Important Expedition Left Tampa Last Wednesday with Much Needed Supplies.

NEW YORK, May 24.-Official information has been received at the Cuban legawas but crowded on steam. The Spaniard tion in this city of the sailing last Wednesscemed to grow tired. It turned around and day from Tampa of the first important exlet the tug go on its way unmolested. The pedition by native Cubans. The expedition, St. Louis, when last heard from, had which sailed in the steamer Florida, was started on a scouting cruise through the organized and commanded by General Jose West Indies. The chase by the Spaniard Morlet, whose preliminary report, sent as and the finding of coal at Santiago convinced the expedition sailed, has been received everyone on board the Wampatuck that the here. This report states that General Mor-Spanish fleet is in that vicinity. "Schley's let has improved the opportunity to recruit got 'em this time," was the opinion of every about 400 men, most all of whom have seen service under Gomez, Maceo and Garcia. Each one of them knows the Island from one end to the other and is possessed of information regarding Spanish fortifications and camps. With the expedition under General Morlet is no less a person than General Julio Sanguilly, whose release was wrung from Weyler during the Cleveland

The expedition was far more important The Florida carried a warlike taining no less than 30,000 Springfield rifles, with enough ammunition of the right callber to make them effective. There were rapid fire guns of the Hotchkiss type. These arms will enable General Garcia to not only equip 30,000 additional troops, but to supply his own men with the ammunition for which they have been in such urgent need. He will also be able to form and equip several batteries of light artillery with rapid fire guns-a weapon which has always proven effective in the hands of the insurgents. Besides the large assignment of guns and ammunition the Florida carried supplies of food, clothing and medicine for the insurgent army. There were also seventy-five mules for the formation of pack trains to carry the supplies from the coast. General Julio Sanguilly accompanied the expedition as chief of staff. Julio Sanguilly of New York has charge of part of the

SHIP BUILDERS TO COMBINE

Cramps Company of Philadelphia Vickers' Sons & Maxim of England Will Unite Their Interests.

NEW YORK, May 24.—Reports received in this city today from London announce the consolidation of the Cramp Shipbuilding company of Philadelphia, and Vickers' Sons & Maxim of Barrow-in-Furness, England, into one great ship building concern. This alliance, if perfected, and there is little coubt of its being accomplished, will make one of the most powerful corporations of its kind on either continent.

The plan of consolidation provides for an increase in the capacity of the Cramps' ship yards by the introduction of British capital, so as to increase the capital stock of the Cramps company from \$5,000,000 to \$10,-600,000 if not more. The additional capital is to be furnished by the Vickers company in return for stock in the enlarged corporation. Holders of common stock in the existing corporation will receive new stock. The preliminaries to the deal are to be arranged by William M. Ivins of this city, who is a passenger on the White Star liner

Teutonic, due here tomorrow. It is expected that a meeting of the di rectors of the Cramp company will be held in Philadelphia on Thursday, when the details of the alliance will be submitted for adoption. The matter has been under consideration for several months, the first overtures having, it is said, come from the

Vickers company PHILADELPHIA, May 24 .- Charles H. ramp, head of the William Cramp & Sons Ship and Engine Building company, of this city, tonight denied absolutely that there was any truth in the reported consolidation of the Cramps company and Vickers' Sons & Maxim of Barrow-in-Furness, England, into one ship building concern.

B'NAI B'RITH MEETING ENDS

Individual Members Promise that There Shall Be Money with Which to Open Jewish Hospital.

FORT WAYNE, Ind., May 24.-The annual convention of the order B'nai B'rith adjourned today.

It was reported there was not enough money on hand to open the Jewish hospital your beverage well made and that cream or at Denver, but individual members promised hat it should be opened this year. Louisville, Ky., was chosen as the next

meeting place. The following officers were elected: President, M. Friedman, Denver; first vice president, Samuel Bowman, St. Louis; second vice president, Marcus R. Sulzer, Madison, Ind.; secretary, Victor Abram, Cincinnati; treasurer, Morris Bauer, Cincinnati.

