### DEWEY'S FEAT BOOMS TRADE

Coming of War Hurts Less Than Its Firs

VICTORY AT MANILA PROVES A BRACER

General Condition of Business is Materially Improved and Thousands of People Are Supplied with Work.

NEW YORK, May 6 .- R. G. Dun & Co.'s Weekly Review of Trade will say tomor-

those who have seen nothing like it for more than thirty years that its coming has hurt less than its apprehension. Especially since the victory at Manila, which indicated the superiority of the American navy, gun for gun, stocks have advanced, the average prices for railroads being \$2.70 per share. The general condition of business has been materially improved. One day's work by the officers and men at Manila has given many days' work to thousands of people of whom they knew nothing, and has placed Ameri-can industries and interests on a stronger

footing for any conceivable future.

The fact that gold is now used almost exclusively between the treasury and the clearing house indicates the entire freedom from apprehension about the currency and public credit.

The most sensational of changes, and the

most practically important, has been the rise in wheat—13 cents during one day's rise in wheat—13 cents during one days cession, 21½ cents from Tuesday to Thursday night, and 25½ cents for the week—throwing into the shade all past advances and all expectations, though reaction of 1½ cents naturally followed on Friday.

Western receipts, after aveaging less than 2,500,000 bushels per week for four months, have risen to more than 2,500,000 bushels. Exports have not been checked by higher prices as yet, but have caused them, amount-ing for the week to 2,994,389 bushels, flour included, against 1,498,167 bushels from At-lantic ports last year, and 559,848 bushels against 99.508 from Pacific ports.

The remarkable rise on Thursday was

largely due to the removal of duties by France, and to the prohibition of exports by Russia, both showing the extraordinary needs abroad, so that the rise of 25½ cents for the week is not without excuse.

Corn failed to advance correspondingly, though the exports were 3,000,000 bushels, against 2,275,043 bushels last year, the aggregate since July 1 having been 178,000,000 bushels, larger than ever before to date, although wheat exports have also been larger than last year, far greater than in ordinary years, and nearly the largest on

Industries have received a wonderful stimulus from the conviction that hostilities will not last long, and from heavy gov-ernment orders. Besides great demand for steel plates and other iron products and ammunition, the government has ordered 2,200,000 yards of woolen cloth, 125,000 blankets, 1,000,000 yards of cotton cloth, and much provisions and supplies, and mean-while reviving confidence has multiplied

It is not due to domestic demands that orders from the Russian government for two big war ships have been taken by the Cramps and orders for rails from Mexico have given a good start to the rebuilt Colo-

Four large merchant ships have been ordered from the Delaware works, plate mills are crowded, and at the same time one establishment far in the interior is bidding on a foreign order for 5,000 tons; while car and rail works continue to receive large or-ders, and demands for agricultural imple-

ments and fencing go beyond the ability of the works in some cases.

Textile establishments have been receiv-ing larger orders within the last few days. outside those from the government, so that the sloppage or reduction of time in four woolen mills early in the week may have

been premature.

No decline whatever appears in the prices of staple cloths or dress goods, and the heavy auction sale of carpets was eminently successful in clearing off at fair prices an accumulation resulting from an advance in

Wool declined about 1/2 cent in April. taking the average of 100 quotations by Coates Brothers, and the better demand for goods has caused more inquiry, but thus far no improvement in frices. Print cloths have again made a new low record-14 cents-

Failures for the week have been 238 in the United Sates, against 221 last year, and 25 in Canada, against 36 last year.

BRADSTREET'S REVIEW OF TRADE.

Disquieting Conditions Give Way to More Cheerful View. NEW YORK, May 6.-Bradstreet's tomor

row, will say: Evidences accumulate that the corner has been finally turned in the trade situation and that circumstances which have hitherto been regarded as disquieting have begun to give way to more cheerful conditions, or are

beginning to be realized in a more reasonable

While it is claimed, and perhaps with justice in many cases, that the changes yet noted are largely sentimental, and that little that is tangible is to be cited in the direc-tion of improvement, it is not to be forgotten that the duliness and even depres-sion ruling for some time past was likewise largely sentimental, and, it is now begin-ning to be admitted by many, had even less of a basis to rest upon than the present unmistakable signs of improvement.

A new sense of national strength and

energy seems unquestionably to have de-veloped since the news of the American victory at Manila, and the business community generally, with few exceptions, would appear to have come to the conclusion that the possible effects of the present war have already been well discounted.

Among the more favorable features of the

week have been the slightly easier tone in the money market, and a little more dispo sition on the part of financial institutions to accommodate legitimate demands of trade Another has been the very general foreign recognition of the foreign position of wheat supplies in the lowering, or the suspension entirely, of import wheat duties, notably in Italy, France and Spain, and reflected in advances proportionate to the import duty re-duction in those countries.

Prices, both at the seaboard and at the interior, have broke all records for many years past, while the eagerness of foreign buyers to take hold at the advance furnishes testimony to the fact that the present wheat corner is not due entirely to the fear of interruptions in supplies, nor yet to the successful projection of a wheat corner, but to a considerable extent to foreign

recognition of the fact that the world's wheat stocks today are smaller than they have been for many years past, and that some time must yet elapse before the admittedly good world's wheat crop prospects find expression in new supplies.

Last week's extreme duliness has given place to an active speculation, the feature of which was the renewed public buying of securities. The movement began on Saturday, when under professional leadership the market showed considerable strength.

