MARET COMES OUT AS A STATESMAN

Governor's Private Secretary Has Plan to Be Made Chairman of the Democratic State Committee This Time.

LINCOLN, June 15 .- (Special.) - The popplist leaders of Lancaster county are agreed that the scheme whereby their representation from this county was reduced is an out rage and that Edmisten in his capacity as chairman of the state committee has used the machinery of the party in an underhanded way to serve his own political ends. The local populists who were anxious to see A. H. Weir nominated for governor are especially exercised over the deal and are charging that the populist workers of Lancaster and Douglas counties are being practically distranchised by the Edmisten ma-

It has come to light that one of the plans mapped out for the fusion conventions is to make Benton Maret chairman of the democratic state committee. Just how much support there is back of this plan cannot be learned, but it is certain that work is being done in that direction. Maret came to this state strengly recommended as a Missouri democrat and a Kansas populist. In the latter state he was one of Jerry Simpson's lieutenants. In Nebraska he has managed to be both democrat and populist, or either, as the occasion required. It is well known that his present belief is that the fusion parties of Nebraska should all be junited under one name. Within the last year he has strongly advocated that idea.

What the Populists Sec. His ambition to become the chairman of the democratic committee for the coming year indicates his choice of a name for the consolidated party. Thus there are two elements opposed to giving Marct the coveted position. One is composed of the populists who object to having their organization swallowed up by the democrats. The other opposing element is within the democratic party, many having the idea that their state chairman should be a straight, dyed-in-thewool democrat. They do not want a Jerry Simpson populist at the head of the committee.

For a long time there has been complaint in the populist camp that Governor Holcomb was getting to be too much of a democrat. They said that in the contests for good places the democrats were being favored too often, to the exclusion and consequent grief of applicants belonging to other wings of the popocratic army. Now it is beginning to be charged by them that all along Holcomb has been a mere figurehead and that the Maret influence has been causing the trouble. It is even hinted now that there is an understanding between Maret and Edmisten whereby the two are to become almost absolute dictators of the fusion party, Maret now being willing to throw Holcomb last night. At least two overboard if necessary to make the sailing more smooth. In other quarters the existence of such a scheme is denied with an emphasis that is in itself suspicious.

Arrested for Horse Stealing. ASHLAND, Neb., June 15 .- (Special.) -- A ew weeks ago a sewing muchine agent giving the name of J. H. Sheldon commenced perations in the vicinity of Ashland. He left this city for Havelock, where he was married and started a bearding house. While ugaged in the business there he contracted good sized account at a grocery store, stipulating that the bill should be paid when the Havelock employes of the B. & M. repair shops, who constituted his boarders, should receive their pay. In the meantime he gave the grocer possession of one of his horses as security. When the time to liquidate the bill arrived, instead of settling Sheldon went to the stable, harnessed his horse and the grocer's together and left Havelock headed for Ashland, this occurring late last Friday night. The grocer discovered the theft and sent a telephone call for City Marshal Corwin of Ashland to be on the lookout for the horse thief. Saturday morning the outfit drove through the city going southeast to South Bend. Marshal Corwin and Policeman Ayers immediately struck the trail, but as the man had two horses and they had only one, he kept out of their reach. On arriving at the Bend they found that the man had crossed the Platte river bridge about twenty minutes before their arrival. From inquiries made along the road they found that he was on his way to Council Bluffs. On returning to Ashland the officers notified the Havelock parties. The latter went to Omaha as directed by the Ashland officers and with the aid of the maha police secured the thief just as he was preparing to cross the bridge for the Iowa side Sunday morning. SHOT DOWN BY A WILD LUNATIC.

Stole a Gun and Was Lying in Wat for His Victim to Come Along. MORSE BLUFF, Neb., June 15 .- (Special relegram.)—A shooting occurred here this morning, which, in all probability, will prove to be a murder. The man who committed the crime, Frank Levy, is supposed to be insane, having twice been an inmate of the insane asylum, but each time was discharged as cured. He had some real or fancied grievan e against his bro herin-law, James Tomasek, and made up his mind to kill him.

Levy did not have any means at hand to carry out his design, so he waited until night, when he broke into Wagner's hardware store and stole a rifle, a shotgun and a quantity of ammunition. From there he went to the home of Tomasek, which is himself about the barn and quietly waited for his intended victim to appear.

Tomasek started from the house about 4 o'clock in the morning to attend to his Bryan. stock, and when, unconscious of any impending danger, he was only ten feet from the man who was lying in wait for him, Levy discharged the contents of the shotgun into his body. The entire charge entered the body on the right side, coming out on the back, making a terrible wound, from which | three comrades who had filed an applicathe doctors say there is no possibility of his recovery. The alarm was promptly given by the

family and a doctor was summoned to attend to the injured man. Levy, the murderer, was captured and taken to the jail at Wahoo to await the result of Tomasek's injuries. NORTH BEND, Neb., June 15 .- (Special.) A shooting affair occurred this morning at Morse Bluff, just across the river from here. Frank Levy, who has been confined in the insane asylum at Lincoln, but who has fell all over this county been at home for a week or so, effected an entrance into the hardware store at Morse Bluff last night by breaking out a window and stole a 38-caliber revolver and a shotgun and a supply of cartridges. He then went to the home of his brother-in-law, James Tomasek, and slept in the corn-crib. When his brother-in-law came out to do his morning chores and was within sixteen feet of Levy the latter raised the gun and emp tied the contents of one barrel into Tomasek, the charge striking him just under the left is pronounced fatal. Levy was arrested without any resistence and taken to fail at Wa-

## SORE HANDS FOR EIGHT YEARS

Pain So Intense Would Nearly Twist Fingers from Sockets. Puffed Up Like a Toad.

Water Ran Through Bandages to Floor. Had to Walk the Floor Until Would Fall Asleep. Fingers Peeled Like an Onion. Doctors Could Not Cure.

Cured By Cuticura.

About eight years ago I got sore hands, it commenced with a kind of a burning sensation on my fingers and on top of the hand. When I commenced to rub them, you could see little white pimples on the skin. I rubbed more and more, until I felt like twisting my fingers out of their sockets. I had high fever, and cold chills ran over me, and so I kept it going until I was tired out. Nights, I had to walk the floor until I fell asleep My hands peeled like an onion, the finger nails got loose in the roots, and the water ran out, and wherever there was a little pimple, there the burning fire was, and I tell you and can prove to you, that happened at least ten times. During the day, I had to attend to my business, for I am running a blacksmith shop horseshoeing, and I would not shut up the shop for anybody, but it was hard. My hands puffed up worse than a toad. When I drove horse nails, the water from my hands through the bandage, on to the floor. My customers refused to look at my hands. I had a friend to take me to the doctor; he gave a solution of something to bathe my hands with. I was working every day, and did not know what to do so I went to another doctor, I think for a year. I found your advertise ment in a Utica newspaper, and I got the Co TICURA RESOLVENT and CUTICURA SOAP. The nails hardened up and peeled off and I don't believe there is one of the first nails left on ny hands. What I have told you is true. I do this for your benefit and humanity's sake I would not suffer any more as I did, for the whole country. CASPER DIETSCHLER, Feb. 22, '98. Pembroke, Genesee Co., N. Y.
