

SKIN GAMES STILL RUNNING

Bluff on Part of the Police Turns Out a Flimsy Farce.

SURE THING GAMBLERS HAVE THEIR WAY

Pin Palace and Horse Race Gambling Devices Allowed to Flourish Wide Open on North Sixteenth Street.

Through a not over vigorous prosecution on the part of the city attorney and the police, a few days since as one of the proprietors of the skin protected gambling game at 314 North Sixteenth street, was discharged.

It was said by the city prosecutor that there was no evidence to show that Cash had a hand in fleeing from the game. He had in fact a hand in the game and to make this fact plain Charles Studer, steward at the Delone hotel, who was defrauded of \$40, was placed upon the witness stand to testify that Cash was not the one who robbed him.

Games Go Steadily On.

The other gamblers and pickers arrested with Cash will be given their hearing on the 21st.

In defiance of the mayor's mandate Chief Gallagher is allowing the skin game to continue in operation. The little bluff that was made by the police on the 15th checked them for two brief hours.

One of the owners told a friend that the police had accepted money from him for protection and he wanted the goods delivered.

To make up for the revenue lost by the closing of the games at 510 North Sixteenth street the police have sanctioned the opening of a skin game at 215 North Sixteenth street.

DOCTORS AT THE EXPOSITION

Medicine Men Take a Day Off and Have a Good Time.

LISTEN TO MANY INTERESTING PAPERS

Topics of Deep Concern to the Profession Discussed by the Delegates—Some Cut Off for Want of Time.

About 150 delegates and visitors at the Nebraska State Medical Association convention were the guests of the Omaha Medical Society at the exposition yesterday afternoon.

Last night they celebrated one of the most successful meetings in the history of the association in this city by a complimentary lunch served at the cafe on the grounds. The guests, as represented by the Thomas concert, after which they had lunch, and it is certain that some diversion was afforded by the members giving a symposium of experiences on the Midway.

A number of distinguished guests who stopped over here a day were compelled to leave for home on the greater part of the local society. A day of the fair was decided upon in preference to a set banquet this time.

Dr. W. O. Milroy of the committee on arrangements is taking care of the strangers.

Several valuable papers and instructive addresses were cut short by the closing of the exposition owing to the lack of time.

One of the feature papers was offered by Dr. George H. Simmons of Lincoln on the subject of the recent much-talked about anti-toxin treatment for diphtheria. The members were a unit in endorsing the remedy and the speaker gave it a hearty endorsement.

Most parents handicap the physician's efforts by sending for him when it is too late to accomplish much good with anti-toxin, and antitoxin had to be used early or it would not do any good. It amounted to almost criminal negligence, the doctor said, when some physicians failed to apply this treatment for cases of a malignant nature in children.

Dr. Simmons was accorded the closest attention when he read his paper. An interesting discussion followed.

J. Rudis-Jelinsky of Crete presented a subject on very advanced lines of thought. He favored the use of the bacterium in the diagnosis of tuberculosis, and his paper proved that he had devoted not a little time to the study of the subject.

Dr. O. Grothman of St. Paul, chairman of the section of obstetrics and gynecology, introduced that department with a paper on strictly feminine matters by Mattie L. Arthur of this city. Inez C. Philbrick of Lincoln, G. L. Pritchett of Fairbury, W. N. Hunt of Central City, J. T. Miller and W. O. Henry.

One of the best papers of the symposium was read by Robert McCosmough of York, who in his introduction provoked applause by some references to the man who appears in the time of emergency to accomplish an apparently hopeless task.

When he used the name of Dewey and Hobson as "men of destiny" the convention broke into applause. It was a little flight out of the beaten track for the men of medicine and they enjoyed the doctor's address.

SOUTH OMAHA NEWS.

At an adjourned regular meeting of the Board of Education, held last night, the following teachers were elected to contracts will be entered into with them for the coming school year.

C. M. Johnson, M. E. Graham, Mary O'Toole, Alice Havens, Mary Elgin, Anna D. Wells, Maullie Laur, Ruth Ferguson, Edna M. Conroy, Florence Moore, Julia C. Gurney, Theresa O'Toole, Anna Hunter, Mary Seykora, Rilla Gray, Cora Cook, Pearl Matthews, John Sloumby and Martha Widdis.