RUMOR FOLLOWS UPON RUMOR

Stories of Battles of Every Character Float in

FAKES ALL LOOK ALIKE TO OFFICIALS

Navy Department is Called Upon Repentedly to Deny the Many Manufactured Reports Put in Cir-

WASHINGTON, May 24.-There was a lapse into sensational war rumors in Washington today, after a week of comparative quietude. The rumors ranged all the way from the capture of the little Mangrove with a crew of thirteen men, to the reported destruction of the entire Spanish fleet by Sampson's and Schley's combined forces. They were circulated with persistence

official capable of passing judgment on their accuracy. As the day rolled along the officials themselves became apprehensive, as was shown by the frequency with which they called for

the latest newspaper bulletins. At the close of the day it was again an nounced in the most positive manner that the Navy department had no information Children's tan cotton hose, with double to warrant the report of any sort of engage toe, sole and heel; also double knees, ment in the Windward passage. This die ment in the Windward passage. This did not specifically cover the waters of the West Indies, but in view of the fact that the department has almost pledged itself to let the public know of anything in the nature of a general engagement, possibly the bulletin announcement is sufficient to cover the

> When Secretary Long started for home after an exceptionally busy day, he stated o a group of newspaper men that the department had received no information of impertance. In response to an inquiry as to where the Spanish fleet was located, Mr. Long replied that his belief was that it was still at Santiago de Cuba.

> Concerning the reported capture of the Mangrove and the loss of other ships, the secretary dismissed these stories as purely conjectural, and not supported by facts. Word had come from the commander of the Mangrove since the time of the alleged capure, showing that the ship could not have been in the hands of the Spanish.

War Board is All Right. Mr. Long paid a handsome tribute to the War board, and stated there was no purpose whatever of changing the present system, whereby this board co-operates with him in giving every possible assistance and advice, mainly in the way of information, to the admirals in command. The office of the War board, the secre-

tary pointed out, was not to fight battlesthat was exclusively the province of the squadron commanders. The board acted merely in an advisory way, and at no time had assumed executive functions. The Spaniards appear to be making ready

for something more than a defensive campaign at home, or at least they are trying to create that impression by other means than news bulletins that issue almost daily rom Madrid. The Navy department now has, through

ts own reliable sources, reports of the createst activity in the Spanish navy yards and of the preparation for sea and for s long voyage of two of the torpedo boat destroyer's. It is given out that they are to join Cervera immediately when his squadron enters Cadiz harbor. Possibly this statement, is made with a deliberate purpose of leading America into the hellef that Cervera is on his way homeward.

Inquiries as to the whereabouts of the

Oregon brought a reply this afternoon to the effect that the battleship was safe. Nothing could be learned of its location. It is probable that the telegrams said to have emanated from the vessel really were filed at Key West, but were brought to that port on some dispatch boat from the Oregon which is co-operating with our fleets. The cutting of the cables at Santiago and at San Juan de Porto Rico, as reported to day, was a military move of the first importance. Blanco has yet one link left of communication with the outer world but the Spanish commander at San Juan nov

finds himself totally in the dark as to conditions in Spain or in Cuba, while the value of that port as a place of refuge for the Spanish flying squadron is materially diminished.

Other Cables Will Be Cut.

It is safe to say that the remaining cable o Santiago will be cut soon, like the others. so that if Cervera is misguided enough to have entered Santiago harbor, he will be completely out of touch with his home gov ernment on the one hand, and equally unable to communicate with Blanco.

The Philippines expedition is now off u dead earnest. The sending of these ships will effect the Hawaiian question. Like the Charleston the transports must stop at Hawaii to replenish their coal bunkers from the great heaps of coal that Consul General Howard has been piling up for months past. If the Hawaiians let us take this coal without the pretext that we are using it to make our way to our nearest home port, as is required by international law in such cases, they will stand convicted of a gross breach of neutrality. That in the eyes of the law of nations allies them with the United States in hostility to Spain.

