### START IN ON THE GUARDS

Physical Examination of the Militia is Very Strict.

### TWENTY-FIVE PER CENT ARE REJECTED

Result Causes Surprise to Many of the Men—Camp Rapidly Drying Up and Becoming More Pleasant.

**LINCOLN, May 6.—(Special Telegram.)**—This forenoon the weather has been the most favorable the soldier boys have experienced since Camp Saunders was laid out. The sun is shining bright and warm and the mud in the roads is fast drying up. The parade ground is in the best condition. Orders have been issued to have all the tent flaps raised so that the quarters will be thoroughly aired out. The bedding has all been hung out on the tents and the camp presents a variety of colors.

The physical examination of the men was taken up this morning. Company G, the Omaha Guards, being the first taken up. The entire forenoon was spent in the examination of this company, and not all of the men had been reached at noon. The examination is so rigid that some men who have heretofore been rejected, and thus causing great anxiety throughout the camp. One of the old members of the militia said today that fully 25 per cent would fail to pass.

F. C. Wiser of Falls City has been appointed by the governor as first assistant surgeon of the Second regiment, to fill the vacancy caused by the failure of Dr. Grotham to pass the physical examination.

In the afternoon the regimental and battalion drills went ahead as usual and the "awkward squads" were taken through their paces during the intervals. Tonight the grounds are in almost as good condition as they were before the rain, and the day, on the whole, has been a very pleasant one.

### Surgeons Busy All Day.

The examining surgeons were busy all day at the Art hall of the fair grounds. The Omaha Guards sent in sixty-two men for examination and of these eighteen were rejected. The examination of this company was completed shortly after noon and twelve of the rejected men were sent back to Omaha on the 2 o'clock train. The other six will try for a second examination. The requirements of the board are very severe and a number of the boys got knocked out on some slight defect in the hearing or eyesight.

Company L, Second regiment, from Norfolk, followed the Omaha Guards and fared not as well at the hands of the board. Twenty Norfolk men were rejected out of a total of sixty-five. The third company up was F of the Second, known as the Lincoln Light Infantry. This company took seventy-nine men into the building. Thirteen were rejected. Late in the afternoon the Thurston Rifles were taken in hand by the board. Out of the eighty men examined twenty failed to pass because of slight defects.

At the rate of three companies per day it will take the board eight days to examine those now present in camp and the new recruits that each company must have will occupy two or three days more.

Today is known as "Pie Day" on account of the various presents of pastry received by the boys. Two Nebraska congressmen contributed pies to the guardsmen. General Barry having received the following telegram this forenoon:

district twenty-one good pies and send bill to me.

—W. L. STARK.

WASHINGTON, May 6.—Present to companies and band from Fifth district, Nebraska, with compliments of Men and women and presents in number of pies and send bill to me.

R. D. SUTHERLAND.

The program for the flag presentation tomorrow afternoon is well arranged and it is expected that there will be a big crowd in the city. The troops will leave the camp at 2 o'clock in the afternoon and march to the capitol building, where the presentation of the flags will take place. Then will follow a parade through the city and a return to camp.
