THOUSANDS OF LITTLE ONES IN EVIDENCE

Managers of the Big Show Have an Enthusiastic Party of Guests Who Make Thing Very Lively.

When the myriad lamps that turn night at the exposition into a yellow counterfeit of day flashed their yellow radiance over its massive domes and shadowy landscapes, they disclosed a tiny figure that reposed in the sheltered colonnade of a big building and nestled wearily against one of the white columns. A wee tot of a girl whose sleepy eyes had scarcely seen half a dozen summers and whose slight figure was scarcely perceptible until the bright electric glare brought it into relief. Her pretty frock was stained with dust, bedraggled with rain and crumpled with much jostling and elbowlen off and her abundant yellow hair was scattered carelessly against the white background of her improvised pillow. Her chubby face was streaked and furrowed with dust and perspiration, except where a pair of big blue eyes opened wide in surprise and admiration as the great buildings burst into light and the golden bars chased each other merrily across the water. Of all the fairy tales that she had ever heard, none had presented such a spectacle. The joy and weariness of the day were forgotten and the tired face brightened with childish rapture. But the soft strains of the violins floated seductively across the lagoon and the waves rippled a gentle lullaby that found tired nature a ready ally. The golden head fell back to the support of the ready pillow and the wearied lids fell slowly over eyes that could no longer resist them. She was fast nsleep when an almost hysterical mother finally found her and kissed her with unconcealed relief. "Oh, wasn't it just beautiful, mamma," she whispered sleepily and then she was hurried off to live the day over in happy childish dreams.

All Enthusiastic Visitors. She was just one of fully 10,000 children

who were the guests of the exposition yesterday. The other 9,999 were nearly as tired left the White City and its beauties behind It was the greatest day that hunruled the grounds all day and most of the evening and the exposition will never have more enthusiastic visitors. Every precaution had been taken to secure their safety and comfort and to give them an outing that would long remain a pleasant memory.

As the public schools were in session as usual in the forenoon it was not until later in the day that the chilvacant seat in some of the school rooms and many a truancy remains to be accounted for. They did not swarm as they did later audience. on, but they were there in groups and dozens and their merry chatter was in evidence in every building on the grounds.

At noon the schools were dismissed for been hastily disposed of the pupils were started for the grounds by the hundred. They swarmed over the motor cars and besieged the ticket sellers and gate keepers delight and enthusiasm as they came face boy. to face with its full ensemble was amusing to witness. The only thing that prevente them from being entirely happy was their inability to see the whole show at once But they saw more of it to the minute than the ordinary exposition visitor could comprehend in an hour. They fairly raced intervening pavements in double time. Nothing could arrest their progress for more than a few seconds, but even at that there was mightly little worth seeing that they did not notice during their rapid flight.

Crowding the Grounds. The Marine band concert in the Grand Plaza caught a few of them, but only for a minute. They applauded the music as ap-

preciatively as their elders, but they were altogether too busy to sit still and hurried on to see that wonderful Midway that they had heard their big brothers and sisters tell

When the rush of youthful visitors was at its heighth the main entrances were literally swamped. The motors could carry about twice as many children as they could grown persons, but it took just as long to provide them with tickets and get them through the gates. At 2 o'clock there were 200 children in line at the Twenty-fourth street entrance and fully as many at Sherman avenue. Most of the teachers accompanied their classes and assisted materially in keeping them in line and marshaling them into the grounds. by that time the main court and the adjacen buildings were literally inundated with children. All were clean and well behaved.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALI-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauscate. In order to get its beneficial effects, please remember the name of

the Company -CALIFORNIA FIG SYRUP CO. SAN PRANCISCO, Cal. NEW YORK, N. Y.