The taking of coal by the American ships at Hawaii, to make an extensive campaign against the Spanish possessions, it is beleved here, will result in compelling the United States either to assume a protectorate over the islands, or to annex them.

Late this afternoon it was ascertained that he cable from Santiago that was cut by the American war ship St. Louis was not the line controlled by the French company running from Santiago to Hayti through Guantanamo, but one of the two English cables running from Santiago south to Jamaica

This information was communicated to officials of the government by Mr. Lurrine,

TRY AGAIN.

Don't Let Carelessness Keep You From Comfort.

Have you ever been disappointed in the flavor of your cup of Postum Food Coffee? to. Flavor and food value cannot be ex- tion. The dispatch is as follows: tracted from a food drink of this kind, if it is dripped or simmered. A delicious taste prepared to sail, is anchored in the bay be-and a cup full of nourishment can be side the City of Pekin. The Australia is and a cup full of nourishment can be had a cup full of hourishment can be had quickly and easily if the Postum be allowed to keep up a clever boiling for bay. I am not sufficiently informed when fifteen minutes after boiling begins, Remember, to simply leave the pot on the stove fifteen minutes, will not answer. Keep up the boil fifteen minutes after active boiling

commences. This is simple, and if your health is worth looking after at all, it is worth having your Postum made good instead of sloppy, for when it is well boiled, you get th strength and body building elements as well as the charming flavor. Insist on having it made in a slovenly manner.

This talk on the preparation of Postum is called for from the fact that we have heard lately of several people who cannot drink coffee and tried Postum, but were discouraged, from the fact that it was badly made. When it is served properly, it makes and holds friends for life.

THE STRAINS OF WAR.

They are Tremendous and Few People Realize How Great and Far Reaching They May Be.

The strains of war come, not only upon those in the field, but on the friends, relatives and loved ones who remain at home, we :

Worry kills.

It is all very well to say-"Don't worry," but few people can help it.

There are thousands of men and women this moment who have been ruined for life by worry. Worry affects every atom of the body. It depresses, it exhausts, it ruins. Headaches, lack of appetite, loss of sleep, strange pains, uneasinessall these things mean something serious. And invariably they are caused by diseased kidneys.

Do not delay. Act promptly. Mrs. Emma Prescott, of Boston, Massachusetts, says-

"A few years ago I was declared to be upon the point of death from Bright's Disease of the Kidneys. It was frought about by the strains of life. But I am well and strong today, and it is entirely due to the use of Warner's Safe Cure. I believe this great remedy will cure anybody, for no one could be worse off than I was."

This is only one instance out of thousands of where Warner's Safe Cure has saved life and made it worth living. If you, reader, are at all run down you should avail yourself of the benefits offered by this greatest of all medicines.

the general agent of the French cable company in the United States. General Blanco, therefore, is not isolated

from the rest of the world, but can still communicate with the home government by the French cable going to Hayti, or the English one running to Jamaica. TROOPS GO ON SHIPBOARD

second Detachment of the Expedition

to the Philippines Makes

Rend yto Sall. SAN FRANCISCO, May 24.-Four companies of the Fourteenth Un ted State infan try (regulars), the ull regiment of Oregon volunteers and a picked battalion of fifty heavy artillery left the Presidio this morning and boarded the transports City of Sydney and Australia, preparatory to starting for Manila. Yesterday's scenes, when the First

regiment of California volunteers marched o the dock, were re-enacted today. Long before daylight the big camp at the Presidio was astir with the men in blue ready to put the finishing touches on their packing. The "regulars," consisting of companies C. D. E and F of the Fourteenth in fantry, marched quickly out of camp at 6:3 this morning and were well on their way to the Pacific Mail dock before the citizens o the town were aware that the movement had begun. The (regon regiment, however, did not leave the Přesidio until 8 o'clock and by that time an enormous crowd had assembled along the line of march. Just previous to starting the regiment was drawn up in the form of a hollow square and a beautiful stand of colors was presented to it by Colonel Coffey, formerly in command of the regiment. Then the command "Forward march"