Principals of school houses were selected as follows: High school, Helen Seelye, 400; assistant, Betty Moore; high school annex, Cora Gasney, \$60; Lowell, Anna Wells, \$65; West Side, C. M. Johnson, \$75; Corrigan Place, Mary Gernhan, \$55; Highland, Edna Sampson, \$65; Albright, Emma Herman, \$65; Brown Park, Mary Seykora, \$75; Hawthorne, Ruth Turner, \$70; Lincoln, Jessie Stitt, \$70.

Six janitors elected at a previous meeting were assigned to duty, their salaries being fixed as follows: High school, Wikert, \$65; Hawthorne, Allen, \$60; Albright, Wymann, \$60; Fourth Ward, John \$40; Third Ward, Sherwood, \$60; Lincoln, Vansant, \$60.

After some debate it was deemed best to advertise for school seats needed for the furnishing of the additions to be built. The bids under the first advertisement closed on June 6, but through an oversight in not obtaining a bid from the Wabash Church and School Furniture company of Wabash, Ind., was not received in time, although it had been mailed so as to reach here before the meeting.

James A. Patton, who represents this company, urged that some action be taken whereby the bid of his company might be considered and so the whole matter will be gone over again.

The committee on buildings and grounds asked for further time on the matter of selecting a site for a school building between Brown Park and Hawthorne schools and the request was granted. Miss Anna Taylor was promoted from an eighth grade teacher to a position in the high school. Forty of those who took the teachers' examinations last week passed and certificates signed by the examining board were issued.

As the board has no official knowledge of the total assessed valuation no action on the annual levy was taken. It is thought that the levy will be made at a meeting to be held Saturday night. The board is on the lot adjoining Brown Park school was ordered paid and warrants will be issued to pay for the lots in Selby's addition, where the new high school will be built. Anna Fowler asked for a year's leave of absence and was granted. Adjourned until Saturday night.

New Building for Armours. Plans for a new building to be erected by Armour & Co. were received yesterday. The new building is to be an addition to the beef cooler and is to be located on Q street between the reservoir and the beef house. As shown by the plans the structure will be 160 feet in length with a width of ninety feet and four stories in height.

Work on the stables, which are to be built east of the power house, with a frontage on Q street, has not yet commenced, but will in a day or two. Julian E. Smith, superintendent of motive power for the Armours, has returned to work into effect. During several days here inspecting the machinery in the power building.

W. H. Crilly of Chicago, who will have charge of the Armour wholesale house at Thirtieth and Jones streets, Omaha, has returned and is located at family L. Lowry, superintendent of the dressed beef house, came in yesterday with his family from Chicago and will become a permanent fixture here. Superintendent Simpson is expected from Chicago today. The wet weather has caused considerable delay in the work of grading for the new shops and ice stations, but the contractors say that the work can be completed in a short time if the weather clears up.

At the present time 550 men are employed by Armour & Co. at the work.

New Rate in Effect. The new live stock tariff issued by the Port Arthur route was received at the stock yards yesterday and went into effect Tuesday. This route now makes a rate of 5 cents

per 100 pounds on all shipments of cattle and hogs, whether straight or in mixed carloads from Pattonburg, Mo., to South Omaha. The minimum weight of a carload is to be 25,000 pounds. A carload shipped by the Port Arthur route is to be full of live stock it is expected that the reduced rate now in force will bring quantities of stock to this market which was formerly sent to Kansas City.

Swifts and Mud Creek.

In connection with the Mud Creek nuisance Manager Price of Swift and Company said yesterday that he had caused an examination of the sewer to be made by three respectable men in his employ. The report of Superintendent C. L. Walters shows that the inspection was made at a time when beef killing operations were in full blast and hog killing had just ceased, leaving the cleaning up gang at work. In other words, the inspection was made at a time when it was expected that four matters would be found if any entered the sewer from the plant in question.

Superintendent Walters details the number of openings in the sewer and asserts that hot, clear water from the boilers, cold, clear water from the overflow cisterns and storm water from the roofs only is run into the sewer from Swift. The superintendent further says that the sewage at the mouth of the sewer is the same as at the north end of the Swift property and is not polluted by refuse of any sort coming from the Swift plant.

This report Manager Price has sent in a letter to County Attorney Patrick of Sarpy county, along with the suggestion that Mr. Patrick send a representative to go through the sewer in order to see for himself the condition of affairs. Manager Price asserts most positively that the plant he represents was not to blame for the odors of the sewer, as the main portion of the works is connected with the sanitary sewer, which empties into the river near Vista Springs.