It, of course, would be useless to deny that there are some unfavorable features in Make the Score 16 to 1 and Do it by that there are some unfavorable features in view, notably in the cotton and woolen industry. In the former print cloths have again struck the lowest price on record, with a quotation of 15-16 cents for standard grades, and the woolen manufacturing industry is as a whole reported quite depressed. In contrast with these reports, coming chiefly from the eastern and middle states' cities, are the sales of a considerable quantity of raw wool, said to be for the Hammering Hagerman for the Longest String of Safe Hits Hung Up This Year.

ST. PAUL, May 6 .- (Special Telegram.) The Saints defeated the Nebraskans this afternoon by a regular Nebraska score, effective pitching on the one side and very bad pitching on the other. The visitors played another poor game in the field and The wheat exports for the week renect the temporary check to demand caused by sudden advances in price and show a falling off aggregating 2,478,775 bushels, against 4,449,000 bushels last week, 1,599,000 bushels in this week a year ago, 1,882,000 bushels in 1896 and 2,805,000 bushels in 1895.

Corn exports are larger in this week than for more than a year ago; aggregating 6,616. McCauley threw to bases like an automatou. The Saints again accumulated nine stolen bases. Fricken held the Babies down to four hits, one in the first, one in the fifth and two in a row in the ninth, which gave them their one run, McCauley's single following Burnett's three-bagger. Shugart not in another home run and a double and Fricken hit every time he had a chance, including a triple. length and shook him as if he were a child.

Round 3-Sharkey kept out of Jeffries' way, doing some fast foot work. Jeffries put in his left hook hard on Tom's face. Sharkey rushed and swung both right and left without effect. Jeffries landed left on face. Sharkey seemed puzzled and waited for Jeffries to lead and clinched. He brought his right over on Jeffries' head in a clinch and was warned by the referee. Jeffries sent in his right on the body just as the gong sounded.

Round 4-Jeffries got Sharkey in corner end sent in left on head and was countered on body. Sharkey landed right on body. Jeffries sent in hard left on body. Sharkey swung left for body very low, but fell short. Sharkey swung left, but was blocked and in the clinch following Jeffries forced him against the ropes. Jeffries hooked Sharkey on jaw with left. Sharkey rushed the place smilingly and Jeffries was upon him in a flash, forcing him to clinch.

Round 5-Jeffries led straight for body, but fell short. Sharkey swung left for body and missed, getting a left on the face a moment later. Sharkey struck Jeffries and was hooted. Jeffries staggered the sailor with a left hook. Sharkey rushed wildly, but was stopped and forced backward. Jeffries jabbed Sharkey on the face at the call of time.

Round 6-Sharkey swung left hard over Jeffries' neck. Sharkey gained more confidence and did some rushing, but without apparent effect. Jeffries swung right on Tom's head and Sharkey mimicked him with a sneer. Jeffries sent in left lightly on body and missed same blow a moment later. He went at the sailor, who ducked into a vicious uppercut. Jeffries doing most of the leading and sent in a left hook that sounded loually. Sharkey at a safe distance mimicked Jeffries' attitude and showed considerable ill temper all through the round.

Round 7-Sharkey rushed and swung right and left wildly, both going over Jeffries' shoulders. The latter clinched and pushed him against the ropes. Sharkey swung his arms like a windmill, but falled to reach the mark aimed at. Jeffri

BURGLARS BATTER THE SAFE

Office of the Western Soap Company Receives a Visitation from Apparently Amateur Robbers.

Burglars effected an entrance to the office of the Western Soap company, at 115 Hickory street, on Wednesday night and broke the combination and knob off the safe in a vain attempt to get at the contents. No drills were used on the safe and the work has the appearance of having been done by amateurs in the safe cracking business. A few postage stamps were the only thing of value which the robbers secured.

Corpenter Has a Fail.

E. Erickson, a carpenter employed at the exposition grounds, suffered a severe fall yesterday afternoon that resulted in serious internal injuries. He was at work on the sest colonade at a distance of about the sest colonade at a left on the pack to the for the bead without effect. He ducked a left swing, but got a solid left in the induction on the neck with the left, and Tom came back with a left on the head, and Sharkey swung wildly with both hands. He ducked three left leads for the lead, and was in turn evaded by Jeffries ducking.

Round 11—Sharkey swung left for the sailor down with a right on the ear, and Sharkey clasped Jeffries legs for a moment, but got up fresh. Jeffries sent in a hard left on the neck. Ton's leads for body short. Jeffries sent in

#### WHAT A **WOMAN SEES**

A woman soon sees the advantage of purchasing a piano from us. She soon discerns that no where else can she find such a complete and varied stock, and that no where else can she find all the leading makes of planes so as to be able to compare one with the other. Perhaps one of those new upright planes at \$88.00 may interest her-or she might prefer one of those Emerson planes that we are selling at \$185.00 and \$205.00-THEN AGAIN SHE MAY EXERCISE THE GREATEST ECON-OMY BY INVESTING IN A CHICKERING AND BECOMING THE OWNER OF THE BEST PIANO THAT MONEY AND BRAINS CAN PRODUCE. We are now having a special sale on pianos. This sale is going to last for the balance of the year. We contracted for over 1200 planes to be de-livered during 1898. To dispose of this great number of planos requires us to sell on an average of four a day-hence the New planes for rent.
