We sell more shoes than any three shoe stores in Omaha combined. A visit to our shoe department at any time and the crowd you see buying shoes will convince you of these statements.

LIGHTING THE CITY HALL

Electrician Schurig Has His Plans for the Work Well Matured.

MATTER WAITS ON LOBECK'S COMMITTEE

General Sentiment in Favor of Having the Municipal Building Given Its Gala Dress Without Further Delay.

Nothing has yet been done in the matter of lighting up the city hall during the exposition. Electrician Schurig has been too busy to push the matter and Lobbeck's committee on public property and buildings has not taken a step yet toward doing anything in the matter.

The general sentiment about the city is that the local government ought to get to work in view of the fact that the court house and other buildings are being put into shape for illumination. It is figured that the city will fix up the city hall during carnival week, anyway, and that the cost of putting the globes in position now and keeping them there throughout the exposition would not call for much more expense. It would not be necessary nor desir-

irable to have the building lighted up each night, but it would be nice to do so on holidays like the Fourth of July, when big crowds of people will be in the city, and when large conventions are held.

City Electrician Schurig says that the expense that would need to be incurred for this comparative permanent display would not be much greater than for installing the lights for the one carnival week. There would be little, if any, necessity of getting more wiring, as there is plenty on hand, although probably a somewhat larger amount of money would have to be used for labor.

The city electrician has a plan of illumination ready in outline. The display will be somewhat different from that of last fall and will bring the architectural features of the building into greater prominence. Among other things, the tower will be outlined and the figure of liberty over the main entrance will hold forth a big electrical torch.

Receipts from Licenses. The month of May proved to be in the nature of a record breaker in the revenue received from licenses. According to the monthly statement of City Clerk Hight the money received from this source was \$2,375.84. Of this amount some \$1,300 came for permits for theaters, exhibitions and other things of the same character. April was a bigger month in dollars and cents, the amount received being \$3,525.40, but

\$1,500 of this was received for dog tags. Last month only 198 tags were issued, so that the receipts for licenses really overshadowed April. A year ago the receipts for May were only \$685.42.

Preparing the New City Jail. Work upon the transformation of the old Dodge school into a city jail building is going on and it is expected that it will be completed to permit the installation of the police department in it on the 1st of next month. The Board of Public Works will probably advertise for proposals for the installation of the plumbing and heating apparatus during the first part of the coming week.

The question of a barn is also to be solved in the near future. The city council considered all the proposals sent in too high and rejected them with an order for the Board of Public Works to readvertise for a structure not to cost more than \$2,000. Plans and specifications for the building are being drawn now and will be placed in the hands of Secretary Coburn next week. Advertisements for proposals will be issued immediately thereafter.

Mayor Moore and the Compromise. "What will Mayor Moore do with the Bolla bondmen's proposition to settle with the city for \$25,000?" is the subject of considerable conversation about the city hall these days. At its last meeting the council decided to accept the settlement. Mayor

Moore declares that he himself is undecided yet just what to do with it, although he has given the matter considerable thought.

No protests against the acceptance of the proposition have yet been received. The matter was to have been finally decided a couple of weeks ago, but it was left over for a week to allow any objectors against it to make themselves heard. No one appeared before the council to fight the settlement, however, and no one has spoken to the mayor since the matter reached his hands.

Will Reappoint the Employees. On next Tuesday night Mayor Moore will send to the council the names of the present custodian, janitors and elevator conductors in the city hall for reappointment. This is necessary under the new ordinance which went into effect June 1 and increased the wages of this class of city employees. Mayor Moore has also instructed the whole band, including the custodians, to provide themselves with uniforms of blue with brass buttons.

Mortality Statistics. The following births and deaths have been reported to the health commissioner within the twenty-four hours ending at noon yesterday.

Births—Aaron P. Brady, 2751 Meredith avenue, a boy; Charles L. Shoek, 1120 North Eighteenth street, boy.

Deaths—C. E. Atterbury, 1516 Howard streets, 23 years, Bright's disease; infant

child of Michael and Nellie Murphy, 5142 North Sixteenth street.

O'Brien Memorial. The committee of the local bar that was appointed to draw up resolutions of regret on the death of the late George M. O'Brien and sympathy to the deceased's family has postponed its report for one week. The report was to have been made to the court on Saturday, but Chairman William F. Gurley said that it had been deemed best to have the matter go over for one week.

Ransacker Doyle's Room. Thieves effected an entrance to the rooms of Peter Doyle of 1716 Davenport street and stole a watch and chain and several other articles of jewelry. A number of other articles of value were packed by the thieves in a sack, which, however, they left behind, evidently having been frightened off before they could complete their work.

A Narrow Escape. Thankful words written by Mrs. Ada E. Hart of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth I would meet my absent one above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles see at Kuhn & Co.'s drug store. Regular size 50c and \$1.00. Guaranteed or price refunded.

WORKING OFF OLD WATCHES

New Swindle Brought to Light by the Arrest of One of the Operators.

An unwise method of swindling by means of a pawn check and the connivance of a pawnbroker was brought to light this morning by the arrest of a rustic looking man, who gave the name of John Williams. The prisoner was arrested for obtaining money from Charles Bookman, a chance acquaintance, by fraud. The method employed by the swindler is this: A sharp, keen man dressed as a farmer is employed by a pawnbroker to go about the city with a bunch of pawn tickets supposedly representing pledges for watches valued at from \$25 to \$100. This man selects a prospective victim and tells him a story of ill luck. He exhibits a pawn ticket for a very valuable watch which he will sell for \$1. The victim is in pawn for perhaps \$10. The watch hurries to the pawnshop to redeem the watch. Here is where the pawnbroker comes in for his share of the transaction. Upon presentation of the pawn ticket, which, of course, is a bogus one, the pawnbroker hands out an antiquated timepiece that it not worth 25 cents.

Five of these pawn tickets are said to have been disposed of by Williams yesterday. The pawnbroker he is said by the police and Bookman to be working with is George of 111 North Sixteenth street. Gross

methods were ordered investigated further by Police Judge Gordon.

The watch which Bookman redeemed for \$8 he said was not worth a package of cigarettes. After he had thoroughly examined it, he said he took it back to Gross and demanded his money back, and the latter after much conciliatory talk surrendered the money.

FINDS DIETRICH NOT GUILTY Jury Returns a Verdict Acquitting Him of the Charge of Maintaining Gambling Picturs.

In the case of the State against G. H. Dietrich, proprietor of the Diamond, charged with setting up and keeping gambling fixtures, the jury has returned a verdict of not guilty.

The verdict in the case raises the question of who will account for the \$500 that has disappeared. When the Diamond was raided by the police some \$1,100 was taken, a portion being secured from a private debt belonging to Mr. Dietrich. Of this money Chief Gallagher of the police force, without any orders from Dietrich, turned \$500 over to Frank Ransom.

Get a map of Cuba and get the best and most complete. The Bee's combination map of Cuba, the West Indies and of the world, with a Bee map coupon, on page 2, cents, at Bee office, Omaha, South Omaha or Council Bluffs, Mo. Price 14 cents. Address: Cuban Map Department.
