

Omaha, Neb., April 10, 1898. F. A. Stuart Co. Marshall, Mich.

Dear Sirs: For years I have suffered from Indigestion, Sour Stomach, distaste for food and often no appetite. I tried many different remedies with no result. A friend of mine suggested that I use Stuart's Dyspepsia Tablets and I finally concluded to do so. That was over a year ago and now, I am proud to say, I can eat anything and relish what I eat, and my digestion, so far as I can judge is absolutely perfect.

I write this without solicitation, as I think such good results as have been accomplished by your Tablets should be made known. Yours truly, H. S. EMORY,

SHERMAN WITHDRAWS HIS OBJECTIONS

It Now Looks Very Much as Though the Appropriation of \$45,000 Would Go Through . Congress.

WASHINGTON May 24 .- (Special Telegram.)-It is learned that Chairman Sherman of the house committee on Indian affairs and also by virtue of his position representative of the house conferees on the Indian appropriation bill has finally withdrawn his opposition to the amendment in the Indian bill appropriating \$45,000 for an Indian congress at Omaha. Mr. Sherman's opposition to the measure was based upon what he supposed would amount to a practical demoralization of the Indians in association with the hurry and bustle of the exposition. He further stated that he understood that Captain Mercer, in charge of the Omaha and Winnebago reservation, would be relieved and ordered to join his regiment. This was emphatically denied by Secretary Bliss, who stated that Captain Mercer would be kept at his post and would be in charge of the Indian congress, should such be ordered by congress.

As to the other objection, Senator Thurston showed Congressman Sherman that Indians who have gone out with Colonel Cody, with but very few exceptions, have come back better Indians than when they left their reservations, and as to the question of demoralizing, it was purely one of theory not borne out by practical demonstrations. Senator Platt of New York today had an interview with Representative Sherman and it is now stated that opposition to the measure has been overcome
