Receiver for Wisconsin Central.

What Chicago Men Don't Know.

A prominent railroad man in Omaha says

It has been arranged that the meeting for organizing the new association will be held at the Millard hotel in this city. It is expected that the work of starting the new association will be laid out on Thursday, but if necessary another day's session will be hold. Letters from the passenger departments of the Colorado Midland, Denver & Rio Grande, Rio Grande Western and Oregon Short Line indicate that these lines will heartily co-operate with the Nebraska lines

in forming the new association, and securing an absolute divorce from Chicago. The meetings of the new association will be successively held in Omaha, Denver and Kansas Each of these three cities is desirous of having the headquarters located within its walls, but the contest will be between Omaha and Denver. The passenger men regard Kansas City as the least available point for the headquarters. For the position of secretary of the new association there are aiready a number of men in sight, but Joint Agent Flynn of the Denver terminal lines

is believed to stand the best chance of being selected to fill the position. That the new association will prove as

onsin Central railroad, the solvent interest thus far of the Wisconsin Central popular elsewhere as in Omaha is shown from the following extract from the Rocky lines, in the United States court. This proceeding is the direct result of the exist-Mountain News of Denver:

tled in the postoffice at Fremont, and is not ambitious to make another congressional MILWAUKEE, July 30.-Receivership fight. He expresses a hopeful view of the proceedings were instituted against the Wissituation in the state, and thinks it possible nicipal minds is said to be resulting in for the republicans to carry the Third district. W. W. Taskell of the Ord Quiz has been

fighting the forces of fusion and populism in gained its first triumph. He has been looking patiently for that brighter day which has been promised. He hasn't any sanguine hopes that his patience will be rewarded at an immediate early date, but thinks it pos-

sible the situation may by ameliorated to ome extent this year by partial republican says that A. E. Cady of St. Paul should have the nomination again if he would take it. The party was well pleased with the canvass made by Mr. Cady two years ago, and

E. H. Hinshaw of Fairbury attended the banquet to the republican editors Friday evening. Mr. Hinshaw is seeking the republican nomination for congress in the Fourth district. He is the present county attorney of Jefferson county, where he has resided for the last eleven years. He has

as opponents in his campaign to the present time E. J. Hainer of Aurora, who served two terms in congress and who was defeated for re-election two years ago by W. I. Stark, the present fusion incumbent; W. S. Bourne, the mayor of Beatrice, and possibly Charles W. Sloan of Gane

at the gathering. Both propose to learn the features other cities employ in the management of their departments in order to discover whether or not any improvements can be made in the Omaha systems. The league includes in its membership many of the large cities of the country whose representatives come together to exchange ideas. This brushing up of mu-

considerable good to city governments over the land. Omaha is not a member of the league and will probably not join this year, but city officials are in favor of the city's Valley county since the populist party taking a membership as soon as the funds will permit. The membership fee for a city of Omaha's size is \$50.

#### The Trocadero.

An exceptionally good vaudeville will be presented at the Trocadero this week beginning with today's matinee. The follow-ing high class and refined acts comprise victories. He says the conditions at this the bill: The three Watson sisters, assisted time point to the nomination of Norris by Juan de Za Mora, the famous Cuban Brown of Kearney for Congress, but also gymnast, presenting for the first time in Omaha their sensational revolving aerial act. This act is said to be the most original and intrepid now before the public and calls for more price than any aerial, act ever offered. The three Ronaldos, Edward, would be more than willing to give him a Eva and Charles, late of Circo Orrin, City second trial, with increased chances for sucor mexico, in their organized corporation antices and acrobatic pastimes. Miss Irma Orbasany and her famous trained cockatoos.

Particular attention is called to this act, as it is one of the latest European hovelty cts and invariably creates a sensation mong the ladies and children. Chris and Maude Lane, sketch artists original; Miss Malle Little and Louis Pritzkow, operatic ductists, and several other big features, inluding the charming orchestral concerts in the garden by the Trocadero Challenge or chestra.

is at present trainmaster of the Union Pacific at Denver. He has held the position with credit for a number of years. Previously he was chief train dispatcher for the Union Pacific and has worked up through the operating department, having filled most overy position from operator to that to which he has just been appointed. He is a comparatively young man and is favorably known here.

### Union Pacific's New Equipment. The new big freight cars of he Union Pa-

cific are rapidly being delivered to the com-Neb. pany here, and by the time the crops are harvested along the line this autumn the "Overland Route" will have equipment to handle the grain that will not be excelled by any railroad in the west. Many of the new cars are already in service, and a number of those most recently built are standing in the shop yards here, where they at-Creek. The proposed line is 110 miles long. tract considerable attention. The entire cost is estimated at \$3,500,000.

The order for 1,000 new box, stock and furniture cars, given to the Michigan Peninsular Car company of Detroit several months ago, has now been entirely filled, and the 1,000 big cars built by that concern are either in use along the line or waiting to be called into service. From the Missouri Car & Foundry company of St. Louis there has already been received 500 new cars. Superinfor Chicago. tendent of Motive Power and Machinery McConnell of the Union Pacific has recently returned from St. Louis, where he inspected the rest of the cars being built for the road there. He says work is progressing fast and, commencing with next week, the Union Pacific will receive the bulk of its order of new cars at the rate of from thirty to forty a day until the whole order is filled. Work
