# AS SEEN FROM THE BROOKLYN

Schley as Cool During the Fight as When Floating Idly on Blockade.

GREAT WORK OF FLAGSHIP AND OREGON

Commodore's Side When He Fell-Sampson Ignores n Request.

(Copyright, 1898, by Associated Press.) JURAGUA, July 8 .- (Correspondence of the Associated Press.)-The following description of the fight between the Spanish and American war ships near this harbor was written by the only non-combatant who witnessed the entire fight. That non-combatsafely best of ant was the correspondent of the Associated Press, who saw the engagement from a po-Hat Pins, white and black head, ic each. Schley, on the United States armored cruiser Brooklyn:

weekly anniversary of the Dewey victory at Cavite and the fifth since the discovery by commodore Schley of Admiral Cervera's squadron, brought no particularly different situation from that marking the preceding Sundays. The monotony, the lack of pictursqueness at daybreak, the heat of the tropical sun-all were there. Over the tops of the partly destroyed earthworks appeared the muzzles of the same old guns, quite ready despite the Saturday bombardment to slightly rolling sea the great battleships of get away. the American fleet swung lazily at a distance of from four to five miles off the harbor entrance. The line which at all times was supposed to be a half circle enclosing the harbor entrance as a central point was more than ordinarily broken up this morning, The battleships had drifted to the east, the Newark were not in sight. The New York had taken Admiral Sampson to Altares, 26 inch Twilled Silk Umbrellas, metal of the American army, while the other miles to the east. The vessels on the block

> It is a custom on ships regulated by the rules that there shall be a general muster at least once each three months and that the articles of war shall be read. First call had been sounded at 9:15 a. m. and the men were assembling on the decks. The lookout in the masthead of the Brooklyn had some time before reported smoke in the harbor but as the same thing had been noticed several times no special attention was paid to it. The Brooklyn and the Vixen were the only ships to the west of the entrance On the bridge Navigator Hodgson of the Brooklyn said sharply to the lookout: "Isn't that smoke moving?" and the lookout, after a minute's inspection with the long glass, dropped it excitedly and yelled:

"There's a big ship coming out of the Hodgson, who is a particularly cool man officers assigned to the vessels of this squadron, but not yet aboard, have received of protests filed by citizens of Omaha looked once himself, and, grasping the orders from the department to go to their against the proposed appointment. These megaphone, shouted: "After bridge there! ships at once. Notice of the departure of protests filed with Assistant Secretary Van-

> awning on the quarter deck. Going to the ability to perform the duties of the office. bridge, he said: "Raise the signal to the Senator Thurston, however, was pledged to fleet," and, turning to Captain Cook, who Chase months ago and in view of the fact stood near, he said: "Clear ship for action." Then he went forward and took his place on a little platform of wood running on the outside of the conning tower, which had

> The men with a yell went to their guns and the rapid preliminary orders were given. file in Colonel Chase's case and reviewed at Schley, glasses in hand, watched the first length their importance as having bearing ship turn out and saw it start for the west. on the situation. President McKinley agreed Still he gave no order to fire. The Oregon opened with its thirteen-inch shells and the Indiana and Texas followed suit, but the local offices in his state and accordingly the nomination was made today. C. D. Wood-

Still the Brooklyn waited, but down below the coal was being forced into the furnace every man was being worked and every gun being made ready to fire. Schley wanted to know which way they were all going or made by Senator Thurston that he would whether they would scatter. In the meantime the Oregon began to turn to the west and the Texas had moved in closer and was damaging the leading ship, the Infanta

> Lieutenant Sears, and just then the Western batteries opened up. "Full speed ahead, open fire," shouted the commodore, "Fire deliberately and don't waste a shot," added, and the order was carried to th In an instant the Brooklyn's terrific eight and five-inch batteries on the port side opened and the cruiser headed for

Commodore Schley saw that the first shi was coming out from the shore, heading di rectly for the Brooklyn, with the evident ntention of ramming it. A clever maneuver was here accomplished. "Hard a-port

destroyers that had followed the last ship is not known, out. At 10 o'clock the entire Cape Verde squadron was outside the harbor and going rapidly westward. The Iowa and the Inliana could not keep up the pace, but the the Cristobal Colon and the Vizcaya. At funeral was held at 4 o'clock this afternoon, there was an outburst of enthusiasm such as | 10:11 the Spanish ships had all concentrated | Rev. W. K. Gray officiating. their shots on the Brooklyn, and it was in a perfect rain of shells, most of which went

over It. Standing in this hail of shells, Commodore sided, and after an invocation by Rev. Schley asked a young man named Ellis, who stood near him with a stadimeter, "What is the distance to the Vizcaya?" The man nished by the choir and addresses and took the observation. "Twenty-two hundred yards, sir," he said, and there was a J. D. Harvey, Milwaukee, Wis.; "Sociology's whistle, followed by a splash, as his head Demand Upon the Schools." J. F. Mills- was literally torn from his shoulders by was literally torn from his shoulders by