It is understood that Mr. Patrick will take the matter up with the stock yards and the other packers in an attempt to have the nuisance abated.

Damage Caused by Settling.

Owing to continued rains the new round house erected by the stock yards company in the north yards at F street has settled several inches. This building was erected on a filled ground, but piles were driven for the foundations. The foundations have sunk, allowing a portion of the floor to drop between four and five inches.

It is also stated that the furniture has been rendered useless for the time being owing to the sinking of the piles. Workmen are now engaged in repairing the damage.

Trifling Tangemans. Herman and George Tangemans were tried in police court yesterday on the charge of assaulting Dominick Snel with intent to do great bodily injury.

Northwestern Enters the City. Another railroad was added to the number of lines running in here yesterday by the Northwestern running its freight trains into the yards here.

Tom Murphy Recovering. James W. Murphy received a letter from his brother Henry yesterday stating that Tom Murphy had recovered from his recent sinking spell and that they would leave Tarpon Springs, Fla., in a day or two for the mountains of Tennessee.

Magie City Goes. Mrs. E. F. Anderson of Holbrook is here visiting relatives.

Cora Gosney has gone to Chicago to attend summer school.

E. S. Kirkland of Herndon, Kan., was a visitor at the exchange yesterday.

Denny Murphy has severed his connection with Omaha and will be in charge of the postal clerks now holding a convention in Omaha will visit the Swift plant today.

General Manager Kenyon of the stock yards company is expected home from Chicago today.

A. F. Stryker of the stock yards company left last night for Rochester, N. Y., where he will stay for a couple of weeks.

A sneak thief stole an overcoat and umbrella from Howard Meyers' residence, Twenty-third and I streets, yesterday afternoon.

The school trustees of Avery have retained the following teachers: William Patterson, Clara Stormer, Hattie Stors and Ethel Reed.

Physician James Hart has been shot in the right arm at the time of the shooting a few weeks ago. Hart is recovering as rapidly as could be expected.

The women of the First Methodist Episcopal church were treated to a musical entertainment at the church parlors last night, which proved to be a very enjoyable affair.

Harney O'Connell, who has been connected with the Western Weighing association here for nearly three years and stationed at the Cudahy house, has resigned his position and enlisted in company F, First Nebraska volunteer infantry.

ANOTHER OFFICIAL BLUNDER

Young Man Arrested and Kept in Jail Three Days Only to Be Turned Loose. The last victim of a blundering patrolman is George Reynolds, who came from Des Moines to visit the exposition, and his brother, F. H. Reynolds, who rooms on North Sixteenth street.

Reynolds arrived in Omaha last Saturday night and went at once to the room of his brother. The latter was out and Reynolds waited in Jefferson square across the street until he should return.

He was sitting on a bench when he was approached by a policeman and placed under arrest as a suspicious character. Reynolds was rearred on a farm and gave evidence of being a hard-working and respectable young man, but when he asked at the police station for permission to communicate with his friends the request was denied.

He knew a number of business men in the city, but was not allowed to telephone them and was kept in jail during Sunday and Monday. On Tuesday he was brought to trial, and as no evidence was submitted against him he was released.

The young man was so discouraged by his reception in the city that he was unwilling to risk losing his liberty once more and departed for his home Tuesday night.

F. H. Reynolds, the young man's brother, who is a portrait artist, is very much incensed regarding the outrage upon his brother and says he will appear before the Board of Fire and Police Commissioners in the hope of having the matter investigated.

A Great Clothing House.

—The Greatest in the Entire West—

One great reason why we excel in clothing bargains is that we are Clothiers—nothing else. Clothing is our business, our only business, our constant study morning, noon and night.

This great big store of ours is filled to the roof with nothing but clothing—Suits, Overcoats, Underwear, Shirts, Shoes, Hats—any sort of clothing that a man or boy wears.

Our buyers naturally get the best clothing bargains because they buy nothing but clothing—they have no ribbons or harnesses or soaps on their minds. That's the theory of it. If you want to see how true it is in practice come in today and see the great suits we are offering at 5.00, 7.50, 10.00 and 11.50 a suit.

Nowhere—no not any place—in this broad land can your money go as far in buying clothing as it can right here. We ask you to put this strong statement to any test you choose. We give you time enough to do so. What we sell today we are ready to buy back tomorrow, or next week; yes, or any other time that you find you could have done better elsewhere.

Not every store would dare to put a statement like that in print.
