Max Hammler has purchased a League bicycle from Cole & Cole.

No dead fish were discovered in Manila harbor after Dewey got through with his little settlement. There were plenty of them at Sullivan's, but they were good and fresh and you will find a bigger supply there this week than ever.

Mission Services. The services at the Broadway Methodist church yesterday morning, conducted by the Women's Foreign Missionary society of the church, Miss Frank Baker of Detroit, Mich., manager of the Northwestern branch of the Methodist Women's Foreign Missionary society, comprising the states of Illinois, Iowa, Michigan, Indiana, Ohio, and Pennsylvania, was a most interesting and descriptive of the mission work in India, Korea, Japan and China. She dwelt especially on the needs of the women of the heathen countries and the "Zenana work" being performed by the missionaries of the order.

In the evening Miss Baker spoke at the Trinity Methodist church.

We don't claim to have all the furniture in town, but we do claim to have the finest up-to-date goods in that line ever shown in this city. Our leather bottomed chairs are beautiful and for an entire outfit for furnishing your home we can give you out in fine shape and at moderate cost. Peterson & Schoening, Merriam block.

Porters for the Troops. Eighteen colored porters of the Pullman company are at the Transfer depot awaiting the arrival of the trains from St. Paul conveying the soldiers of the Thirtieth regiment. The porters are from Chicago and were sent Saturday to Columbus, Neb., where they expected to take charge of the tourist cars containing the privates. The original plan, it appears, was to run the trains by Chicago and Des Moines, and not through Council Bluffs. This was changed and the porters were ordered back to the transfer yesterday.

BETWEEN PASTOR AND PEOPLE

Rev. B. Venting Talks to His New Congregation Confidentially.

MUTUAL REQUIREMENTS OF THE RELATION

Sermon Delivered in Connection with His Announcement of Acceptance of the Call to the First Baptist Parsonage.

Rev. B. Venting, pastor of the First Baptist church, who, on accepting the call to succeed Rev. C. Kocho, did so conditionally for two months, at the last meeting of the church notified the members of his willingness to continue the pastorate indefinitely. At the morning service yesterday he preached a sermon dealing with the mutual requirements of the relation between pastor and people.

"The call to the ministry is not affected by the manner adopted by individual ministers. Each has his own style of working and is never so effective as when natural, in the Christian ministry you will find the accomplished scholar, the eagle-eyed critic, the eloquent orator. It is necessary to remind you that you must not expect a summary of all the qualifications in one man. Do you depreciate the sun because it has no fragrance? Do you undervalue the rose because it has no fragrance? Do you undervalue the beauty? The minister should not be made the subject of adverse criticism because he does not combine the fire of the orator, the imagination of the poet, the argument of the critic and the grasp of the philosopher.

"The true minister seeks the highest culture of his church. The sanctuary is not an altar where learned orations are delivered and the chief attention is directed to the cultivation of intellectual philosophy. The representatives of the commercial and industrial classes are expected—men who are less anxious to understand a technical theology than to be brought into contact with the life-giving religion of Jesus Christ. I am convinced that your spirits require something more than a profuse array of classic things—you crave the richest viands of heaven. It is my hope to make the Sabbath a delight and lead you to hail the sanctuary as a precinct of heaven.

"It is not my intention to trifle with you. The truth must be told, even if it elevates to heaven or plunges into hell. God is my witness that I would rather eat the bread of poverty and at the last have my body rest in a pauper's grave than keep back any part of my message. The power of the church consists in its piety. Profoundly convinced of this truth I should be treacherous to my convictions were I not to labor to promote the highest ideal of spiritual excellence. If holy in our life, peaceful character we must secure no sympathy in a holy church; every ear is close to his slander and every tongue ready to rebuke his impiety. May this church be a center of power and joy.

"I expect your punctual and regular attendance. The devotional part of the service is of the highest importance. There is something radically wrong in the moral institution of any one who depreciates the sacredness of the Sabbath. There is something of a public decency and rectitude in habitual late attendance and in neglecting the exercise of a charitable judgment. I expect no pretensions to infallibility. My conduct will be exposed to public criticism, but I consider that from the church the most tender consideration should be shown. If you are on any deed, I shall expect you to do more charitable. I expect your earnest cooperation. When the minister knows his appeals will elicit a practical response he feels himself in possession of a gigantic power. It is a joy to labor with a people who are ready to aid in the advancement of the world and the glory of God."

Hoffman's fancy patent flour makes the best and most bread. Ask your grocer for it. Bartel & Miller have best home-made bread.

The fish season is upon us and Sullivan's tends to let no one go hungry. Our orders keep increasing with each week, but we hold no order go unfilled.