CHILDREN HAVE AN OUTING They raced through one building after another and it any of them stood still for more than ten consecutive seconds during the afternoon, it was not apparent. charged through the grounds not only in platoons, but in regiments and brigades and they never retreated. There was a good sized crowd of older people on the grounds too, and these were better entertained by watching the children than by seeing anything else about the exposition. There wa only one regrettable incident, but that didn' bother the children. Some misguided in dividual in an unlucky moment conceived the idea of advertising his goods by giving each youngster a whistle. Doubtless he was a well meaning man enough under ordinary circumstances and he may even be a church member in good standing. But on this occasion he played-well, something warm. Modern telegraphy isn't a circumstance to the rapidity with which the news that he was giving away whistles spread through

> the Arch of States. They Made Music.

In about thirty seconds every child on that some mother had made white and dainly parently they all crossed the wire at the the delegates who are returning from the had more business on his hands than a association. People to business requiring early consideration stopped their ears, but the discordant The routine reports of committees will be diapason could not be evaded. In fifteen minutes a couple of hundred of them went crazy and even Vesta. Hebe and the other sculptured ornaments of the court shivered brough all their undraped limbs before the frightful tumult. It could neither be hushed or evaded, and the exhibitors and others who had no way of escape organized a vigil nce committee with the avowed intention of seeking out the author of their misery and visiting him with proportionate retribuion. But he had disappeared after perpetrating his fiendish purpose and the closest search failed to discover his identity. He left no clue behind him but 10,000 whistles that shricked and screamed and sputtered in one rasping, squeaking, infernal sym-

The formal exercises in the Girl's and Boy's building were announced to begin at 2 o'clock, but fully half an hour before that ime every nook and corner in the building was filled with a diminutive specimen of Young America, the diminutive specimen, in turn, being filled with bubbling enthusiasm which found vent in shrill calls, screeches, and fully as happy when they reluctantly howls, whistling, pounding and every other form of noise known to mankind. The racket was enough to make Pandemonium hide its dreds of the little ones had ever seen. They head in shame and all the efforts of the teachers scattered here and there through the crowd to still the noise were fruitless. The lower floor was filled with chairs and these were quickly seized and the galleries on the second and third floors were packed by the children and their teachers.

About 2:30 o'clock Mrs. Keysor, chairman of the meeting; Mrs. F. M. Ford, secretary of the Woman's board; Mrs. T. L. Kimball, dren arrived in full force. But judging by vice president; Miss Rene Hamilton and the number that were on the grounds in Miss Margaret Read, representing the the morning there must have been many a schools, and President Wattles of the exposition mounted the platform and efforts were made to secure the attention of the

As soon as quiet was restored Mrs. Key sor lost no time in introducing President Wattles who said he would not detain the children by a speech when he knew they the day, and after the mid-day lunch had would prefer to roam about the grounds and ee the many interesting sights on every hand. He advised the children to induce their parents to allow them to visit the exposition frequently to acquire the education by battalions. The turnstiles revolved all which was to be had by a careful survey of too slowly to suit their eager anticipations. the many beautiful things in the buildings. but once inside, they were turned loose to He expressed the hope that the children romp over the grounds without restraint, would enjoy the building they had helped Many of them had only caught glimpses of to erect and recalled his own school days by room of the old federal building. Presithe exposition from the outside, and their "reciting a piece" he had learned when a

Mrs. Keysor followed President Wattles. relcoming the children to the building they had assisted to erect. She called the attention of the children to the fact that while they had done nobly in contributing their through the main buildings and covered the pennies to the fund for the building, if the exposition had not come to the rescue i ould have been impossible for the building to have been erected. The contributions of the children had amounted to only about \$3,000, while the building represented an expenditure of \$19,000. Mrs. Keysor also called attention to the pictures which adorned the walls and said these were to be donated to the schools for their contribuions to the building fund.

Miss Rene Hamilton, principal of the central school, replied to Mrs. Keysor on behalf of the schools, expressing the appreciation of the teachers and pupils for the results which had been produced through the efforts of the Woman's Board of Managera.

Miss Margaret Read played a brief selecion from Rubenstein and Virginia Merges, a diminutive sprite, told about the horrors of "Seein' Things at Night." Her manner was entirely free from the mannerisms which make the average school declamation a thing to be dreaded. Her rendition was happy and appropriate and the audience applauded vigorously.

