Local Passenger Agents Discuss the Prospects for a Reduction.

ALL ADMIT SOMETHING SHOULD BE DONE

Opinion Seems to Be that "When the Scalpers Are Removed" the Fare Will Be Made Reasounbly Low.

There was a well attended meeting of the passenger representatives of all Omaha ter-Wednesday evening. The subject under consideration was the recommendation of reduced exposition railroad rates to Chairman B. D. Caldwell of the Western Passenger association.

The meeting brought out very clearly lower rates for exposition attractions. Anent recent criticism there was some discussion of the prospect of securing better exposition rates from Chicago than the hold-up rate of \$20.50, but no action was taken on the matter. After the adjournsenger men expressed the opinion that a one-fare rate from Chicago would be put for regulating the scalpers' business should be devised.

Chairman Caldwell of the Western Passenger association, to be voted on by all lines belonging to the association, are for the following occasions: Flower day, August 2 Red Men's day, August 10 and 11; Bohemian day, August 28, and National Volunteer Firemen's convention, September 5-11. The rate recommended for Flower day is that known in passenger circles as a "red-letter day rate." It will be I cent a mile from all | bank presidents who desire to see the big points within a radius of 150 miles of rates recommended for the other occasions are nearly as low.

The rate of 1 cent a mile proved very they really expected to, as there were but two days in which to advertise the rate. Should the rates now recommended to the association prevail among the railroads, it is believed that great crowds may be expected on the dates mentioned.

FAST TRAINS WILL STAY ON. Present Schedule Will Be Altered

Slightly West of Omaha. Burlington will remain in service. This statement is made upon the best of authority in local railway circles. The excess fare of \$1 for the chair cars and of \$4 for the sleepers will be removed entirely on August 14. On the same date new schedules for the fast trains will go into

effect. These schedules will be slightly

slower than the ones now in force, At the recent meeting of the executive officers of the interested lines, held in New York, it was agreed that after August 14 none of the fast trains should make the run between Omaha and Denver in less than sixteen hours. This agreement applies to both east and westbound trains. In consideration of the agreement the Union Pacific, the Rock Island and the Burlington roads are now working on new time cards for the trains between this city and Denver. The schedules of the trains between the two cities will be lengthened out from and a haif to two hours. The Union Pacific will have to lengthen out its fast train schedules one hour and forty minutes, and the Burlington will put in one hour and a half more time between here and Denver. General Passenger Agent Lomax of the Union Pacific, who was present when the New York agreement was made, said to The Bee yesterday: "We are now working on our time card that will go into effect on August 14. Our fast trains between here and Denver will be lengthened out one hour and forty minutes. We expect to make no change in the leaving time of 'The Colorado Special,' which leaves here for Denver at 11:55 p. m., and are planning to bring in the return train here at 6:40 a. m., as now. These trains are very popular with exposition visitors, bringing travel in early in the morning and taking it out after an evening at the exposition. We think it is essential that the train service in and out of here during the exposition should be of the very highest standard, and propose to make it such. The Union Pacific will not take off its fast trains. Of this the public may rest assurred.'

There will be no change in time in any of the three lines between Omaha and Chicago. All the alteration in the running the fast trains will be between this city and Denver, the changes will not great. As the bulk of Omaha travel on the fast trains is toward the cast this consideration is taken as an important victory for this lively roalroad center.

The Chicago papers that announced that the trains would be taken out of service are not preparing to retract the statement. As the decision to keep on the trains was made at a meeting of the presidents in New York a few days ago, and not in Chicago, it is easily seen how the papers that have been clamoring for the removal of the trains went wrong on the subject.

Chicago Great Western Statement. CHICAGO, July 21.-The gross earnings of the Chicago Great Western Railway company for the fiscal year ending June 30, 1898, were \$5,286,043. The operating expenses were \$3,777,372. The amount required to pay taxes, fixed charges and full dividends on the 4 per cent debenture stock is \$1,366,236, leaving a dividend excess of \$242,434. This excess is equal to a little more than 2 per cent on the preferred A stock. The operating expenses include, besides other extraordinary expenses, the entire cost of 226 freight cars, which were

United States Marshal Again. On Wednesday a mob of fifty tramps took possession of way freight No. 16 on the Chicago, St. Paul, Minneapolis & Omaha, but were finally expelled by the train crew. Yesterday another gang, numbering about 100, took possession of several cars on the same train when it stopped at Blair. Conductor Bailer and his brakemen entered the cars and ordered the mer out, without any result. Sheriff Minke of minal lines at the Elkhorn headquarters on Washington county was called upon and commanded the men to leave the cars, but they ignored him and he would not call any assistance and try to forcibly eject yard. the marauders without having a warrant or consulting the county attorney. train pulled out of Blair and stopped outthat there is a disposition upon the part side of the city limits for the purpose of of the Omaha passenger men to secure making another attempt to get rid of the tramps

Deputy United States Marshals Allan and Pearsall were on passenger train No. 4, which followed the way freight, and having been notified of the trouble the train crew was having they deputized a number of ment of the meeting, however, several pas- assistants. The passenger train stopped a short distance behind the freight and the marshals made a run for the tramps. When into effect as soon as some effective manner | the "hoboes" saw the passenger train for regulating the scalpers' business should come up behind them they suspected that trouble was in store for them and made a rush for the corn fields. Only two of the offenders were captured

> Will Have a Party of Bankers. W. H. CAUGHT BY MARKED COINS

Dishonest Hotel Porter Who Has Been Robbing the Charity Boxes at the Paxton Hotel.

The series of petty stealings from the cigar stands and charity boxes at the Paxon hotel came to an abrupt ending Wednesday with the arrest of J. Hurley, the night porter at the hotel, and Harry Haner, a bell boy. The culprits were discovered by Ralph Kitchen by means of marked money. In police court this morning Hurley pleaded guilty and was sentenced to thirty days in the county jail, and Haner was discharged. The specific charge against the boys was the theft of 25 cents from the charity box of the Children's Home society. This box had been rifled several times during the marked three nickels and a dime and deposited the money in the box.
