DIVISION OF THE ROAD FUND

City and County in Court Over the New Law's Application.

ARGUMENTS PRESENTED YESTERDAY

Attorneys Make a Showing of Their Interpretation of the Statute and Court Takes the Matter Under Advisement.

In the district court yesterday afternoon Judge Smith listened to the arguments in the suit brought by the city to compel the Board of County Supervisors to expend the portion of the county road fund as derived from taxation of property within the city limits according to the directions of the city council. The city was represented by City Solicitor Wadsworth and the Board of Supervisors by County Attorney Saunders. The arguments occupied a little over an hour.

The argument of City Solicitor Wadsworth was practically a presentation of the city's side of the case as set forth in the petition. He contended that the new code provided that the portion of the road fund collected from the taxation of property within the city should only be expended by the supervisors at the direction of the city council, which should have absolute say as to where and in what manner it should be expended.

County Attorney Saunders opposed the position taken by the city and contended that the word "direction" in the statute simply meant that the city should have power to direct as to the manner in which the work should be done, but that it did not intend to convey to the council the authority to dictate where. County Attorney Saunders also contended that all of the tax sought to be controlled by the city having been levied prior to the new law going into effect was not affected by the new code.

Mr. Saunders stated that the county board was about to expend all of the road tax collected for the year 1897 from Kane township in the improvement of the streets of Council Bluffs and upon the roads leading into the city and that no expenditure of the fund would be made upon any road beyond the city limits. He claimed that the city, if it secured control of the fund, intended spending it upon the cleaning and not improvement of the streets.

Judge Smith took the case under advisement, but gave no intimation as to how soon his decision might be looked for.

POPULIST COUNTY CONVENTION.

Six Delegates to Des Moines Chosen

The convention of the people's party of Pottawattamie county to select six delegates to the state convention to be held in Des Moines Thursday, June 2, was called to order yesterday morning at 11 o'clock in Farmers' hall at the county court house by L. Kinnehan, chairman of the county central committee. Following the reading of the published call, David Evans was elected chairman and L. Kinnehan secretary. L. Kinnehan, E. P. Brown and A. M. Hutchinson were appointed by the chair a committee to draft resolutions.

The election of delegates to the state convention resulted as follows: E. P. Brown, L. M. Hutchinson, L. Kinnehan, Council Bluffs; G. W. Oakley, Bommer; James Hadfield, Neola; and N. H. Bowman, Washington.

The platform reported by the committee on resolutions was unanimously adopted. The preamble set forth the party's belief in the initiative and referendum and endorsed the national platform adopted at Omaha in 1892 and at St. Louis in 1896. The platform is opposed to issuing of interest-bearing bonds payable in gold or granting of franchises to individuals or corporations. It holds that all public utilities should be owned and operated by the public and favors a law that will make unlawful any obligation payable in one kind of money only. It favors a law that would remedy the inequality of taxation, and that all money invested in interest-bearing bonds should bear a share of taxation.

Before adjourning the convention passed the following resolution: "We tender to the patriotic people of Cuba our deepest sympathy in their heroic struggle for political freedom and independence, and we congratulate the United States government that it has recognized that Cuba is an integral part of the American continent, and we hope our government will wipe the Spanish fleet from the high seas and silence all Spanish fortifications in indication that their treaty in signing up the Maine and the loss of 236 patriots.

PRIME-GUEST CASE SETTLED.

Supreme Court Sustains the Decision of the Lower Court.

END OF A LONG CONTESTED DIFFERENCE

Effect of the Decision is to Make General Prime Colonel of the Fifty-third Iowa Volunteers.

DES MOINES, May 28.—(Special Telegram.)—The famous Prime-Guest case was disposed of by the supreme court today, but the public is to be denied the particulars that are furnished by a written opinion. The six judges were divided equally on the case, consequently no opinion was filed and the public is left in the dark as to the points upon which they failed to agree. As a result of this state of affairs the decision of the lower court stands affirmed.

The details of the case are well known. The trouble arose over the election for brigadier general of the First brigade of the Iowa National Guard held February 24, 1896. It was determined that no candidate received a majority of the votes cast and a second election was ordered to be held on March 25, 1896. The last election resulted in John R. Prime receiving a majority of the votes cast, and upon that announcement suit was brought in the courts to compel the issuance of a certificate of election to James A. Guest, on the ground that he had been duly elected at the time of the first election. On January 9, 1897, Judge Spurrier of Polk county district issued an order of mandamus directing and commanding defendants to re-canvass the result of the election held March 25, 1896, and to count for each of the respective candidates for such office of brigadier general all the votes appearing by the results to have been cast for such candidates, including the previously rejected, and to issue a commission in accordance therewith in due form as prescribed by law. From this action of the lower court an appeal was taken, with the result as already described.

The effect of the decision will, in the opinion of military circles, make General Prime colonel of the Fifty-third Iowa volunteers.

The record of the supreme court shows the case of Ford against Dunmore from the Fifteenth district to have come to the same end as was reached by the Prime-Guest case today. It too, resulted from a contested election, the supreme judges became deadlocked as to the merits of the case. No written opinion was filed and the decision of the lower court was allowed to stand.

The district court has appointed it. Layman receiver for the M. Riegelman & Company, which failed for \$100,000 here last week and has appointed Hon. Riegelman manager. Riegelman was first appointed receiver by the court but was removed upon the petition of large creditors. Now the creditors have protested against his being made manager, as they claim that he is not qualified to manage the business.

An order was issued in the district court today commanding the famous Dealey Smith to appear in court next Thursday for retrial on the charge of murdering her husband. In the original trial she received a life sentence, but after serving several years the supreme court ordered a new trial. Cora Smith, her daughter, who after her mother had served several years, confessed to the murder and is now serving a life term for the same crime. It is ordered to appear and testify. When Cora confessed she was living in Omaha and was in one of the sporting houses.

The Fifty-second Iowa, Colonel W. B. Humphrey commanding, left for Chickamauga today. The first battalion left on the Chicago, Burlington & Quincy, the second on the Great Western and the third on the Milwaukee. All go through Chicago. The companies in the regiment are: A of Mason City, B of Perry, C of Webster City, D of Hampton, E of Hull, F of Algona, G of Fort Dodge, H of Sioux City, I of Boone, K of Emmetsburg, L of Sioux Falls and M of Cherokee. The special trains were run out to the camp grounds at Camp McKinley and the going of the troops was attended with no special demonstration. Before leaving the men were paid in full for their services to date, \$16,706 being required.

In the town here the damage done is summed up in signs blown down, light buildings overturned, tops of shade trees twisted and broken, a few empty cribs were wrecked, trees broken down and a few buildings moved a little. In the east and northeast the storm spent its strength, totally wrecking two large barns, moving and twisting several others, and a Mr. Vollen's dwelling was torn to pieces.