Ward in the Virginias. Frederick Ward, the well known exponent of the legitimate drama, will appear at the Bohemian theater Tuesday night in "Virginias," the story of which has been made familiar to every scholar or student of literature by Macaulay. It was adapted to the stage by James Sheridan Knowles and ever since has been recognized as one of the leading plays of modern times. Mr. Ward is supported by an excellent company and his interpretation of the title role is said to be ideal.

War is not the only interesting topic in Council Bluffs during these exciting times. At least you would hardly think so to see the big rush for fish at Sullivan's, the grocer, 343 Broadway.

Peterson & Schoening, in the Merriam block, have a complete line of hardware, garden tools, building supplies, etc. All their goods, both in the hardware and furniture line, are sold on close margins and you will always find their prices right.

Plans for Opening Club House. The Council Bluffs Bowling association expects to open its club house at Lake Manawa for the season on June 1. It was decided to place a bowling alley in the "white house" as one of the club's buildings is known. The beach in front of the big club house has been sanded and will afford a desirable bathing place for the members and their friends. There is some talk of the association having a regatta some time this summer.

People buying furniture this spring should see the fine display now at the big store of Peterson & Schoening in the Merriam block.

Funds for a Home. DES MOINES, May 15.—(Special.)—The people of Des Moines having failed to raise the \$25,000 required to obtain a similar

amount to be given by Abraham Slinger of Waverly and James Callanan of this city for a Home for the Aged, an effort is to be made to raise \$10,000 which will be added to a donation of \$25,000 by these men. The ball was started rolling by Buxton Governor Drake of Centerville, who is in the city, who gave \$1,000. It is believed an amount will be quickly raised.

Iowa Debaters Win Out. MINNEAPOLIS, May 15.—(Special.)—The annual debate between the universities of Iowa and Minnesota was held Friday evening in the university chapel. Considerable interest is always taken in this event and the audience of several hundred listened to the college disputants. The question under discussion was: "Resolved, That the United States should regularly raise a part of her revenue by a graduated income tax, the constitutionality of which shall not enter into the discussion." The affirmative was supported by the Iowa men, W. W. Still, Fred M. Blume and C. O. Giese. Minnesota upheld the negative through her representatives, S. C. Scott, W. B. Stewart and H. M. Hodgson. The judges of the debate were Judge J. C. B. Fox, Buxton Governor Drake, Edward F. Waite of Minneapolis and Judge R. A. Mott of Fairbury. They consumed no time in deliberating, but at once handed in a decision of two to one in favor of the affirmative. As on the occasion of previous debates between the same contestants, the Iowa boys were clearly more than a match for the Minnesotans. They had their audience well in hand and fairly deluged the audience with facts and figures.

Lernaebe May Resign. DES MOINES, May 15.—(Special.)—Efforts have been made for a week to elect a successor to Governor Larned, one of the members of the State Board of Control, to resign in the course of the next few months and give Governor Shaw an opportunity to appoint his successor. During the absence of the board neither confirmation nor denial of the story could be obtained, but now it seems to be pretty well founded.

Accident to Judge Stevens. AMES, Ia., May 15.—(Special.)—While Judge Stevens was driving his car on the highway near the farm of Judge Stevens, a horse ran away, throwing Judge Stevens on the curb, wrenching his back and cutting the back of his head quite severely. Mr. McCarthy was caught in the wheel and dragged some distance, but aside from a few bruises was unhurt.

Secretary of Board of Control. DES MOINES, May 15.—(Special.)—The State Board of Control has elected Grant Jordan of this city secretary of the board. The appointment had not been sought by Mr. Jordan, but the board, after looking over the entire field of available men, finally singled out Mr. Jordan, who had tendered the position of secretary, and he accepted it. He is serving his second term as county clerk.

Taxable Property Turned Up. DAVENPORT, Ia., May 15.—(Special.)—The work just completed by the city assessor brings to light nearly \$8,000,000 worth of property not before on the books of the city for taxation. The assessor is now in the new law making the method of assessment more rigid. This represents about \$12,000,000 of actual property that has heretofore escaped taxation.

Candidate for Congress. ATLANTIC, Ia., May 15.—(Special.)—Mayor H. G. Curtis has announced that he will be a candidate for congress in the Ninth district and that he expects to receive the support of the Cass county republicans. This makes two candidates in the county.

Iowa Press Comment. Council Bluffs Nonpareil: Even the loaf of bread has its ups and downs. It will shrink from war or rise to the situation.

