, consisting of L. A. Casper, chairman; Sayles and Metcalf, held a conference yesterday with Colonel W. F. Baker, chairman of the Board of County Supervisors, relative to the county road fund. The committee acting on the instructions given at | Bluffs the meeting of the city council Monday night. made a formal demand that the portion of the road fund collected by taxation on propecty within the city be expended on the streets within the city limits and under the direction of the streets and elleys committee. Colonel Baker was opposed to the money being spent in the city in the menner desired by the city council and little or no settlement of the question was arrivel at. Following the conference Chairman Casps: of the committee stated that the matter would now be placed in the hands of the city attorney for him to take such s.eps as he would according to the matter.

The city council maintaine that it has the right to control and direct the expenditure of that portion of the county road fund which arises from taxation of property within the on which the council relies, prevides: "The Board of Supervisors of each county may at the time of levying taxes for other purposes levy a tax of not more than I mill on the dollar of the assessed value of the taxa-le property in its county, including all taxable property in cities and incorporated towns. which shall be collected at the same time and in the same manner as the other taxes and be known as the county road fund and paid out only on the order of the board for work done on the roads of the county in such places as it shall determine, but so much of the county road fund as arises from property within any city or incoporated town shall be expended on the roads or streets within such city or town or on the roads adjacent thereto under the direction of the city or town council.'

At a recent meeting of the Board of Supervisors Colonel Baker was placed in control of the expenditure of the road fund for the townships of Garner, Lewis, Crescent and Kane, Council Biffus being within the An estimate shows that on a 1-mill latter. evy Lewis township would contribute \$387.36 to the road fund; Garner township \$480.50 and Crescent \$217.39, while the city of Council Bluffs would furnish \$4,659.35. miles of streets within the limits and Chairman Casper believes the money could be advantageously expended on

them. Colonel Baker suggested that the fund be equally divided, which would give Council Bluffs about \$1,500 to be expended on its streets. The committee did not favor this proposition and will insist on the entire amount of \$4,659.35, if possible, being spent within the city limits. In support of his sition Colonel Baker maintained that it was equally to the benefit of the city to have the main roads leading into it put in good shape.
This the committee admitted, but insisted that the financial condition of the city is such at present that the money is needed to be expended on its streets. The streets which the committee has in view on which it de-sires to see the money expended are Broadway, Third avecue, Pierce, Harrison and other main thoroughfares leading in from

Another phase of the question that has been discussed is the fund which the city is a rambling way about somebody trying to now trying to secure control of comes under the new law leasmuch as it was levied in August of last year and the new code did not go into effect until October 1. The com-mittee is hopeful that an amicable settlement of the question will be finally arrived at with the county supervisors.

MEETING OF THE PARK BOARD.

Plans Accepted for Band Stand in Fairmount Park. At the regular monthly meeting of the Board of Park Commissioners last night the

plans and specifications prepared by Woodward Bros., the architects, for the new band stand at Fairmont park were approved. The clerk was instructed to advertise for bids, all bids to be in his hands by 5 o'clock Tuesday evening, May 10. All bids are to be accompanied by a bond or certified check for \$50. The plans show a band stand of Japanese style of architecture such as was to be seen in the Japanese village at the World's fair. The main part of the structure will be 30x26 feet and large enough accommodate a band of fifty pieces. It is octagonal in shape and about thirty feet in height from the foundation to the ridge of the roof, which will be surmounted with a the clear so as to make a storage or work room beneath the stand. The cost of the

structure is estimated at \$1,000. The usual number of bills were allowed and ordered paid. The matter of letting the contract for placing flowers in the different parks was laid over until next meeting. Caretaker Lamb announced that he had secured a milk white crane as an addition to the menagerie at Fairmount park. After attending to a number of routin matters the board aljourned to next Tuesday

Not Wanted in the Militia. After several days' delay and making one trip to Des Moines Sheriff Morgan yesterday afternoon received the following telegram from M. H. Byers, adjutant general: "Cannot accept any more men from your county."
Immediately on receipt of the message
Sheriff Morgan notified the thirteen men whom he had recruited and told them night go home, as their services would not be needed. Most of the men who gave up their positions to enlist believe they will be able to get them back again, but they have wasted a whole week waiting around here for orders, and they feel that they have not been properly treated. They have been at more or less expense, as some of the men live in the country and while waiting here have been called upon to foot their own board bills.

DIO DE JANEIRO, May 3.-Congress w be muetered into service. Owing to a severe storm which is in progress and lack of tentage and blankets the mcn were not put opened today with the reading of the message of the president, General Campos Salinto camp, but are quartered in several balla and fed at reetawants. In addition to the les, in which he expressed the Cope that the British Guiana boundary question would and fed at rectain and and fed of organized companies there are upwards of 100 recruits anxious to join any of the companies which may be cut down by the examining board. Governor Richards was ussured by the War department that the Wyombe settled without arbitration.

Continuing, the message said the president had refused to renew the reciprocity treaty with the United States, although the government of the United States had asked for its renewal, on account of the great loss of receipts recorded during 1897. Durin that period it appears receipts were 312,000. milreis, against 341,989,371 milreis in The expenses in 1897 were 315,441,000 milreis. mated at 338,120,000 milreis. Continuing, the message said the "scrup

ulous punctualities of the foreign payments had cost enormous eacrifices," owing, it was said, to the falling in exchange, the fall in the price of coffee and internal political agitation president expects congress to act decisively in advising the executive.
