GUNS FOR CARLISTS

Followers of the Pretender Import Quick Firing Arms from France. GETTING READY FOR A REVOLUTION

Government Suppresses News Concerning Movements of These Insurrectionists. WANTS TO MAKE ARMY SUPPORT DYNASTY

Sagasta Exerts Himself to Gain the Good Will of the Military. SPAIN IS GETTING VERY NEAR TO PEACE

Scheme is Branches to Form an Intermediary Cabinet, Whose Sole Mission Shall Be to Carry on Peace Negotiations. (Copyright, 1898, by Press Publishing Co.) MADRID, July 16.—(Via the Frontier.)—(New York World Cablegram—Special Telegram.)—Among news stopped by the press censor are data concerning the serious Carlist agitation reported in Catalonia, Valencia, Aragon, Navarre, Biscay, Guipuzcoa and Asturias, where the local juntas and popular leaders of Carlist want to take advantage of public indignation directly conditions of peace are made known to unfurl the flag of the pretender. His principal agents in Spain—grandees like Marquis Cerrado, Duke of Solferino, Marquis Castillo, Generals Cervera and Beriz and several deputies—are making great efforts to prevent a premature rising, but the government has received information showing that the second wife of Don Carlos, Doña Beriz, his son Don Jaime, the religious orders and the parochial clergy advocate action. Arms have been introduced from France, including quick firing guns. In Navarre the Carlists are allowed free access to the French department on the frontier and the pretender makes his residence at Brussels, headquarters of the propaganda of civil war. Despite the representations of Spanish diplomacy it is an open secret that the Spanish government would like to have a Carlist conflict to induce the army to gather round the present regency.

Sagasta Plays His Hand. Directly the government was consulted by Toral about the final surrender at Santiago, Sagasta perceived the expediency of utilizing the Carlists in the event of peace. To prepare the minds of the army in Spain and Cuba for the inevitable termination of the war he telegraphed Blanco and Toral to consent to capitulation if the American generals allowed the garrison to return to Spain even on American vessels, which Spain promised to respect. His object was to allow the Spanish forces to understand the fate awaiting them when provisions and ammunition fail, as the mother country cannot send the assistance required. The ministers and court kept the secret, although it was known by Blanco and Toral. Telegrams of the fate of Santiago were sealed but this was deemed necessary to conceal the news from the people until the Gazette could bring them.

Two Cuban Governments. A sensation has been caused by the report that the Cuban loyalists are so exasperated at the prospect of having to submit to the separatists if Spain makes peace with the United States by reorganizing the islands' independence that they are moving to forestall the insurgents by getting up a government of their own. The loyalists and separatists throughout the colony say they prefer to proclaim their own independence on the basis of a coalition of the autonomists and the Spanish party. They would offer to the Spanish regency the most advantageous conditions to remain as a part of the army of independent Cuba. The United States then would be confronted by two Cuban republics, one under Calixto Garcia and Gomez, the other composed of loyalists, which included the former commander, McCalla of the Marblehead cutter yesterday.

SEND THANKS TO SHAFER. President and Secretary Alger Express Appreciation of Work of the Army. WASHINGTON, July 16.—The following message was sent today by President McKinley and Secretary Alger: To General Shafter, Commanding Front, Near Santiago, Playa: The president of the United States sends to you and your brave army the profound thanks of the American people for the brilliant achievements at Santiago, resulting in the surrender of the city and all the Spanish troops and territory under General Toral. Your splendid leadership, your courage, not only the hardships and sacrifices incident to campaign and battle, but in stress of weather, has been a triumph over obstacles which would have broken men less brave and determined. One and all have displayed the most conspicuous gallantry and earned the gratitude of the nation. The hearts of the people turn with sympathy to the sick and wounded. May the Father of Mercies protect and comfort them. WILLIAM MCKINLEY. To Major General Shafter, Front, Near Santiago, Playa: I cannot express in words my gratitude to you and your heroic men. Your work has been well done. God bless you all. Secretary of War.

GENERAL SHAFER'S HEADQUARTERS, July 15.—(Via Kingston, Jamaica, July 16.)—The final report of casualties in the army since it landed in Cuba three weeks ago has been forwarded to Washington. He made special application for duty with the expedition to be sent to San Juan de Porto Rico, and it is more than probable that his wishes will be respected. His present command is now rendezvoused at Frederickburg, Va.

ONE WAR AT A TIME

So Says Admiral Dewey Concerning the German War Ship Irene. SITUATION LOOKS SERIOUS AT MANILA

Dewey Will Ask for Explanation from German Admiral. WILL WAIT TILL THE MONTEREY ARRIVES

Kaiser William's Naval Officers Cannot Bluff America's Commander. NOT FRIGHTENED BY A DEMONSTRATION

Agmatillo Tells Consul Wildman that He Has Been Approached by the Germans, but Does Not Say How. (Copyright, 1898, by Press Publishing Co.) HONG KONG, July 16.—(New York World Cablegram—Special Telegram.)—The full particulars of the interference of the German war ship Irene at Subig bay in preventing an attack on the Spaniards by the Philippine insurgents cannot be made public until the arrival of the United States monitor Monterey at Manila. Then Admiral Dewey will be in a position to ask for an explanation from the German admiral. When the American cruiser Italgah, under command of Captain Cochran, appeared in Subig bay, the Irene got away so quickly that it slipped its cable and left its anchor behind. No one believes the Germans will get the better of Admiral Dewey. If they expect that a naval demonstration will frighten him they do not know the man. Mr. Wildman, the United States consul here, who is very close to Admiral Dewey, says: "One war at a time. That, I think, is Admiral Dewey's present policy."

FEEDING CUBAN REFUGEES. Clara Barton Reports on the Work Being Done in Vicinity of Santiago. NEW YORK, July 16.—A telegram was received today by the executive committee of the Red Cross from Miss Clara Barton, dated Playa del Este, July 15. The message is as follows: Santiago has surrendered. Came from the front yesterday in a pouring rain. Fever is suspected here. Siboney burned. Dr. Lesser, Mrs. Lesser and all their nurses are in the hospital two miles distant. I saw them today and all are well. Fourteen hundred refugees of the St. Paul are with us, there being no other provisions for them. We are feeding the refugees of Siboney. Many thousands at El Estero. By rail we are feeding 5,000 at Pinar del Rio by army wagons, 20,000 by pack mules, fifteen miles travel. Commander McCalla of the Marblehead cutter yesterday.