Marshalltown Times Republican: Since the War department has issued 10,000 pamphlets for the anti-war campaign a great many will be sorry they didn't order especially the tired brigade.

Keokuk Gate City: In the order of the departure of our Iowa regiments from the state the Second Iowa is the first to go. First is to be last. Thus are the scriptures to be last partially fulfilled.

Des Moines Leader: Much has been said about the material that the present war will furnish to the Fourth of July orators, but from present indications the stock should be exhausted before the sweet girl graduates get through with the war.

Ottumwa Courier: Another of the compensations of this war is the fact that an American can't be fooled any longer on the location of Sullivan's, the grocer, 343 Broadway.

Exports and Imports for April. In Domestic Merchandise There is an Increase in Exports. WASHINGTON, May 15.—(Special.)—The monthly statement of the exports and imports of the United States during the month of April, 1918, shows as follows: Domestic merchandise exported, \$98,125,253; imports, \$55,923,658, of which \$24,416,753 was free of duty. As compared with April, 1917, the gain in exports was about \$22,600,000 and a loss of imports of about \$45,000,000.

The exports of gold during April last amounted to \$1,319,384 and the imports to \$32,778,674.

The exports of silver during April aggregated \$1,640,031 and the imports amounted to \$44,692.

For the ten months ending with April there was an increase of \$124,920,202 in the exports of domestic merchandise, as compared with April, 1917, and a loss of \$89,608,058 in the imports free and dutiable.

In the exports of gold there was a loss of \$4,125,830 and a gain of \$19,115,977 in the imports.

In the movement of silver there was a decrease of \$5,005,311 in the exportation of silver and an increase of \$612,319 in the importations.

Half of Kingman, Ariz. KINGMAN, Ariz., May 15.—Half the business portion of this place was destroyed by fire tonight. A few stores are safe. The loss cannot be estimated at this hour nor the amount of insurance. The origin of the fire is not known.

RAIN FLOODS THE PRESIDIO

Men Encamped There Forced to Undergo Many Hardships.

BEAR THEIR TRIALS UNCOMPLAININGLY

Cavalier Charleson is Still Waiting For Orders to Sail and is Not Known Who it Will Get Away.

SAN FRANCISCO, May 15.—All night long the rain which commenced falling yesterday at noon continued to drench the 3,000 men camped at the Presidio awaiting orders to proceed to Manila to relieve Admiral Dewey. The Presidio is a sea of mud, and the troops, most of whom are lacking proper clothing to withstand the cold and damp, are suffering greatly, but the men do not complain. Although their tents are surrounded by miniature lakes and small rivulets course through the camps under neat coats and shakedown beds, not a whimper is heard.

Last night was the most disagreeable yet experienced by the men; fires were not burn, and the troops had to content themselves with cold lunches and an occasional cup of hot coffee which the good people of the Red Cross society prepared for the shivering soldiers. Although blankets in plenty had been distributed during the day, little sleep was obtainable, owing to the inconveniences with which the men had to contend. The sentries suffered most of all. All day yesterday and last night they tramped steadily up and down their beats, wet to the skin. Most of them lacked overcoats, but one by one they were supplied with such comfort by their more fortunate comrades who could get under the shelter of tents.

There has been so much to do and so little time in which to do it that it has been impossible for the officers to look after every detail and they were much handicapped owing to their inability to secure the articles necessary for the comfort of the men, the stocks of local merchants being depleted early in the week.

The Cavalry is still at Mare Island, and nothing definite can be learned regarding the time of her departure, or whether or not it will convey one or more of the troops ships which have been chartered to take the supplies and men to Admiral Dewey, has been given out at the Presidio. Mr. McCarthy's ship load of men will leave tomorrow or Tuesday, but this is impossible unless the men go almost totally unprepared for the duties they may be required to perform in the Philippines. They have not been supplied with sufficient clothing, arms and ammunition. The troops need shoes, overcoats, underclothing, rifles and ammunition.

Ask for Better Rifles. It has been determined by the officers to ask for the Krag-Jorgensen rifles, and if these cannot be secured No. 834 modern Springfield will be asked for. The quarter-master's department is unable to supply the thirty days' rations necessary for the first three regiments and these must be secured before any of the troops can leave.

The City of Peking doubts will be the first vessel ordered to the Philippines, and it is not in condition to receive the troops; but a large force of men is at work on it and it will be ready for the reception of the men on twenty-four hours' notice. Orders have been received to get the First regiment ready for departure, but this cannot be done until the necessary supplies have been received. Several small steamers and schooners are engaged in transporting supplies from Mare Island to this city for loading on the Peking.