> glasses to his eyes, he added. "The first hip is done for. She is running ashore." The Maria Teresa was running its nose on the beach and in an instant was a mass

ashore by the Gloucester's terrific rapid fire. At 10:49 the Brooklyn turned its atten-tion to the Vizcaya, the Cristobal Colonhaving passed the latter and now being in the lead well up the coast. At the time the only vessels in sight from the Brooklyn

were the Oregon, about a mile and a half astern, and the Texas, about three miles astern. At 10:53 the Vizcaya was raked fore and aft clean along its gun deck by an eight-inch from the Brooklyn, which exploded in its superstructure with terrific force, killing eighty people. It was aftre and at 10:55 it headed for the beach at Asseradoros, where it went ashore. The Brooklyn did not stop, but went on the chase after the Cristobal Colon, the Oregon

closing rapidly up and following. The other vessels at this time were from six to eight miles behind and Admiral ston, Jamaica, July 12.)-The United States Sampson's flagship, the New York, was not navy has the following problem presented At 11:15 the Brooklyn, slightly injured by the hail of Spanish shells, stopped ually bombarding a city, distant four and a firing and the chase began. The men came half miles and concealed from view by a upon deck and began to cheer, never heed- range of hills 250 feet high at its lowest ing the whistle of the Spanish shells. SHIPS ENGAGE IN PRACTICE

going principles. Throw Shells Into Santiago Four and a Half

Miles Away. CHURCH FILLED WITH POWDER BLOWN UP

Considering that the City Cannot Be Seen, the Result of the Practice Firing is Prononneed Satisfactory.

OFF AGUADORES, July 11 .- (Via Kingto it: What is the best manner of effect-

The problem has been satisfactorily solved, merely guarded the roads the navy could make Santiago untenable, if it did not destroy it, in a few days.

Sunday and today the sea was calmer than usual, so the opportunity for good practice was afforded.

In pursuance of General Shafter's request, force at 11:55, the men out on the decks Commodore Schley, Rear Admiral Sampson watching with great interest and as happy being absent at Guantanamo, on 3 o'clock as larks. The Colon, at a distance of five Sunday afternoon ranged the Brooklyn, miles, hugged the shore, but Schley or- Indiana and Texas within 500 yards of the dered the Oregon to follow her, and then, shore at a point almost due south of San-with the Brooklyn, he made a straight course tingo, distant a little over four and onefor Cape Cruz, around which the Colon half miles. The ships were about a mile

The army signal men were on the beach opposite the ships, and also on the crest blown up by concussion. The mixing degreat speed, the smoke pouring out of their of a hill overlooking both the ships and funnels. In an hour the Brooklyn had the city. These men wig-wagged the regained appreciably and so had the Oregon, stilts of each shot, telling the gunners if the shell was almed too high or too low, or not

Sunday's practice was good, but it was Massachusetts, New Orleans, New York and the fact that the Cristobal Colon was bought better today when the firing was opened that was about ready in the mixing building by the New York, which returned from Guantanamo bay during the night. The New inch turret, swinging his legs and happy. York, Brooklyn and Indiana were the ships just been put in the engine room. It is "Tell the Oregon she can try one of which participated in the shelling this morning. Each shot was earefully calculated fore it was put in. There was a terrible roar as the big shell and the signals from the shore to the ships went by the Brooklyn, a moment of sus- told where each shell fell, and notified the pense and watching, and then a hearty gunners if they had the proper elevation. of the workmen is being made to ascertain cheer as the big shell struck the water. The ships ran out their big guns on the who of the employes were at work when close astern of the Colon, four miles away. side opposite the firing in order to secure the explosion occurred. There is still much

Blows Up a Church.

