Donald Manages to Obey the Restraining Order Served on Him. CONTEMPT CHARGES ARE ACCUMULATING

Judge Scott Issues More Citations and Searches Reports for Precedent Support His Position. Sheriff McDonald did not show up before Judge Scott yesterday morning, neither will he in all probability this morning.

liton borrowed from their mother several thousand dollars and that all his wealth had come from this loan. Divorce proceedings have been begun by Emily Wallenberg against August Wallenberg on the ground of cruelty and drunkenness.

IN CAMP AT CHICKAMAUGA

Daily Doings of the Men of the Second Nebraska Cavalry at Grigsby's Cowboys.

CHICKAMAUGA, Ga., July 17.—(Special Correspondence of The Bee.)—The members of the Second Nebraska are anxious for active field service, but will wait patiently as they can until the Porto Rican expeditionary force is made up.

Company M received yesterday from friends at Grigsby, a large trunk and box filled with canned goods, cakes, fruits, etc., also 2,000 cigars and \$250 in cash.

Company A received eight pounds of tobacco, with the compliments of the business men of Kearney, Neb. The general court-martial continues in session at the headquarters of the Second Nebraska.

Notes from the Courts. An answer has been filed in the county court by Mrs. Mary F. Hamilton, the administratrix of the estate of the late Charles W. Hamilton, the banker, that while she pleads in opposition to the claim of Hamilton's half-sister, Jane A. Hotchkiss, that Hamilton was not indebted to her or his mother, Lucy A. Hotchkiss, for five years preceding his death, and, besides, had made good every obligation due from him to them. The plaintiff has set up a claim against the estate on the ground that Ham-

parade on Friday evening, which was pronounced by spectators one of the best ever witnessed at the park. Company H received a number of boxes from Nebraska friends yesterday. These boxes contained literature and good things for "between meals." There were also numerous individual packages in the consignment.

Colonel John G. Maher, who is a private in Company H, has to prepare 10,000 typewritten pages of transcripts of cases to be used before the Nebraska supreme court. Some of the cases involve from \$10,000 to \$100,000. Colonel Maher has employed a stenographer and will be able to turn out sixty pages per day.

The First Missouri "top-of-war" team ventured into the woods with their rope and challenged the Second Nebraska boys to a contest. A lively pull was matched, and the Missouri boys were beaten at their own game.

One of the recruits who came to Company H the other day was no less a distinguished fellow than Charles Messenger of Chadron, Neb., the man who made himself famous by breaking up a gang of horse thieves in the north-west, having captured the notorious Kid Wade, who at the time narrowly escaped being lynched after Manager had turned him over to the sheriff.

Colonel Grigsby is arranging a grand cavalry brigade review to occur some day during the coming week. The First Missouri, under command of Major French, will begin target practice today. As soon as Major French's squadron returns another will be sent to the range until the entire regiment is given practice.

Mr. Mendell reports a growing interest in the exposition in the east, despite the fact that the war has absorbed most attention. He says he thinks that a big movement of eastern people to the exposition may be expected with the commencement of peace negotiations.

vestment and paid the finders 25 cents and a bucket of beer for a portion of them. The city officials were shrewder than the janitors and sought out a local collector. The latter recognized the value of the stamps and offered the possessor so large a figure that they were smart enough to hold on to their purchase for more. Meanwhile the collector told several of his friends and the big stamp firms of the east sent men on to bid on the finds. The competition for those stamps became so great that the two men who owned them sold out for a figure between \$30,000 and \$35,000.

The war excitement has also made a better demand for United States and Confederate war stamps than the civil war, dealers say. The eastern firms have thoroughly canvassed the south and have taken almost every stamp left, yet every now and then somebody turns up a lot of valuable stamps in a lot of old papers. Collectors are already beginning to form banks of the new issue of war stamps and the latter will some day be of considerable more than their face value.

GRATTAN OWES HIM A BILL New York Man Asks Mandamus to Enable the Collection of a Judgment He Holds. An application for writ of mandamus has been filed with Clerk Hillis of the federal court by Henry B. Chelton of New York, in which Chelton asks that John H. Hopkins, John Robertson, W. N. Coates, John Coffey, Lewis A. Combs, S. L. Conger and William T. Hayes, members of the Board of Supervisors of Holt county, Nebraska, be compelled to call a meeting and levy taxes on the town of Grattan in that county according to the true valuation of the property of the town. Chelton has a judgment for \$2,745.75 against the town of Grattan, which he alleges has not been paid because the supervisors, who also compose the Board of Tax Equalizers, have not collected the said taxes from the property holders of the town.

GOES UP UNDER MANILA GUNS Little Dispatch Boat McCulloch Makes a Daring Expedition and Comes Out Unharmed. SAN FRANCISCO, July 20.—A Chronicle special from Cavite, dated June 27, says: The McCulloch had an exciting chase up under the guns of Manila this morning on a mission that concerned the safety of Flag Lieutenant T. M. Brumby, who left Cavite in a small launch to go to the British cruiser Immortalite, at anchor with the foreign fleet off the mouth of the Pasig river. When he was well up the bay the watch on the Olympia detected a large craft steaming out of Manila, under a flag that looked like the Spanish colors. The McCulloch was ordered to get under way and five minutes later the dispatch boat was firing on the foreign vessel. The armament buckled on and the crew was ready at its guns. They headed direct for Manila in order to get inside the fleet and cut off the retreat of the supposed Spanish boat. When it neared the fleet it was discovered that the craft under suspicion carried the Austrian flag and the chase ended. The McCulloch held its course, however, and made a careful examination of the batteries in front of Manila and a close inspection of the foreign fleet. No hostile demonstration was made.
