

FRUITS OF WESTERN ENERGY

The Exposition as Viewed by Correspondent from Other Cities.

STRIKING FEATURES OF THE GREAT SHOW

Visions of Beauty That Delight the Eye, Charm the Mind and Enchain the Beholder. A Painter for New England.

If a visitor desires to be extremely delighted at the Transmississippi Exposition he can turn away from the more or less stereotyped exhibits of machinery and agriculture and horticulture and seek the picturesque side of this wonderful show.

A general sun and a clear, limpid sky made the waters of the long lagoon sparkle with silver and gray-green hues, as I passed down a noble flight of steps to a water landing and entered a gay-colored gondola.

One can easily imagine himself in Venice as he reclines in a gondola rowed by a gondolier, and glides smoothly down this grand canal. Along this waterway the landscape is so beautiful that the architect have reached their highest point of artistic effect.

One can traverse this lagoon for an hour in continual delight, for the opening moment and every gentle turn of the gondola beneath arching bridge or jutting revetment opens up in any direction new and interesting vistas of architectural beauty.

There are few things quite as large, but the one grand view from the Court of Honor to the Administration Building is a masterpiece of architecture.

CHINA'S TROUBLES GROWING

Power Take Advantage of Riots to Press for More Favors.

NEW COMPLICATIONS WITH JAPANESE

Russian Makes Demands for Further Concessions in the Liao Tung Peninsula—Presses a Claim.

VANCOUVER, B. C., June 9.—Oriental advisers are to the effect that China and Japan are having trouble again. Complications have occurred in China, one after another, and now the Japanese consul at Shanghai has been burned down.

Shanghai, where the riot occurred, is one of the ports opened to foreign trade under the Japanese treaty of 1858, and was opened October 1, 1858. It is situated about fifty miles above Hankow.

France has demanded from China an indemnity of 30,000,000 taels, the erection of a church as a memorial, and extension of the railway from Nanning in Kwang province, to the coast of Kwangtung.

It is officially reported in mandarin circles that Russia has secretly demanded a lease of not only Kinchen, a few miles from Port Arthur, but also of Fuschoua Sul former city, further north on the coast.

The steamer Empress of Japan brings the following news from China and Japan: A riot in the Russian army, accompanied by a number of non-commissioned officers, has been engaged in a topographical survey of Hamg Yong and Kaitow, Corea.

It is reported to have committed gross outrages on women and children along the road. They murdered a Corvair and afterward proceeded to a police station and killed one of the sergeants.

From Hong Kong comes news that six blue jackets on the cruiser Bena Ventura have been attacked by plague. One man has died.

A private letter received from Yalung, in Tibet, says: The British soldiers they have heard nothing of the capture and killing of H. Savage Lander and say he must have fallen into the hands of a wandering tribe.

Edward Long was brought to this city Wednesday bruised and bleeding from an encounter with footpads in Nebraska City Tuesday night. The robbers secured \$24 and gave him a beating about the head from which he is still suffering.

Long is packing horse employes, and has worked during the winter in St. Joseph, Mo. A few days ago he lost his position, and collecting his savings, started in the direction of Omaha.

HOSPITAL SHIP A SUCCESS

Sick and Wounded Given Treatment Hitherto Unknown in Warfare.

WASHINGTON, June 9.—Surgeon General Von Reppen of the navy is back from a trip to New York, where he inspected the ambulance ship, the Solace, and saw the sick and wounded of the army and the naval Sampson's fleet, fifty-four in all.

The announcement of City License Inspector McVittie that he proposed to arrest every ticket broker doing business in the city without a license had the effect of bringing just one scalper to his office to take out the license required by the city ordinance recently passed.

The license inspector said he should call upon every ticket broker in the city some time on Thursday or Friday and notify him that he must take out a license or quit the business. Then if he did not comply with the ordinance he would make an arrest.

There is not perfect union among the ticket brokers, those who have been here for a number of years and recognized as leading members of the brokers' association not being inclined to hang together with those who have come into the city especially for the exposition business.

The sufferers, both sick and wounded, showed their delight when taken aboard the Solace. It is appointed like a modern hospital, with cheerful wards and every facility toward restoring health.

Dr. Von Reppen is gratified with the work of the Solace. It is a distinct departure in the care of sick or wounded and at the outset was looked upon as rather experimental.

General Manager Dickinson of the Union Pacific is in Chicago. Assistant General Passenger Agent Smith of the B. & M. is in Denver.

Messrs. Ten Broeck, Williams and Smith of the Union Pacific's passenger department arrived here on Thursday morning after a trip over the line with the passenger agents party of S. A. Hutchinson.

The Solace arrived at the Brooklyn navy yard last Sunday and transferred its fifty-four patients to the naval hospital at Long Beach, where they will remain until they are discharged.

About the only thing that the members of the city council seem to be looking after are sidewalk laying and paving. All other matters are apparently cleaned away and there is nothing new arising to require their attention.

ONE SCALPER TAKES LICENSE

Others Laugh to Scorn the City's Little Regulating Ordinance.

BROKERS AGREE ON ONLY ONE POINT Intention to Resist the License Inspector is the Only Thing They Hold in Common Just at Present.

The announcement of City License Inspector McVittie that he proposed to arrest every ticket broker doing business in the city without a license had the effect of bringing just one scalper to his office to take out the license required by the city ordinance recently passed.

The license inspector said he should call upon every ticket broker in the city some time on Thursday or Friday and notify him that he must take out a license or quit the business. Then if he did not comply with the ordinance he would make an arrest.

BROWNELL HALL TO REOPEN

Something About the Newly Engaged Principal and Head of the School.

Brownell Hall was closed temporarily a year ago. It is to be re-opened September 15, next, for the purpose it always has been used, a boarding and day school for girls.

Feeling that Brownell Hall is a part of Omaha, has added to give it standing and a good name, and it ought therefore to be a part of its prosperity and grow with its growth.

Mrs. L. R. Upton, who is to assume the duties of principal, has had much experience in organizing and conducting a school, and she has been in the west many years, though born and bred in the east.

There is not perfect union among the ticket brokers, those who have been here for a number of years and recognized as leading members of the brokers' association not being inclined to hang together with those who have come into the city especially for the exposition business.

The sufferers, both sick and wounded, showed their delight when taken aboard the Solace. It is appointed like a modern hospital, with cheerful wards and every facility toward restoring health.

EVERY DAY IS FLAG DAY NOW

Banners of All Sorts Greet the Eyes of Exposition Visitors.

Every day appears to be flag day in Omaha, and the threatening skies and occasional showers apparently have no diminishing effect on the display of stars and stripes, convention banners and streamers of the national colors.

There is not perfect union among the ticket brokers, those who have been here for a number of years and recognized as leading members of the brokers' association not being inclined to hang together with those who have come into the city especially for the exposition business.

The sufferers, both sick and wounded, showed their delight when taken aboard the Solace. It is appointed like a modern hospital, with cheerful wards and every facility toward restoring health.

CLOSING UP THE MAY TERM

Judges of the District Court Find Their Business is Almost Ended.

The judges of the district court have practically agreed upon the date of the adjournment of the May term of court. The members of the bench held an informal meeting with a couple of exceptions they dispersed to their homes.

There is not perfect union among the ticket brokers, those who have been here for a number of years and recognized as leading members of the brokers' association not being inclined to hang together with those who have come into the city especially for the exposition business.

The sufferers, both sick and wounded, showed their delight when taken aboard the Solace. It is appointed like a modern hospital, with cheerful wards and every facility toward restoring health.