Gertrude Smith, one of the family of nusicians of which Omaha has heard so much recently, sang "Springtime" by Pinsuti in a very captivating manner.

Lois Dorward, another youthful prodigy, gave a humorous illustration of the manner in which a young lady prepares to accept an invitation to drive with her best young man. She was applauded until she was compelled to respond to an encore.

Maud Huston, the smallest of the small performers, recited the story of a mischievous bey hiding under the sofa in the parlor where his sister was entertaining her best beau. She was especially captivating and was compelled to respond with another reci-

tation. This concluded the program and the crowd dissolved in the midst of a commotion that threatened to dislocate the roof.

Montgomery Ward & Co., Invite the Children.

Wednesday, June 15, the children of the ublic schools of Omaha will visit the exposition. While we do not solicit trade from residents of Omaha and do not care for it the days are fresh in our memories when we were school children, and we know and appreciate things which please their young hearts. We, therefore, extend to the chil dren and those who accompany them an invitation to make our building their headquarters during the day mentioned, and to enjoy the entertainment we will offer them, including a ride in our beautiful electric norseless carriage. Children bring your unches with you. You can eat them in our building. We have plenty of room, many at tendants and our aim will be to make the day an enjoyable one for you.

MONTGOMERY WARD & CO. Pennsylvania Commission Named. Governor Hastings of Pennsylvania has notified the exposition management of the appointment of the following exposition ommission to represent the interests of that George Nox McCain, C. S. Dverholt and Thomas Bradley, Philadelphia; Dr. F. C. Johnson, Wilkesbarre; J. H. Zerbey, Pottsville; Livy S. Richard, Scranton; George M. Wanbaugh, Thomas MacDowell Jones, Harrisburg; W. H. Swartz, Altoona; T. Liv- the Treasury department, will be in Omaha ingston Kennedy. New Brighton; Thomas J. on Illinois day, June 21, and will be one Keenan, jr., Pittsburg; James C. Deininger, of the honored guests at the Illinois Harrisburg; L. O. Nissley, Middletown.

NEW CONVENTIONS FOR TODAY

Gatherings Which Will Assemble for Annual Deliberation This Morning.

NEBRASKA DOCTORS PLAN A BIG TIME

Thirtieth Annual Meeting of the State Society Has a Large Attendance-Rallway Postal Clerks Expeet Much Work.

The thirtieth annual meeting of the Nebraska State Medical society convenes roday at Thurston Armery hall and in many respects it is expected to prove a notable infantile brigade from the Midway to session, judging from the number the local committees count on entertaining and the number of well known speakers there are on the program to discuss all branches of the sciences of medicine and surgery. What the grounds was entered in a free-for-all will contribute in no small measure to the race to the building where the ear-splitting success of the convention is the fact that abominations were being distributed. Ap- Omaha will catch a generous proportion of same time and for the next hour that man | Denver meeting of the American Medical

President Willson O. Bridges will call the t would do the most good. The effect was the opening session will be devoted strictly heard and at 2 o'clock in the afternoon the first of a series of papers on special subjects will be read and considered. Dr. M. H. Garten of Lincoln will preside as chairman and will lead the discussion of the subject "Ophhalmology and Otology." In the evening the resident will deliver his annual address, reviewing the work accomplished by the soiety and recommending the encouragemen every possible way of the effort of the sacciation at promoting the welfare of the oublic health.

> Wednesday evening the session will be devoted to the new business for the ensuing year and officers will be elected. The seciety will adjourn at noon Thurs

lay and will be the guests of the Omaha Medical society during the afternoon and evening. Instead of a banquet the society will be tendered a complimentary admission to the exposition and in the evening to a concert by Thomas' orchestra. After the concert the society will enjoy a "smoker" and refreshments,

Among the notable guests of the convenion today will be Joseph M. Mathews of Louisville, the newly-elected president of the national society. Dr. E. F. Ingals of Rush Medical college, Chicago, Henry O. Marcy of Boston and the eminent physician Hobart Amory Hare of Jefferson Medical college, Philadelphia, who will deliver ad freases that will be features of the session It is said that most of the Philadelphia these are to be in Omaha on their return

homeward. At today's session the morning hour will oon a number of interesting papers on echnical topics will be read. In the evening Dr. Bridges, president of the association, will make his address and Dr. Henry O Marcy of Boston will present an illustrated lecture on a problem of practice.

