IOWA KNIGHTS OF PYTHIAS

Grand Lodge Session Next Month Promises to Be of Interest.

LOCAL MEMBERS ARE BUSY PREPARING Committees of the Order Actively at Work Getting Things in Shape to Receive an Unusually Large Attendance.

The grand lodge, Knights of Pythias, of Iowa, meets in Council Bluffs Wednesday and Thursday, August 10 and 11, and the local members of the order are making elaborate preparations to entertain the officers and delegates, of whom it is expected some 1,500 will be in attendance.

The usual attendance at the sessions of the grand lodge averages about 1,000, but this year on account of the attraction of the Transmississippi Exposition a much larger number is confidently looked for. The fact that Tuesday, August 9, has been proclaimed a pythian day at the exposition will, it is believed, also greatly tend to increase the attendance at the grand lodge meeting here.

The railroads have signified their intention of granting a rate of one and one-half fare for the round trip from all points in Iowa, the rate to be in effect three days prior to the grand lodge meeting and good for three days after, not including Sunday. This will give the delegates to the grand lodge, many of whom will bring their wives, ample time to visit the exposition.

Many of the grand lodge officers and delegates will arrive at the exposition on the morning of August 9 there will be a session of the school for instruction and in the afternoon the members of the order, local and visiting, will proceed in a body across the river in special cars to help swell the Pythian day crowd at the exposition.

C. A. Tibbets, who has been a member of the grand lodge for the last twelve years, is chairman of the local executive committee in charge of the preparations for the meeting.

The other members are C. G. Saunders, Ovide Vign and J. C. Murphy of St. Alban's lodge No. 17, J. J. Kline, J. W. Ferris, C. Lunkey and John Brough of Concordia lodge No. 52. J. J. Kline is secretary of the committee.

Subcommittee and Plans.
D. E. Stuart is chairman of the reception committee, which will comprise some fifty members when filled. The entertainment committee has as its chairman Charles J. C. Mitchell, who has as yet not named the other members.

C. Lunkey is chairman of the committee on decorations, but R. V. Innes is the only other member appointed as yet. This committee has been actively at work the last few days among the business men, who so far seem to have promised to handily decorate their stores and places of business during the meeting of the grand lodge.

Chairman Lunkey yesterday said that there would undoubtedly be nothing lacking to give the visiting Pythians a royal welcome.

LITIGATION OVER LAKE BED

Big Mortgage Foreclosed on Eleven Thousand Acres of Land.

ATTEMPT TO DRAIN A LAKE AND USE THE LAND GETS A COLLEGE PROFESSOR INTO TROUBLE AND FORECLOSURE FOLLOWS.

AMERICAN LOAN AND TRUST COMPANY Forecloses Mortgage on Lake Bed.

As one of the results of the controversy between the City of Creston and the American Loan and Trust company, the American Loan and Trust company has brought suit in the federal court here against the City of Creston to enforce the payment of \$3,900, being the half year rental from January 1 to July 1 of this year of 145 fire hydrants.

Although not stated in the petition, it is understood that the city has refused to pay the hydrant rents on the ground that the water works company has violated its contract and has not furnished either the quantity or quality agreed upon at the time it was given a franchise. The papers in the case were received for filing yesterday by Colonel J. J. Steadman, clerk of the United States circuit court for the Southern district of Iowa.

The petition shows that on June 1, 1891, the city of Creston passed an ordinance granting to the Creston Water Works company the exclusive franchise to construct, operate and maintain a system of water works for the supplying of the city and its inhabitants with water for public and private purposes. At the same time the City of Creston contracted with the Creston Water Works company for the rental of fire hydrants. By the terms of this contract the water works company rented and leased to the city the use of 145 fire hydrants for the period of twenty-five years at the rate of five dollars per hydrant for each year, payable on July 1 and January 1 of each year.
