

FLAGS FOR THE REGIMENTS

Nebraska Volunteers Get Their Colors at a Public Presentation.

GENERAL THAYER MAKES THE ADDRESS

Points Out to the Young Men the Proud Distinction Which is Theirs and Calls on Them to Remember the Maine.

LINCOLN, May 7.—(Special.)—The new and handsome silk battle flags were presented to the First and Second regiments of the Nebraska Volunteers this afternoon, with impressive ceremonies. The presentation took place on the grounds at the south side of the capitol building...

Arrived at the capitol grounds the regiments were formed in line and the bands in front, facing the presentation stand. The old soldiers and the University cadets were drawn up on the other side of the stand. The presiding officer was General Amasa Cobb, who made a few remarks showing his appreciation of the honor of the position he occupied...

BROWNVILLE, Neb., May 3, 1898.—Hon. C. H. Gere, Chairman Committee Arrangements, Lincoln. Dear Sir:—Referring to your invitation to present colors to the new Second regiment, yesterday I met with an accident which has put me off my feet. I hope only for a few days but which will keep me from leaving home, or travel. Nothing would afford me more pleasure, I assure you, than to perform the duty your committee has honored me with...

General Thayer's Address. The presiding officer then announced that the presentation would be made by General John M. Thayer and introduced the speaker. General Thayer was greeted with hearty applause when he made his appearance. He said:

General Cobb, Governor Holcomb, Officers and Men of the First and Second Regiments of the Nebraska Volunteers: I am charged by the veterans of Nebraska with the performance of a most pleasing duty, though not unattended with sadness. Pleasing, because I am so glad to see you here, and because I am so glad to see you here, and because I am so glad to see you here...

Why They Go Home. Providence and fate have placed upon this nation the sacred obligation to put an end to the awful crimes and barbarities that have disgraced humanity on that island during the last three years. It is our duty to enact that sublime command spoken by the infinite while upon earth, "Do unto others as ye would that they should do unto you."

Old Glory now floats in triumph in the orient. I trust before peace is declared with Spain that the United States will have a harbor and coaling station in the Philippines and that the United States will be known as a great naval power in that distant quarter of the world.

Forever float that standard shaft! Where breathes the foe but falls before us! With freedom's soul beneath our feet And freedom's banner streaming o'er us! And the sun of every morning shall greet

it with "all hail," and their parting rays play around it in glory ever, and forever.

At the close of the ceremony the members of the regiments advanced and received the flags, while the bands played "Star Spangled Banner" and the people cheered themselves hoarse. Governor Holcomb's Response. Governor Holcomb made the response, accepting the flags in behalf of the state troops. He said that these ceremonies were most fitting. The 2,000 men gathered before him were here for the purpose of maintaining the honor and integrity of the flag and the country for which it stands.

After the prayer by the governor, the bands played "Hail Columbia" and the troops marched back to the camp, and the crowd dispersed. First Regiment Notes. Mrs. J. O. Goodwin of Crete was visiting company F today. Private Allen of company F was promoted from private to sergeant today. Mrs. James Stuber of Madison, treated the boys of company F to a feast yesterday.

Company I lost twenty men by the examination this morning from being under weight and under size. Two boxes of cake were received by the company from Thurston Rifles, from Mrs. Edward Lowry today. Company E received its new tent last night. The officers are very proud of it. It is one of the finest in the command.

Company M was ordered to be examined today in place of company G, which was on guard. Company M was pleased to convey to the "Nebraska boys" who have so promptly responded to their country's call my sincere regrets that I cannot pass into their hands our national emblem. I know they will ever be ready to honor and defend, even with the sacrifice of life if need be. "Remember the Maine." Thanking the committee for honor tendered and with repeated regrets, I am, sir, yours sincerely, ROBERT W. FURNAS.

Company D contains five printers. Company D was relieved from going to the hospital in order to drill for guard duty tonight. Company L lost twenty men yesterday as the result of the physical examination, on account of lack of weight for their height. Three hundred and sixteen men were examined by the board by the examining board. About eighteen of every seventy-nine failed.

Private Butler of company M returned from the hospital today. The Grand Island boys expect 300 or 400 people from home tomorrow. Visitors to company K from Schuyler today were: W. Schultz, Thomas Bryant and daughter, Mrs. Meadmore, Mrs. Anderson and C. S. Faine and L. W. Dickerson. Visitors to company I were: Colonel R. M. Lee, Deputy Sheriff John Kelly and wife of Tecumseh.