RAILWAY MAIL CLERKS' MEETING onvention Opens Today and Will Continue During the Week.

Most of the delegates to the meeting of the National Association of Railway Mail Clerks arrived in the city yesterday. The ssociation will begin its business meetings this morning at 9 o'clock in the court dent C. L. Shaffer of Chicago, Secretary G. A. Wood of Boston and the following named members of the executive committee net in executive session yesterday: M. G. Prentiss, Brewer, Me.; N. L. Harrison, Hornellsville, N. Y.; J. A. Warren, Pawpaw, II.; P. A. Blake, San Francisco; August Bindeman, Elyria, O.; W. F. Coffin, St. Paul, Minn.; E. D. Rutledge, San Antonio, Tex. The meetings of the executive committee were devoted largely to reports and work of organization for the regular business essions. W. F. Fry of Winona, Minn., George A. Wood of Boston and J. F. Jones of Columbus, O., who were appointed a the last national meeting in Philadelphia as a committee to look into accident insurance, made their report to the executive ommittee and one of the principal matters to come up before the present meeting is the organization of a mail clerks' mutual eccident insurance company.

The business sessions of the association will continue throughout today and tomorrow. Tomorrow night a banquet will be given the visitors at the Dellone and on Thursday the members of the association will visit the exposition in a body.

## NEBRASKA'S OWN DAY

(Continued from First Page.)

ample staircases, and from this level a fine view is obtained of the surroundings. Opposite the main entrance is located the checking room and postoffice, while at either side the rooms adjoining are arranged en suite, those on one side being assigned for use as women's parlors and lunch rooms. On the other side are located the gentlemen's quarters and commissioners' office.

Money for the building and also for the fine state exhibits in the Agricultural and other main buildings was collected in the various counties of Kansas on the promise of Governor Leedy to recommend to the next legislature that the counties should be reimbursed.

The program for the dedication cerenonies, which will begin at 11 a. m. at the Kansas building on the bluff tract, is as follows:

First Call..... Reveille
...Boys First Regiment Trumpet Corps
Reunion Quick Step.

Governor Tanger and Staff May Banquetted at the Exposi-tion Grounds.

The executive committee of the Illinoi: lub met yesterday, afternoon in the Commercial club pariors to complete arrange-ments for the entertainment of Governor Tanner and other prominent Illinois people who will be here on Illinois day. Preparations had been made to entertain Governor Tanner and his staff, together with other well known men who will attend the exposition at that time, at a banquet to be branch of the exposition regarding the out given in the rooms of the Commercial club come of the efforts being made to secure the on the evening of June 21. The exposition retention of the Marine band at the exposidirectors have planned to have special fire- tion for a longer period than the two weeks works and other features of particular in- originally allowed was ended about noon terest at the grounds on that night and yesterlay by the receipt of the following through E. Rosewater and Major Clarkson telegram from The Bee's special Washington they asked that the banquet be given in one correspondent: of the restaurants on the grounds in order to have the party on the grounds in the barracks, evening. Most of the members of the executive committee favored this change in arrangements and the matter was referred to a committee composed of Messrs. Taylor, Payne and Benedict who will look into the matter and report to the whole committee tion grounds as soon as it was received, and time his stock was successfully placed where meeting to order at 10:30 this morning and Postmaster Martin at 3:30 Wednesday aft- of the band who happened to be on the