was given and to the strains of "Red, White

and Blue" the regiment swung into column

of fours and marched through the Presidio

gateway. The people of San Francisco, realizing that the departing soldiers were already well away from their own homes put extra warmth into their greetings and made the Oregon men feel that they had friends here also. As the troops marched out of the Presidio the men of the Seventh California volunteers lined the roadway, and though envious of the good luck of their camp comrades in being selected to go before them. cheered them vigorously on their way. When the down-town section was reached ombs were fired, whistles blown and the crowds yelled words of encouragement to the marching soldiers. Women pressed forward into the lines and gave flowers to the men, while patriotic citizens bought baskets of oranges and other fruit and through the agency of small boys distributed them to the departing soldiers. The men from Oregon seemed thoroughly to ap-California and in spite of their heavy loads of blankets and haversacks, marched with the first stage of their long journey to the

Philippine islands. There was another enormous crowd at the Pacific Mail dock, but profiting by yesterday's experience, a large force of police was able to keep the people within bounds. Arriving at the dock the Oregon regiment with the exceptions of companies F, I and M, boarded the Australia. The three other companies, together with the four companies of regulars and artillery embarked on the transport City of Sydney. Colonel Summers will be in command of the majority of the Oregonians and Major Eastwick will be in charge of the three companies of the artillery on the Sydney. The transports were all in readiness for the troops, who marched on board with little About noon the steamers left the docks and anchored out in the stream near the City of Pekin. There the finishing touches will be given to the cargoes of

the transports, and tomorrow morning the three big steamships will start for Manila. The Zealandia, which has been chartered by the government as a troop ship, is expected to arrive tomorrow. It will dock has been replaced. The repairing of the at once and will probably be ready for the cement coping and the resetting of the staff final fitting up by Saturday. Major Long posts which were destroyed by the breaking has inspected the collier Progresso with of the piling will be completed very soon a view to its use as a transport for coal, and the whole work will be finished before horses and mules, and has wired a favorable the end of the week. report to Washington. He will report today as to the suitability of the collier

Leelenaw. Colonel Hale of the Colorado volunteers has received instructions to have his men ready for embarkation on Thursday for Manila. This regiment is fully equipped, only lacking ammunition, which will be served tomorrow. It is said they will start on the steamer Roanoke, though that vessel has not been chartered yet.

The San Francisco Produce exchange ha subscribed \$1,200 to the Red Cross society. The amount was pledged within thirty minutes after the subscription papers were laced on the table. WASHINGTON: May 24 .- A dispatch was

received by Adjutant General Corbin late this afternoon from Major General Otis at San Francisco, which conveyed to the War If so, you are the person we want to talk department officials very gratifying informa Steamer Sydney; with troops on board and

> the Pekin will complete loading naval stores, but understand that it will be this evening. The hour of departure of the three vessels depends on the naval authorities. "The strength of General Anderson's com mand is 117 officers, and 2,732 enlisted men The navy contingent consists of eleven off

cers and seventy-six men. Total for the three vessels, 128 officers and 2,458 enlisted Assistant Secretary Meiklejohn received tonight a dispatch from Arthur Sewall of Bath. Me., candidate for vice president on the democratic ticket in 1896, offering, on boiled milk be served with it. It is just as behalf of Arthur Sewall & Co., the ship easy to have Postum well made as to have Roanoke, now at San Francisco, to the govrnment for the transport of troops. Roanoke is of 3,549 tons register and has a

capacity of 5,000 tons. Secretary Meiklejohn immediately telegraphed to San Francisco to have an inspec-tion made of the ship and if that should prove satisfactory the Roanoke undoubtedly will be chartered.