Company K lost, through discharge yesterday, ten men, as follows: H. C. Woods, George A. Johnson, W. A. Loudon, Joseph Crokes, Ed Jungbluth, Walter K. Jones, Ed Zehnder, Adolph Reha, J. A. Dimick and Peter H. Thompson, all of Schuyler, except the last two, who are from Lincoln.

Nebraska Guards Are Basking in the Bright Sunlight Once More. LINCOLN, May 7.—(Special Telegram.)—The day is a perfect one and Camp Saunders is in splendid condition. The work of the examining board has been carried on this morning even more rapidly than it was yesterday afternoon. The companies from the smaller towns are getting through much better than did those from Omaha and Lincoln, the cowboys being found to be almost perfect specimens. From these companies the most of the rejections are because the boys are too light.

by Tuesday evening. The new recruits will then be taken up. The board is getting along faster than at first seemed possible.

At the present rate the guard will be ready to move to Omaha the latter part of next week. Dr. Winer of Falls City, who was appointed assistant surgeon of the Second regiment, failed to pass the physical examination and returned home today. A number of excursions will be run into the city tomorrow.

TECUMSEH MAN ON THE OLYMPIA.

Arthur Kavanagh an Ensign on Board Dewey's Flag Ship, Olympia. TECUMSEH, Neb., May 7.—(Special.)—A Tecumseh boy, Arthur G. Kavanagh, son of Mr. and Mrs. John Kavanagh, served with Dewey in the great naval battle of Manila. Mr. Kavanagh is an ensign on board Dewey's flag ship, Olympia, and is 27 years of age. He was educated in the local schools, the University of Nebraska and at a college in Athens, prior to his entering Uncle Sam's school at Annapolis in May, 1890. His appointment to a cadetship in this school was largely due to the personal efforts of ex-Congressman W. J. Connel. Graduating from the four years' course at Annapolis, he went aboard the cruiser Cincinnati for a two years' special training. In 1896 he was assigned duties on the battleship Oregon and the year following on the Olympia, which cruiser he has been with since and on which he is now an officer under Dewey. His many friends here, aside from his relatives, anxiously await his reports of the great naval encounter.

RAIN FOLLOWED UP BY FROST.

Some Damage Thought to Have Been Done to Fruit. GOTHENBURG, Neb., May 7.—(Special.)—It commenced raining here last Saturday and continued until Thursday evening. Three inches of rain has fallen, which insures a high wheat crop. Small grain and the trees and small fruits are in the best of health. In 1896 he was assigned duties on the battleship Oregon and the year following on the Olympia, which cruiser he has been with since and on which he is now an officer under Dewey. His many friends here, aside from his relatives, anxiously await his reports of the great naval encounter.

Celebrate Dewey's Victory. FREMONT, Neb., May 7.—(Special.)—The official news of Admiral Dewey's victory over the Spanish squadron at Manila was received here at 10 o'clock this morning and was at first doubted. As soon as it was confirmed, flags of all sizes were run up and every one was happy. At noon a salute of thirteen guns was fired from May Brothers' cannon. Merchants say that their supply of flags is nearly exhausted and that there are none but the smallest cheap ones left.

Must Have Simply Smothered the Spanish Fleet with Shot and Shell—Getting Soldiers Ready to Reinforce Him.

WASHINGTON, May 7.—The officials of the Navy department as well as all the army officers who were on duty at the War department, were simply amazed at the extent of the mortality inflicted upon the Spanish fleet by Admiral Dewey, for from the moment when Secretary Long sent his report of the capture of the Spanish fleet, the officials of the War department were simply amazed at the extent of the mortality inflicted upon the Spanish fleet by Admiral Dewey.

He is familiar with camp life, having spent considerable time with his father during the last war.

CAMP ALVIN SAUNDERS IN THE CAMP.

Editor of The Bee: The article appearing in The Bee signed by "A Guard" is deserving of a rebuke and a contradiction insofar as concerns the condition of the camp and the food furnished the men. I simply have this to say, that the grounds are heavily sodded and the drainage could not be better. The food is wholesome and of a good quality, as is attested by the manner in which it is disposed of by the men. The remark that 90 per cent of the guard would, under present conditions, be anxious to be relieved cannot find any foundation in my company, as my men are all in good health and growing fat in the spite of hard work. Older members of the guard are never before had such splendid wheat Nebraska has had in years. Respectfully, W. C. TAYLOR, Captain Thurston Rifles.

Good Wheat Weather.

LEXINGTON, Neb., May 7.—(Special.)—The oldest inhabitant says Dawson county never before had such splendid wheat weather as during this season. The last week has been cool, with a steady rainfall for four days. Every prospect points to a repetition of last year's record, when the county raised more wheat than any other in the United States.

Daily Paper at Lexington.