General Shafter signaled about noon that in the city. The latter did not appear to do much damage. Comment on this subject Oregon were pounding away at the Colon was exchanged immediately by a message saying:

"The last shot struck St. Nicholas' church, where powder was stored, blowing up the same and doing great damage." The bombardment closed for the day at

p. m. at General Shafter's request, as he was about to send in a flag of truce to demand its surrender for the third and last time. The whole proceeding was businesslike The ordinary avocations on ship went on. the Vixen, about five miles away, and the punctualed at intervals of five minutes by the roar of big guns and the scream of projectiles and the echo from the rear. Morro plainly visible to the westward, had the bombarding ships in range, but not a gun was fired by the Spanish.

The effect of the shells when they did hit can be imagined when it is known that each of them carries 250 pounds of explosives. When such a missile lands at a distance of the torch in liberty's band. four and a half miles from the muzzle to the city it occupies twenty-two and a quar ter seconds in its flight. Four shells during the bombardment today ignited fires in alongside the Spanish captives shouted, different parts of the city, proving the feasi-"Bravo Americano," and the crew responded bility of burning the place by using the guns of the fleet alone.

eturning to the Brooklyn, the New York, It was strange to see our soldiers repairing a locomotive on the railroad track run along, ran in between the Brooklyn ning along the beach, while, like the strikes of a slow clock, the guns were fired and sent shells screaming over the men at work. Death must have come to many in the city, but it is impossible to do more than

### ENDORSE BRYAN AND SILVER

Illinois Democrats Nominate a State Ticket and Reinstall Two Gold Democrats of 1896.

SPRINGFIELD, III., July 12 .- The democratic state convention today nominated the following ticket: State treasurer, Willard F. Dunlop, Jacksonville; state superintendent of public instruction, Perry O. Stiver, resport; trustees of the University of Illi nois, Jacob E. Selier of Mount Carmel, Naoleon B. Micheson of Odin, Dr. Julia Holmes Smith of Chicago.

The convention was called to order his afternoon by Chairman Orr of the state entral committee. There were no pictures n the hall except those of William J. Bryan and Admiral Dewey,

The chief incident of the convention proeddings was a bitter fight over the appoint nent of the state central committee of two en prominent as gold democrats in 1896-Ben T. Cable of Rock Island and Roger C Sullivan of the Fifth congressional district. The fight was carried into the convention here Cable was denounced as a traitor, but the choice of both Cable and Sullivan as ommitteemen was finally ratified, it having been announced that they would bereafter upport the Chicago platform.

The ticket was put through without oposition. For university trustee Jacob E Seiter of Mount Carmel was named by the populists in the fusion arrangement. The platform endorses the free silver and tariff, planks of the Chicago declaration,

stitution and the adoption of national and state anti-trust legislation. The platform continues: "We reaffirm the Monroe doctrine and

again pledge ourselves to abide by the advice of Washington, to keep ourselves free from entangling alliances with foreign na-

tions. We recognize William Jennings Bryan as the leading exponent of the fore

eight miles east, to make a visit to the camp missing vessels were at Guantanamo, forty ade were the Iowa, Indiana and Oregon, battleships, the Brooklyn, flagship of Commodore Schley, and the small yachts Gloucester and Vixen. The Iowa was swinging a mile further out than the rest of the squadron trying to fix her forward twelveinch turret, which was out of repair, while the Indiana was doing the same thing to her forward thirteen-inch turret. The absolutely available ships in the squadron. therefore, were only the Oregon, Texas and Brooklyn, although later both Captain Evans and Captain Taylor fought their ships.

Fifteen Men Reported Killed and a Large Number of Others

DOVER, N. J., July 12 .- An explosion at

Since the outbreak of hostilities with Spain, Colonel Lee of the Third New Jerscy volunters and a battalion of his regiment have been stationed at the works to prevent their destruction by spies. The camp of the soldiers has been close to the powder plant The guard was being maintained as usual this morning. At 11 o'clock there was a terrific explosion which shook the buildings and scattered the troops and employes. Fif teen men are reported to have been killed and many soldiers and employes had wounds some quite serious. The officials of the conpany at once sent a special train from Days to the mills and the wounded were immed

Seven men are known to have been killed and eight are missing. Of the known dead only one is a soldier. The others were employes. The eight men missing were possibly blown to pieces. There were two explesions." The first was caused by a boiler in the engine room blowing up. The force of this explosion resulted in the mixing room, where the powder was sorted, being partment was one of the biggest in the plant. After the explosion a fire followed. Several small buildings burned. The fire

some of the shells fell in the bay and some