(Continued from First Page.)

this occasion and will be glad to welcome any which come. Our parade will start from Sixteenth and Douglas streets at 10 a. m., and that point will be the rendezvous." In connection with the opening day parade Manager Babcock of the Transportation department is receiving numerous offers of private carriages for use in the parade for he many distinguished guests who will be present. The people who have thus of- executive committee of the Illinois commisfered the use of their vehicles intend conveying their families to the grounds at at the Millard hotel at 9:45 for use in the parade. As soon as the parade reaches the has decided on Tuesday, June 21, and will grounds, which will be about 11 o'clock, attend with other state officers and his milicarriages will be released, as the guests tary staff. The Illinois building will be will be taken care of on the grounds during the day.

As there will be a large number of guests of the exposition present on the opening day, a number of carriages will be required and Manager Babcock says he can use sev eral more than have been offered

BEAUTIES OF MINERAL DISPLAY. Commissioner Day Greatly Pleased by

Some of the Things Received.

Dr. Day, the mining commissioner, is in ecstacies over the receipt of a mineral exsomething never undertaken to be shown at any exposition and a thing which very few people on this earth have ever seen. He even went so far as to declare that this exhibit was an improvement upon the work of nature. After the exuberance of the doctor subsided slightly he found time to say that the exhibit is a hal fsection of carborundum furnace, with the produc shown just as it appears in the furnace. Carborundum is a manufactured product which is next in hardness to the diamond It is never found in nature, but is made in an electrical furnace where it is subjected to a tremendous heat. After the material is made the funace is destroyed in department, E. B. Wilber of South Sious the exhibit which Dr. Day has secured shows the manufactured product at this stage. The furnace and product was a most the balance of the term, Jessic Gandy of difficult one, and the task of transporting it was much more difficult. It was accomplished, however, and the exhibit will coin was made assistant custodian. be given the place of honor in the Mines building. Aside from the great rarity of ercises of the Nebraska building June 14. this product of electrical science, it is very beautiful and Dr. Day predicts that it will

Repairing the Lagoon. The sheet piling about the lagoon is nearly all in place again, the large force of workmen which has been engaged constantly since Saturday having nearly completed the "straightening up" process. To prevent a recurrence of the disaster it has been determined to replace the makeshift cables used as ties to hold the sheet piles to the anchor piles with stout cables, and each alternate pile is being securely anchored to the back piles in this manner. As the piles are ten feet apart all around the lagoon, this process results in placing a heavy cable at intervals of twenty feet all around the lagoon. Much of this work has already been done and the brick paving

Missouri Men in Evidence. Dr. John Pickard, Ph. D., professor classical archeology of the University of the State of Missouri, has arrived at the exposition grounds with the Missouri school exhibit, of which he has charge. The exhibit will be in the southeast carner of the gallery of the Liberal Arts building and will comprise the showing of the graded schools of Missouri and the university. Regarding the latter, Dr. Pickard says it will be "choice, but not immense." material for the exhibit is all on the grounds and Dr. Pickard says no time will oo lost in making ready before the open-

ing day. President Sterrett and Commissioners Stuckey and Graves telegraphed Dr. Pickard this morning that they will arrive in Omaha this afternoon and asked him to have all Missouri people meet them at the Millard hotel this evening.

Oregon's Commissioner Arrives. Henry E. Dosch of Portland, the commis ioner in charge of the Oregon exhibit, arrived in the city last night. Mr. Dosch says his exhibit is on the road and will be here without delay. He promises the finest showing in all lines that can be made by any state. Agriculture, horticulture, minerals, forestry, education and several other branches are comprehended in the exhibit which is now en route to Omaha, and Mr. Dosch is serving notice on the other states that they might as well take warning and keep one eye on Oregon.

German Newspapers Interested. Among the newspaper representatives who a preliminary survey of the exposition are a number representing the German papers of the west. Among those who have called at the office of the Publicity and Promotion department during the last day or two were the following representatives of the German press who came to Omaha recently to inform themselves about the progress of the expositions of the exposition of the exposition are a number representing the German papers of the Publicity and Promotion department. ILLINOIS DAY AT EXPOSITION.

Volksfreund, Aurora, III.

