the delicate organs concerned and makes them strong and healthy. It banishes the usual discomforts of the expectant period and makes baby's coming easy and almost painless. It tones and strengthens the nerves. At all medicine stores.

w. R. Malcolm, Esq., of Knobel, Clay Co., Ark., writes: "My wife for perhaps four months previous to the birth of our child took the 'Favorite Prescription.' This strengthened her entire system and child-birth, to her, was very easy, being attended with little pain. Our baby Ruth is thirteen months old and she has never been sick a day, not so much as had the cole; she is hearty and stout, and pretty as a picture—pretty because she is healthy, and we very much blame Dr. Pierce's family medicines for it.

We keep Dr. Pierce's Golden Medical Discovery, the 'Favorite Prescription' and 'Piensant Pellets' in our home and use them. We have been married almost three years and I have called a physician into my family but one time—at birth of our baby."

try the case, whereupon M. Laborie ansounced that he appealed to the court of cessation upon that point. The trial was then adjourned pending the

hearing of the appeal. On leaving the court M. Zola was greeted with cries of "Down ing's Captain Bonnefield, a nation's weal, a patches, was a member of the Starbuck with Zola," intermingled with cheers for