The steamers Australia, City of Sydney and the Ohio are being gradually prepared for service as transports, but it will take at least a week or ten days before they are ready for sea. It is given out today that the steamer Conemaugh has not been chartered by the government as previously stated.

Nearly 3,000 troops from Minnesota, Colorado, Utah and Oregon will arrive here on Wednesday and Friday next, and will go into camp at the Presidio. The Thirtieth infantry regiment of Minnesota, comprising 1,080 men and officers, will leave St. Paul tomorrow and arrive here on Friday morning. One complete regiment from Colorado, numbering over 1,000 men, a battalion from Utah, numbering several hundred men and officers, and another special train load of men from Oregon will arrive here Wednesday morning.

CHICKAMAUGA NATIONAL PARK, Ga., May 15.—The First Ohio cavalry, the 2nd regiment of the volunteer army ordered to rendezvous at Camp Thomas, arrived today in two sections of sixteen cars each over the Cincinnati Southern railroad. The regiment is composed of eight troops, 600 officers and men. The regiment is in command of Colonel W. M. Day.

The regiment did not bring horses, and these are to be supplied here by the government. Only one troop was supplied with arms, and the large majority of the men were without uniforms. They did not, however, present a formidable military appearance. They are a gallant set, however, and their friends promise that they will give a good account of themselves when they have an opportunity.

The regiment was immediately assigned camp grounds on the east side of the Lafayette road. They were supplied with tents by Quartermaster Lee from the contingent sent here for the volunteer army. Very few uniforms have been received at the quartermaster's office here, but an order for 25,000 has been sent in and will be filled as rapidly as possible. In the meantime the volunteers will have to get along with their old clothes as best they can until their order has been filled.

Tonight at 8:15 o'clock the First Ohio infantry from Cincinnati, eleven companies, 500 officers and men, arrived in Chattanooga in two sections of twenty cars each over the Cincinnati Southern railroad.

This regiment was in rather striking contrast to the cavalry regiment, being fully uniformed and armed with Winchester rifles. All arrived in good condition and in good spirits. They were brought immediately to this point reported to General Brooke. They will sleep in their cars tonight and tomorrow morning will pitch their tents. The regiment is in command of Colonel T. H. Milliken.

TAMPA, Fla., May 15.—When the United States troops at Tampa embark for Cuba they will be followed soon after by some of the famous evangelists in the United States. General O. O. Howard, U. S. A., retired, now an evangelist, arrived at Tampa today accompanied by Major D. W. Whipple.

What a move to the Soldiers. A movement was recently inaugurated by D. L. Moody having for its object the sending of noted speakers to the various rendezvous of the soldiers, and they held meetings for their spiritual instruction. General Howard and Major Whipple have visited Chickamauga, Atlanta and Mobile.

As most of the regiments here are without chaplains, the sending of Cuba of several noted divines to work among the soldiers is contemplated. It is hardly probable that the expedition will move out, but once the army is settled in Cuba, and the campaign against the Spanish forces is fairly on, evangelical work will be actively begun. General Howard and Major Whipple spoke at the Tampa Heights camp grounds tonight.

Two regiments of infantry, the Eighth and Twelfth, arrived from Chickamauga today and went into camp in West Tampa. They were accompanied by Brigadier General Guy V. Henry, who commanded the second brigade of infantry at Chickamauga. The two regiments, sixteen of infantry and three of cavalry, now in camp ready for the move on Cuba.

Most of these regiments have been largely augmented by recruits during the last three months. The two regiments make a total of 750 men. In the three batteries of artillery there are 750 men. With the engineer and signal corps there are about 1,400 troops of United States army now here. The carrying capacity of the transports at Port Tampa are altogether inadequate for such a large force.

At the outside not more than 3,000 troops and 2,000 horses and mules could be loaded on the ten boats gathered here. That force, however, could be sent away on short notice, as all supplies have been put on board, and everything made ready for a hurried embarkation.

The regiment is composed of eight troops, 600 officers and men. The regiment is in command of Colonel W. M. Day.

The regiment did not bring horses, and these are to be supplied here by the government. Only one troop was supplied with arms, and the large majority of the men were without uniforms. They did not, however, present a formidable military appearance. They are a gallant set, however, and their friends promise that they will give a good account of themselves when they have an opportunity.

The regiment was immediately assigned camp grounds on the east side of the Lafayette road. They were supplied with tents by Quartermaster Lee from the contingent sent here for the volunteer army. Very few uniforms have been received at the quartermaster's office here, but an order for 25,000 has been sent in and will be filled as rapidly as possible. In the meantime the volunteers will have to get along with their old clothes as best they can until their order has been filled.