Governor Tanner Decides on Tuesday June 21. SPRINGFIELD, III., May 24.-Hon, William H. Harper of Chicago, chairman of the sion of the Transmississippi and International Exposition at Omaha, is here confer-9:30 a. m., allowing the carriage to report ring with Governor Tanner regarding Illinois day at the exposition. The governor turned over to the state, General Clark E. Carr of Galesburg making the presentation speech. All railroads centering in Omaha will give one fare for the round trip from all points in Illinois.

> REPORT ON SUNDAY OPENING. Executive Committee Decides on

Plans for the Summer. Last night the executive committee deided on its report on the Sunday opening question. The exposition grounds will be open on Sunday from 9 a. m. until 10 p. m. hibit which he enthusiastically declares is of each Sunday. All the main buildings will be closed but the Fine Aris and Auditorium. Sacred and band concerts will be given in the Auditorium and on the grounds. The Midway will be opened, but no liquor or knicknacks will be sold on that day. This report will be made to the board of

directors at its meeting today. Nebraska Commission Meets. The Nebraska Exposition commission held short session last night and made a few more appointments to positions in the Nebraska building, as follows: A. H. Holmes of Wilcox and M. C. O'Harra of Bloomfield were appointed assistants in the educational order to get the valuable product out, and City was appointed a guard, Miss Leia Wheeler of Lincoln was appointed postmistress during July and Miss Lulu Burroughs feat of making a , section of the also of Lincoln, was elected postmistress for floral department and Cyrus Lyndell of Lin

Kansas Sends Four Cars. Prof. Worrall of Topeka, the decorative expert whose arrangement of the Kansas state exhibit at the Philadelphia Centennial their heads up and shoulders squared over the large octagonal gem case, which has cars of the Kansas exhibit which he will been installed at the exact center of the arrange in the most attractive form. The main floor of the Mines building. Dr. Day exhibit will occupy space in the Agriculture, Mines and Horticulture buildings, and does not change color and it has the finest making every effort to eclipse everything he has ever done in the decorating line. The agricultural exhibit occupies one of the most conspicuous locations in the big Agriculture building, being one of the four corners in the center of the building opposite Ne-

braska and Iowa. Will Run a Special. The Chicago, Milwaukee & St. Paul railroad announces that it will run a special rain on June 1, the opening day of the exposition, from Perry, Ia., to Omaha, leaving Perry at 5:30 a. m., and leaving Omaha on the return trip at 10 p. m. In addition to this special train two extra coaches will be at tached to train No. 1 at Madrid, Ia., leaving that point at 8:20 a. m., and two extra coaches will be attached to train No. 4, leaving Omaha at 5:45 p. m., the

coaches being carried as far as Madrid. War Delays the Organ. builders of the great organ which is to occupy a considerable portion of the stage of the Auditorium, writes to Manager Lindsey that the organ has been shipped and will be put in place in the building in the shortest possible time. Mr. Moeller says he has been seriously hampered in getting out the work by the fact that nearly all of his working force has "gone to the war" and all of

his work was delayed very materially. Directors' Meeting Today. A special meeting of the Board of Directors of the exposition will be held in the Administration Arch at 4 o'clock this afternoon. The members will make a tour of inspection of the grounds and transact such business as may come before the board.

Notes of the Exposition The May number of Arthur's Magazine, a standard New York publication, devotes five pages to the exposition. The article is illustrated with twelve half-tone engravings

showing the exposition buildings and grounds and the text covers the exposition ibject in an exhaustive manner This morning a special train will arrive from Nashville with seventy-four people on board for the Old Plantation on the Milway. These are genuine representatives of the southern negro and are gathered from Georgia, Tennessee and the Carolinas. They vill parade the streets before going to the

grounds. Manager Babcock has received notice that a special rate of one fare plus \$2 will be made from all points in the territory of the Western Passenger association for the American-Swedish Jubilee at Omaha June

Two small concessions were let by the executive committee yesterday, J. H. Duke getting the concession for selling tenderloin muffins, and Joseph Benno receiving a con-cession for the sale of Swiss goods, jewelry
