Settlement of a County Treasurer's Claim Against the State Made the Basis of a Very Interesting Suit.

LINCOLN, June 29 .- (Special.) -- An Intersting case is being argued in the district court here, being one of the many suits caused by the failure of the Capital National bank in 1893. On the 17th of January, 1893, Jacob H. Templin, county treasurer of Merrick county, made his annual pettlement with the state auditor and there being due Templin the sum of \$648.53 Auditor Tom Benton drew him a check for the amount on the Capital National bank. On the 19th of the month Templin deposited the check in the local bank at Central City. hat bank sent it to Omaha and maha bank forwarded it to the First National bank at Lincoln for collection. It arrived here on the 21st, but was held by the First National until the 23d, the day that the Central National closed its doors. Templin sues Benton for the amount of the check and Benton's defense is that due diligence was not observed in the handling of the check. He shows that on the date the

Silver Democrats' Convention.

The state central committee of the silver lemogratic party has issued a call for the tate convention to be held in Lincoln on the 2d of August. The representation is based on the vote cast for Bryan in 1896, giving one delegate for each 100 votes. This gives Douglas county ninety-nine delegates and Lancaster county forty-six. In figuring the vote the committee has taken the combined vote of the democratic, populist and silver republican parties.

The populist committee will meet here at Chairman Edmisten's oil room tomorrow to listen to the protests against the apportionment of delegates recently fixed up by the Edmisten clique and it is expected that there will be a warm time. Notice has been served that those who do not appear at the meeting before it is called to order will not be allowed to participate in the deliberations, the object being to shu out a few of the members who must arrive here on later trains.

Spanish General Has Over Eight Thousand

Men with Him. CARRIES PACK TRAINS AND PROVISIONS

His March is Harasagd by a Small Band of Cubans, but He is Expected at Santingo by Next Sunday.

(Copyright, 1898, by Associated Press.) PORT ANTONIO, Jamaica, June 29 .- (On Board Associated Press | Dispatch Boat Dauntless, off Santiago de Cuba. June 28.)-The Flying Squadron, hitherto commanded by Commodore Schley, has lost its identity by an order issued today by Rear Admiral Sampson and it has been merged into the fleet under the admiral.

The order caused considerable surprise on board the Brooklyn, which has been the flagship of the Flying Squadron, where it was supposed the squadron would remain intact at least until the fall of Santiago de Cuba. Commodore Schley has been ascourt for want of prosecution. The charge signed to command the second squadron on which Connor was arrested was disposattached to Admiral Sampson's fleet.

From two Cuban officers picked up by the Vixen it has been learned that General Pando is moving eastward with 8,700 Spanish troops for the purpose of assisting the beleaguered city of Santiago de Cuba.

The Cubans had come to Aserradero it small boats with dispatches from General Rios for Admiral Sampson and General HURON, S. D., June 29 .- (Special.)-News Rabl. He left Manzanillo, province of Santiago de Cuba, on June 22, to relieve family was well-to-do and Cass and his General Linares. The Spaniards were movfather were among the first business firms ling at the rate of twelve miles a day when the messenger left and at their present little fortune, and Cass was a lively, dudish speed it is expected they will reach Santiago next Sunday, July 4.

The Cubans have a small force hanging on the Spanish flank and rear and harassing General Pando's troops at every step. Manzanillo is 127 miles from Santiago de Cuba and the roads are in bad condition. The Cubans say if General Pando reaches his goal it will be with less than half the force he has started with. The Cubans who are harassing him only number about 200 men, but in the passes and in the bush they are at a great advantage

It is probable that immediate steps will be taken to throw a force of Americans and Cubans between General Pando and General Linares. Pressed as the latter is on the east, he could not spare a man for a sortie to the west. Admiral Sampson has ascertained that

Admiral Cervera's fleet has moved into the apper harbor of Santiago de Cuba. General Shafter, in his dispatches to the secretary of war, complimented the fleet for its assistance in landing troops.

With the soldiers landed from the Yale vesterday and General Garcia's army transported from the westward 21,000 men in all have been disembarked in the vicinity of Santiago de Cuba.

BABY'S Terrible Speedily Cured By **CUTICURA**

My baby was about four weeks old when he began to suffer from that terrible disease, Eczema. I tried every remedy I thought would do him good. I even called in the doctor who told me it would wear away in time, but I used his medicine to no account. I did not know what to do with him. He cried all the time and his face was equal to a raw piece of meat, it was horrible, and looked as if there was never any skin on it. I had to earry him around on a pillow. I was fairly discouraged. I was then recommended to use CUTICURA REMEDIES. The first time I used them I could see the change. I used about half a box of CUTICURA (ointment), and not one half cake of CUTICURA SOAP, and at the end of one short week my baby was entirely cured. There has never been a trace of it since, to-day his skin is as smooth and soft as a piece of silk. Mrs. J. C. FREESE Feb. 21, '98. 360 So. 1st St., E
