Railroads Report Good Showers Along Their Several Lines. .

WESTERN FIELDS THOROUGHLY DRENCHED

Nebraska, Kansas, Iowa and Illinois All Share in the Downpour of Thursday Night and Friday Morning.

The railroad reports show that considerable rain fell in the eastern and southern parts of Nebraska on Thursday night and Friday morning. The Union Pacific reports light rain along its line between Omaha and Columbus, on the branches north of Columbus, and in the territory south of the main line as far west as that point. There was also a good rain along the line of the Omaha & Republican Valley railway. The reports from the Kansas division show that there were heavy rains throughout Kansas.

The Burlington route reports rain at the following points west of the Missouri Omaha, .45 inch; Ashland, .05 inch; Schuyler, .15 inch; Columbus, heavy; Ericsson, 1.01 inches; Burwell, .07 inch; Rulo, Brownville, hard rains during the night: Syracuse, heavy showers; Table Rock, hard rain; Tecumseh, .15; Burchard, .10; 69; Concordin, good rain, and heavy showers throughout Wyoming and

Passengers arriving in Omaha on morning trains from Chicago report heavy hail and rain storms along the line on Thursday night. The hall began to fall soon after the evening trains pulled out of Chicago, and after hail stones of a large size had played around the car windows for about a half hour a hard rain set in and continued during the night.

LOOSENING UP ON THE RATES.

Omaha Lines Bringing the Outsiders Through the instrumentality of the Omaha TAXES FOR DOUGLAS COUNTY terminal lines the Western Passenger association is loosening up in the reduction of railroad rates for special days at the exposition. Two causes have helped the local passenger agents, and the prospect of the rates: The popular agitation here, which has attracted the attention of the general passanger agents, and the prospect of the withdrawal of transmissouri lines from the Western Passenger association for the purpose of forming a separate association.

received from a sufficient number of transmissouri lines to indicate the sucproposed Transmisthe souri Passenger association. The Colorado lines are quite enthusiastic about it. The headquarters of the new association, when formed, will be located at Omaha, Denver or Kansas City. It now appears that this city will have the call, as the headquarters of the Union Pacific, B. & M. and Elkhorn, three of the strong lines in the transmissouri territory, are located here. One thing is certain, not nearly so many passenger propositions will be submitted to Chairman B. D. Caldwell of the Western Passenger association for his approval after next week. It is practically certain that his authority which has been exercised against Omaha interests on a number of occasions, will hereafter stop on the east side of the Mis-

The lines in the Western Passenger association are now voting on the following proposed rates for Red Men's days at the exposition, August 10 and 11: For organized parties of Red Men in uniform, parties of twenty-five or more on one ticket, a rate of 1 cent per mile per capita distance traveled (short line mileage), one-way bridge arbitrary to be added from points east of the Missouri river from all points in association territory east of and including Utah. For the public, rate of one lowest regular fare for the round trip, plus \$2, from association territory east Omaha rate of one fare for the round trip will apply. The following selling and basing rates to apply from terminals named, viz.: Chicago, \$14.75; Peoria, \$13.25; St. Louis,

Tickets will be sold August 9 from all points cast of the eastern state lines of Colorado and Wyoming, and August 8 from points west thereof; also August 10 from points within a radius of 150 miles of Omaha for trains arriving in Omaha on the morning of that date. Final return limit of August 15, with continuous passage in each direction, will be arranged.

the Republican Molders Thought Have to Say of State Politics.

W. H. Edgar of the Beatrice Express is one of the republican editors in the city. Gage county is so largely republican that Mr. Edgar said there was little there to create interest in politics. He said the feeling among republicans generally was that Hayward would be nominated for governor, and, in fact, no other name had been mentioned there seriously. On the congressional situation he said it was probable that the delegation from Gage county would cast a complimentary vote for W. S. Bourne, mayor of the city, but it was his impression that Hainer of Aurora would be the nominee.

Grave obligations have fallen upon our elf-governing people by entering Manila harbor, smashing a great fleet and taking possession of a part of the island of Zulon. to eradicate Spanish rule upon these islands. These precautions the new detective chief disregarded. About 4:30 the swindler called ments to have his sick wife brought there an hour or so later for treatment. He was informed that the charges would be \$20, payable in advance. He tendered a draft n the Commercial bank of Omaha for \$50 n payment and was given \$30 in change.

The nurses immediately fitted up a room for the expected patient and waited for her appearance. An hour after Detective Savge, acting under instructions from Mc-Grath, called at the hospital to notify the superintendent to look out for a check swindler. He was told he had already been there. The check was signed M. W. Mead.

One thing people always notice about Nebraska advertisements-they are not made of back talk. We don't believe in back talk. We believe in straight forward talk. We believe that there isn't anybody in Omaha who has cause to disbelieve our statements or to find fault with our methods or to dispute our word. We believe that what people want to know the most about is goods. We believe—and we have good reason to believe it—that the public likes a store that attends strictly to business, that never breaks faith with them, that goes right along giving good values, telling straight stories and building up its own business instead of pulling its neighbors down. Tomorrow we will help to build up our own business some more by selling what we have left of men's light coats and whole suits at prices that are warranted to meet any others on the street without being in the least bit embarassed or feeling the least bit ashamed. Good skeleton-made serge coats, double breasted, in nearly all sizes at 3.00 and 3.25, and good light-weight suits, all wool: at four dollars, for the whole suit.

pants business for Omnha is evidently correct. Judging from the fact that thus far our claim has been unchallenged and remarkable-too-unstigmatized.

A fortnight ago this store hurled t challenge. We remarked that our line of trousers is the largest, prettiest and less costly that could be found in any other store in Omaha. No one answered-we win.

You will find here thousands of pairs of either pants, trousers or pantaloons-for dress-for businessfor work-for labor-for every use. 50c up to \$4.00 per pair. The be-
