

The Goods We Sell

The prices we sell them at—and the way our polite sales-people sell them—makes us many new friends each day.

New Summer Petticoats—

Dainty lawn petticoats for summer wear—yesterday—they are unusually pretty.

The Rapid Hooks and Eyes—

Mme. De France of New York is with us this week. She will demonstrate the superiority of this hook and eye over all others.

Notions—Belts and buckles.

In plain leather belts our line is immense at 25c, 50c, 75c and \$1.00. Several very pretty new things are shown in leather, with fancy buckles.

Colored Skirt Vests for this season for ladies' skirts.

25-inch wide, colors pink, light blue and brown at 25c per yard.

Women's Summer Gloves—

Fabric gloves are ready. They are in good form, yet cooler than other gloves.

The Kayser Patent-Finger Silk Gloves at 50c, 75c, \$1.00, \$1.25 and \$1.50 per pair.

We have one of the best summer gloves for driving and cycling.

Hosiery—Ladies' brown drop stitch hosiery.

with white polka dots—the latest pattern in hosiery—50c pair.

Children's fine ribbed Black Cotton Hose.

with double toe, sole and heel. 25c pair—would be good value at 35c.

Curtain Swiss—36 inch wide

At 10c, 12 1/2c, 15c, 18c and 20c per yard. 45-inch wide at 25c and 45c per yard.

Bed Clothing—Summer weight.

Cotton blankets. 11-4 white 70c per pair. 11-4 grey 75c per pair.

HOMPSON, BELDEN & Co.

GETS A SIGHT AT CERVERA

Naval Lieutenant Makes His Way Inland and Inspects the Fleet.

NO DOUBT ABOUT ALL BEING THERE

Admiral Sampson Has Little to Say Concerning Skirmish of Marines on Shore Near Guantanamo.

KINGSTON, Jamaica, June 14.—7 a. m.—

On Board Associated Press Dispatch Boat

Wanda, off Santiago de Cuba, June 13.—

The delay in the arrival of the transports is

ascribed here to a fear that after all Admiral

Cervera's transports might not be in

Santiago harbor.

Once for all Admiral Sampson decided to

settle this question officially, and he sent

Lieutenant Victor Blue of the gunboat Su-

wanee to investigate.

Lieutenant Blue landed on Saturday and

proceeded with guides to the hills overlooking

the harbor and city. He distinctly saw

and definitely located four Spanish armored

cruisers, and two torpedo boat destroyers.

He saw also three small cruisers or gun-

boats.

The results of his expedition he reported

this morning (Monday) to Admiral Sampson

on the deck of the flagship New York.

Lieutenant Blue traveled about seventy-

two miles, following the eastward line of the

city. He brought to the flagship a copy of

a Santiago paper, issued last Saturday, in

which complaints are made that the navy and

army are failing to distribute to the citizens

their proportion of the provisions remaining in

the city.

Lieutenant Blue's report has definitely

expelled the fiction that any of Cervera's

cruisers were in the Bahamas or in a position

to attack the transports which are now

confidently expected at an early date.

Admiral Sampson complimented him upon

his daring and successful mission.

Lieutenant Blue reported that skirmishing

continues in the hills around Santiago, be-

tween the Cubans and the Spanish. The latter

have been repairing the fortifications of the

city, as it is expected that Admiral Sampson

will renew the bombardment in anticipation

of a possible arrival and landing of

troops this week.

General Calixto Garcia had been expected

to arrive near Santiago and to report to

Admiral Sampson today, but it turned out

today that the information on which this

expectation was based was incorrect. The

whereabouts of Garcia are not definitely

known.

This morning four shots were fired from

Morro on the pickets at the entrance of the

mouth of the harbor. Captain Evans

went within two miles of the fort and

flushed his searchlight, whereupon the firing

ceased. The Iowa kept up watch until

daybreak. There was no further firing.

Today the Vesuvius arrived off Santiago

and it is confidently expected that its guns

will be used if an attempt is made to force

the passage of the harbor for the purpose

of exploding any submarine mines that may

exist.

WASHINGTON, June 14.—Considering

the Camp Thomas troops with the necessary

equipment for field service, and Colonel

Rockwell is exerting himself in the way of

equipping the men so that they may be ready

to leave for the front at a moment's notice.