Armour Thinks the Exposition is

All Right. Philip D. Armour, the most successful merchant that this country and probably the world has ever produced, not only subncribed liberally to support the project, but has been one of the first to arrange a very reditable display of his firm's specialties, hich is certain to be of great interest to thousands of visitors. At this exhibit, located in an attractive booth of Moorish design on the main aisle of the Manufacturers building, can be seen artistically arranged a full line of canned meats just as they are out on the market. The newest thing among hese being their celebrated star ham, nicely sliced ready for the frying pan or broiler. The beef extracts of the Armour Company

are well known all over the world and are everywhere recognized as standard. Considerable space in the exhibit is devoted to delightful. these goods and to Vigoral, a specialty that the Armours are widely advertising, and the Armours are widely advertising, and which is certainly worthy of more than passing notice. Vigoral is beef extract combined with the powdered fibre of prime beef and is designed for a refreshing drink that is not only a stimulant but a nourishment for the over-taxed nervous and muscular system, and is wonderfully invigorating to the brain worker. We are informed that extracts and Vigoral will be served free dur ing the exposition as well as several other specialties

In the center of the exhibit is a handme showcase filled with neatly arranged samples of special preparations of the Armour laboratory, which will be of engross ing interest to the drug trade and medical

On an artistically arranged pyramid are delegation of seventy members will stop displayed an extensive line of glues, isin-over here today. There were seventy-seven glass, curled hair, bristles and bones. These Iowa doctors at Denver and nearly all of are finished products ready for the furniture these are to be in Omaha on their return manufacturer, the mattress maker, the brush manufacturer, the button maker and the cutler. We understand many of these polished bones are exported to be given over to the routine business of other countries and returned here in the opening, receiving reports, etc. In the after- shape of carved ivory, and one can easily credit this after examining the samples on xhibition

Of special interest to the farmer will be the full line of fertilizers, and information can be obtained as to what is best adapted to any particular soil. The farmers' w will be interested in the poultry foods. There is also displayed a fine assortmen

of what is known as harness and saddle ads and saddle blankets made of felt, the Armour Felt Works being a recent addition to this mammoth plant.

The Armour Soap Works has a small but eat display of their soaps and washing ompounds. In fact, although there is very ittle of what are generally known as pack-ng house products in evidence, some portion of the display will be of interest to every isitor, and a picture of the new million dollar packing house, now nearing completion at South Omaha, which hangs over a pork and beans sign, should be of particular nterest to Omaha visitors, and in fact to he stock raisers of Nebraska and the trans mississippi region, as it speaks for a suessful business man's judgment of the ure of that great section. It will be nost complete packing house in the world and by the 1st of August will give employment to upwards of 2,000 men. We are told exposition visitors will be given passes through the plant at an early date. Bee wishes the new undertaking every suc-

Dig Organ Arrives. The big organ for the Auditorium has arrived and the work of putting it in position will be commenced at once. The men who are to do the work of assembling the numerous parts which go to make up the big instrument have been in the city for the last two or three days awaiting the arrival of the shipment of boxes containing the pipes and other portions of the organ.

Visit the "Home Restaurant," second floor Girls and Boys' biulding, exposition grounds. Prices reasonable.

RECEPTION BY THE ALUMNI Graduating Class of the Omaha High

School Entertained Pleasantly

at Metropolitan Hall. The annual reception of the alumni of the Omaha High school to the graduating class occurred at Metropolitan hall last night. It was a pleasant affair and gave opportunity for the reunion of many old classmates. The

dance program was preceded by a short business meeting at which Howard Kennedy, president of the Alumni association, pre sided. The following officers were elected for the ensuing year: Dr. Frederick F Teal, '94, president; Miss Herberta Jaynes, '98, first vice president; Miss Josephine Hart, '96, second vice president; Miss Jeanette Douglas county is progressing very slowly. Gregg. '93, secretary; James L. Houston, jr., In the latter case the managers have planned 93, treasurer. Harry Tukey, '97, and Fred McConnell, '86, were appointed as the executive committee. Dancing occupied the remainder of the evening and refreshments were served in the hall down stairs. About

200 were present. Free Pills. Send your address to H. E. Bucklen & Co. Chicago, and get a free sample box of Dr. King's New Life Phils. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constination and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every dele-terious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomah and bowels greatly invigorate the system. Regular size 25c per box. 20.1 by Kuhn & Co. Druggiziz.

