President Sends a Special Message to Congress Asking Legislation.

Medals and Thanks of Congress for Officers and Crew of the Hudson for Beroism at Cardenas.

WASHINGTON, June 27 .- The president today sent two special messages to congress, and another will follow, providing for recognition of the services of Lieutenant Hobson, the hero of the Merrimac, of Lieutenant Newcomb and crew of the revenue cutter Hudson, which rescued the torpedo boat Winslow at Cardenas, Captain Hodgsdon of the dispatca boat Hugh McCulloch, which figured in the battle son from the construction corps to the line but this was not agreed to. of the navy and the president announces suitable advance Hobson in the line. The Nellie. Hudson's crew is to be given a vote of thanks and medals of commemoration. Cap- from Lincoln, York and Utica. tain Hodgsdon is to be suitably recognized. The president in recognizing Hobson cites been promoted.

Following is the text of the first message: On the morning of the third of June, 1898, Assistant Naval Constructor Richmond P. Hobson, United States navy, with a volun-teer crew of seven men, in charge of the partially dismantled collier "Merrimac," enered the fortified harbor of Santiago, Cuba manding coolness, judgment and bravery amounting to heroism, was carried into suc-cessful execution in the fact of a persistent fire from the hostile fleet as well as from th fortifications on shore. Rear Admiral Sampson, comander-in-chief of our naval force in Cuban waters, in an official report dated "Off Santiago de Cuba, June 3, 1898," and addressed to the secretary of the navy referring to Mr. Hobson's gallant exploit

have already been rewarded for their services by advancement, under provisions of law and regulation, the secretary of the navy was authorized to make, and the nomination to the senate of Cadet Powell, who, in a steam launch, followed the Merrimae on her perilous trip for the purpose of rescuing its force after the sinking of that grade of ensign, has been prepared and will be submitted.

Cushing, with whose gallant act in blowing up the ram Albemarle during the civil Admiral Sampson compares Hobson's sinking of the Merrimac, received the of congress upon recommendation 1508 of the Revised Statutes, advanced one such advancement embracing sixteen numbers. The section cited applies, however, to line officers only, and Mr. Hobson, being a member of the staff of the navy, could not, under its provisions, be advanced. In considering the question awarding Assistant Naval Constructor Hobson for his valiant conduct on occasion referred to, I have deemed it proper to address this message to you with the recommendation that he receive the thanks of congress, and further, that he be transferred to the line of the navy and promoted to such position therein, as the president, by and with the advice and consent of the senate, may determine. Mr. Hobson's trans-fer from the construction corps to the line, is fully warranted, he having received the necessary technical training as a graduate of the Naval academy, where he stood number one in his class; and such action is recommended, partly in deference to what is inderstood to be his own desire, although he now being a prisoner in the hands of the enemy, no direct communication on the subthe duties of the line

WILLIAM M'KINLEY. Executive Mansion, June 27, 1898.

Praise for Hudson's Crew.

The second message was as follows: On the 11th day of May, 1898, there occurred a conflict in the bay of Cardenas in which the naval torpede boat wounded and one of her officers and a part of her crew killed by the enemy's fire. the face of a most galling fire from the enemy's guns the revenue cutter "Hud-son," commanded by First Lleutenant Frank H. Newcomb, rescued the disabled Winslow, her wounded commander and remaining crew. The comander of the Hudon kept his vessel in the very hottest fire of the action, although in constant danger of going ashore on account of the shallow until he finally got a line made fast to the Winslow and towed that vessel out of range of the enemy's guns, a deed of

special gallantry.

I recommend that, in recognition of the signal act of heroism of First Lieutenant Frank H. Newcomb, United States revenue cutter service, above set forth, the thanks of congress be extended to him and to his officers and men of the Hudson, and a gold medal of honor be presented Lieutenant Newcomb; a silver medal of honor to each of his officers and a bronze medal of honor to each member of his crew who served with