Major Nye, who is in charge of the commis-

sary supply department, has seen on hand a

sufficient amount of provisions to supply all

the soldiers for thirty days.

A hard rain and wind storm played havoc

with many of the camps last night. Scores

of tents were blown down and men were

rushing in every direction seeking shelter.

Young trees in the park were blown down

and ruined. This morning men began work

early repairing the damage done and by noon

everything was in good shape again. The

regimental officers are taking good care to

see that tents are securely fastened so that

there will be no possibility of a repetition

of last night's incident. A steady rain this

morning caused all drills and maneuvers to

be abandoned.

All the New York volunteers and the

Eight Massachusetts will be paid before

the end of the week for the time spent in

the service of the states.

San Francisco Not Damaged.

WASHINGTON, June 14.—Word came to

the Navy department today from Com-

mander Leedy at Provincetown, Mass., that

the San Francisco has suffered no damage

through grounding yesterday. The Navy

department is a good deal relieved at this

report, for it was feared that some of the

rocks that abound on the New England

coast had severely injured the ship.

Earthquake at Memphis.

MEMPHIS, Tenn., June 14.—A distinct

earthquake shock lasting about two min-

utes, was felt here at 9:33 this morning.

CAIRO, Ill., June 14.—A severe earth-

quake shock was felt here at 5:30 a. m. ac-

cording to the report of Observer Smith of

the weather bureau it lasted ten seconds.

No damage was done.

"I DO MY OWN WORK."

So Says Mrs. Mary Rochlette of

Linden, N. Jersey, in This

Letter to Mrs. Pinkham.

"I was bothered with a flow which

would be quite annoying at times, and

at others would almost stop.

"I used prescriptions given me by my

physician, but the same state of

affairs continued.

"After a time I was taken with a

flooding, that I was obliged to

keep my bed. Finally, in despair, I

gave up my doctor, and began

taking your medi-

cine, and have certainly been greatly

benefited by its use.

"Lydia Pinkham's Vegetable Com-

pound has indeed been a friend to me.

"I am now able to do my own work,

thanks to your wonderful medicine. I

was as near death I believe as I could

be, so weak that my pulse scarcely beat

and my heart had almost given out. I

could not have stood it one week more,

I am sure. I never thought I would

be so grateful to any medicine.

"I shall use my influence with any

one suffering as I did, to have them

use Lydia E. Pinkham's Vegetable

Compound."

Every woman that is puzzled about

her condition should secure the sym-

thetic advice of a woman who un-

derstands. Write to Mrs. Pinkham at

Lynn, Mass., and tell her your ills.

AMUSEMENTS.

THE TROCADERO Cor. 14th

GULL'S CONCERT GARDEN

Southeast Cor. 10th and Davenport.

Attractions for week June 6th: Carrol

and Gardner, fun makers; Gilliland and

torpedo boat destroyer Terror was cap-

tured when she sailed, with steam up and

stores with coal, water and provisions. On

arrival at San Juan the Terror's boilers were

leaking. Repairs were made and some tubes

were fitted in the boilers. Captain Agrove

was very sure the damage was caused by

the bombardment by Admiral Sampson's

fleet on May 12. The forts were not injured.

One church had a hole in each end, where

a large shell passed through. The captain

said he visited all of the forts to see the

result of the assault, but could observe

nothing unusual. At the gateway of one of

the forts stands an unexploded American

shell, which is kept there as a souvenir.

There were in port the Alphonso XIII and

four of the old style boats.

NEW YORK, June 14.—The British

steamer Tyrin, which sailed from San Juan

de Porto Rico on June 6, arrived today.

Captain Agrove reports that the Spanish

torpedo boat destroyer Terror was cap-

tured when she sailed, with steam up and

stores with coal, water and provisions. On

arrival at San Juan the Terror's boilers were

leaking. Repairs were made and some tubes

were fitted in the boilers. Captain Agrove

was very sure the damage was caused by

the bombardment by Admiral Sampson's

fleet on May 12. The forts were not injured.

One church had a hole in each end, where

a large shell passed through. The captain

said he visited all of the forts to see the

result of the assault, but could observe

nothing unusual. At the gateway of one of

the forts stands an unexploded American

shell, which is kept there as a souvenir.

There were in port the Alphonso XIII and