PLANS MADE FOR ILLINOIS DAY Extension of Its Leave Granted by the Washington Authorities.

> HELPS THE EXPOSITION PRESIDENT

Request for an Additional Week of the Pand's Time is Acceded to and Omaha Will Have More Good Music.

The suspense which has pervaded every

Colone) Hayward, commandant of Marine barracks, issued orders this morning upon advice of President McKinley, extending the time of the Marine band one week at Omaha, or until June 22. Senator Thurston obtained the sauction of the president to this extension this morning.

This news was telephoned to the exposi-

at a meeting to be held at the office of word was at once conveyed to the members grounds. There was great rejoicing on the part of the exposition officials and the members of the band. The former quickly conveyed the information to all parts of the grounds, and the expressions of gratification and pleasure voiced on all sides was simply an earnest of the strong hold which the Marine band has gained on the affections of the people of this vicinity during the two weeks it has been here. The members of the band were showered with expressions of congratulation by the overjoyed people and the band boys were more than pleased at the cordiality with which the news was received. They have been regretting the necessity which threatened to compel them to return to Washington just at a time when they are getting well acquainted with the city and when the weather promises to be most Director Santlemann dropped into The Bee

office shortly after the telegram in question was received and he was delighted with the prospect of remaining in Omaha for a few "We are more than pleased days longer. Santlemann, "and the members of the band will be delighted at the news. We are growing very fond of Omaha and will regret leave here. Our stay has been very pleasant and the people seem to appreciate our music. We shall be sorry to leave when the time comes, but this short extension is very welcome. I only express the sentiments of all of our men when I say that we thoroughly appreciate the sentiment beneath the efforts which have been made to ecure a longer leave for us.

Esposition Notes. Superintendent R. S. Berlin of the Agricultural building has provided two rows or handsome flags to add to the interior deco-

Many visitors from over the state arrived on the regular trains last night in order to avoid the crowds that will come in this morning on the excursions. After the banquet, following the public

exercises, Governor Silas A. Holcomb will visitors for an hour or so in his suite of rooms in the Nebraska building. The York Glee club of twenty splendid singers will arrive in Omaha this morning on an excursion from York. The club will furnish music during the "Nebraska day" exercises.

Work has begun on the Oklahoma state exhibit. The material has been on the grounds for some time, but the installation was delayed on account of a technicality in Montgomery Ward & Co.'s horseless car-

riage was well patronized by the children vesterday. They would have been contented to have done nothing else than to have rid- absorbing it. The attendance is increasing at a rate that has compelled the Admissions department to increase its force. Five additional ticket

sellers and twelve gate keepers were put on this morning and the entire shift will be worked tomorrow. The fire department was called out Sunday night at 12:30 o'clock by an alarm which turned out to be a false one. The

janitor of the Dairy building went to turn what he thought was the electric light button, but instead proved to be the fire alarm A number of barrels of ice water have en distributed around the grounds to the decided comfort of visitors. Previously the thirst could only be quenched by a financial consideration, but now there is an abundance of good water to be obtained without

Among the many excursionists to arrive in Omaha this morning to assist in the suc cess of Nebraska day will be the Ladies enders of North Platte. The cadets will give drills both this afternoon evening in the assembly room of the state

The first prostration by heat occurred yesterday afternoon, S. O. Campbell of East Peru, Pa., a gentleman of 60 years of age, was prostrated. Mr. Campbell is an exhibitor of a gate on the north tract. So twenty other patients were treated at the

Emergency hospital. Some 300 of the school children were give free admittance into the Great Wild West show in the afternoon by Mr. Mattox, the proprietor. The little codgers stood around on the outside without a penny in their pockets and as fast as a crowd of ten or twenty would gather, Mr. Mattox would rush them past the gatekeeper into the grand stand.

A dozen of the state exhibits in the Agricultural building are now complete. Two so many elaborate effects that the task of working them out requires more time than was anticipated.

A typographical error in The Sunday Beempted to make the reader believe that the handsome electric carriage that has been brought to the exposition by Montgomery Ward & Co. was manufactured at a cost o \$3. The printer dropped the three ciphers which would have indicated the actual cost, which was \$3,000.

One little boy, who was walking along west midway intent on the manipulation of the Shoot the Chutes, ran against a pipe protruding from a plumber's wagon, striking him in the face in close proximity to the eye. The result is a bad cut and the little follow was carried to the hospital, where he received treatment. The driver of the wagon received a rebuke from a guard for letting his wagon stand out in the street in such a manner as to injure people

AT THE EXPOSITION.

ATTENTION is called to the magnificent exhibit of these goods in Space 134, Main Aisle, Manufacturers' Building.

Special for Children on Children's Day, June 15th.

Every girl between the age of five and ten years, accompanied by parents, will receive a present of a

Handsome Doll's Corset.

...AMUSEMENTS...

Neither the people of Omaha nor those

who came to attend the exposition are going

to suffer from lack of amusement features

this summer. Last evening witnessed the

opening of another place designed to aid

in this laudable endeavor. The Trocadero,

in which it is proposed to present to the

public high class vaudeville, was formally

pened to the public with an entertainment

which filled the promise of the projectors of

the enterprise. It was a cosmopolitan audi-

nce upon which Mayor Moores looked down

when he stepped forward and delivered a

happy little address as a curtain raiser. It

was evident that the people were deter-

nined to enjoy themselves if given half a

chance and it would be no straining of the

measure to say that they had full oppor-

unity. The audience was representative of

about every class. The society woman was

there to have an evening's pleasure free

from the more formal air of the more staid

places of amusement: the business man was

here in the endeavor to forget for a time

in the charm of catchy songs, clever char-

actor sketches and airy dances the cares

and troubles of the day; the laboring man

and his wife were there to find relaxation

from the toll which wearies both body and

mind, and if they didn't succeed the fault

There were nine numbers on the program.

representing pretty near the entire run of

vaudeville and concert hall, and it was what

the managers had promised-a clean per-

ormance in clean, pleasant and comfortable

urroundings. To those who wish to pass

pleasant evening the Trocadero offers

There is nothing so refreshing as Cook's

mperial Champagne. It's pure, healthy

## HEARD ABOUT TOWN.

Standing six feet two, with massive frame, derce military moustache and piercing gray Sath Bullock, one of the captains in York; J. C. Campbell, Clay Center; Frank eyes, Seth Bullock, one of the captains in Grigsby's Rough Riders, otherwise known as the First South Dakota volunteer cavalry, was the center of an admiring group at his land; R. Woods, Anna Hickenlooper, Mrs. J. hotel yesterday. All commented on the bronzed and weather-beaten cavalryman's Broken Bow, C. E. Spaugh, Surprise; John fine soldierly appearance. Bullock is a typi- O. Cook and wife, Beatrice; Jay Wishten, al cavalry officer. Captain Bullock is en Grand Island: T. B. Hood and wife, Central City; Frans Nelson, Hartington. route to his home in Deadwood, S. D., for brief farewell visit to his family before leaving with his command, now at Chickamauga, for the invasion of Cuba. The captain at home is one of the most prominent hardware merchants in the Black Hills and he is also largely interested in mining. He was one of the first settlers of Deadwood and is one of the few remnants of that hardy band who forced their way to the then Golconda, in 1875. Some idea of the stuff the captain is made of can be seen in the fact that he was the first sheriff of Lawrence county, of which Deadwood is the ounty seat. In those day's the fee he had o face was worse than the half-starved sickly Spaniards he is soon to lead his men against. The captain is loud in his praises of Omaha and the great exposition and regretted he could not spend more time in
