LINCOLN, Neb., July 26 .- (Special.) The populists here at Lincoln are not happy They have discovered a fact this year that republicans pointed out to them long agothat the democrats are aiming to absorb the populist party, and that many of them joined the party with that very purpose in view. One of the leading populists of this city said today; "I have belonged to the party ever since it was organized, and have tried to be honest and consistent in my R. C. Outcalt for \$13,997,75 alleged to be political work and beliefs. But I find there are a different sort of fellows in the party. The state house machine is being used to advance the interests of the democrats, and what makes me mad is that the main pushers claim to be populists. They are in reality democrats, every one of them."

The Lancaster county man then went on to show up the political antecedents of those who are making themselves active in politics, the list of original democrats being a follows: Holcomb, Edmisten, Maret, Me serve, Wolfe, Smyth, Smith, the Edgertons and Dahlman. Those whose politics were originally republican are Cornell and Porter. Jackson was a prohibitionist previous to becoming a pop.

"Governor Holcomb and his friends." said the Lancaster populist, "are working for the nomination of J. R. Thompson of Grand purpose, and his politics are being managed by his brother Bill."

Others of the Same Mind.

This feeling is shared by the rank and file of populists in this county, and the thrown into the already commodious readproof of the democratic scheme is brought number of populists who have been turned down in the past year to make room for democrats. Many of them believe that the from the northwest part of the state, where the Nebraska Teacher, a paper to be Jim Dahlman claims to direct the politics voted entirely to methods, devices and arof the inhabitants. The lambasting the ticles on practical teaching, and state news O'Neill paper gave the auditor is still fresh in the public mind. This week the Atkin-son Plain Dealer publishes the following son Plain Dealer publishes the following editorial:

The Custer County Beacon says, "Renom-inate all of the present state officials ex-cept Holcomb," whom it exempts under the third term rule. We would like to have the Beacon explain how the populist press of the state can consistently suppost Audi-tor Cornell should he be renominated, after the position they have taken in the past in ondemning corporation pets and special train magnates such as our auditor has We ask this question in all candor and hope the Beacon will give us the reguired information.

Settle with a Populist Treasurer.

News comes from Greeley county that the achievements of American arms both on county commissioners there have effected a settlement with Eugene F. Cashman, the populist treasurer who became a defaulter few years ago, whereby certain real estate is to be turned over to the county and the case against Cashman is to be dis-missed. The resolution that was adopted republican state ticket for the office of atmissed. The resolution that was adopted by the commissioners also provides that the full against Cashman's bondsmon, which is dence in his integrity and ability and besuit against Cashman's bondsmen, which is now in the supreme court, shall be dismissed when the proposed settlement is the duties of such office, therefore be it made. At the time the defalcation was discussed and made public Cashman fled represent our county in the state convention from the state. He was captured in New York City last fall and brought back to Greeley county for trial.

At the recent republican county convention E. J. Burkett was given the privilege of selecting the delegates to the congressional convention, which is to be held at Lincoln next Wednesday. Today Mr. Burkett made public the following list of delegates: C. H. Gere, J. C. Harpham, F. C. Severein, A. J. McClain, L. Tremaine, Prof. B. E. Nichola, E. H. Cushman, Frank Seick, S. T. Out on the water in the moonlight. A more beautiful or romantic situation for a young man to tell the story of his love and ask the young woman of his choice to share his life cannot be imagined.

The constship of a young couple may be ever so romantic and their married life be very unhappy. There are common sense considerations outside of love that have a world to do with the making of married happiness. One of the most important of happiness. One of the most important of these considerations is the good health of both parties to the sacred tie. The young man who is in the incipient stages of con-sumption commits a crime if he marries before he is restored to health. He con-demus his wife to the life of a nurse and his children to cardy death or lines of side his children to early death, or lives of sick ness and suffering. Dr. Pierce's Golden Medical Discovery cures 95 per cent. of all cases of consumption if taken in its earlier stages. This is its record established during the past thirty years. It is the great blood maker, flesh builder, nerve tonic and general restorative.

The young woman who suffers from weakness and disease of the delicate and im-portant organs that make wifehood and motherhood possible has no right to answer "Yes" to a young man's proposal until she is thoroughly restored to health in a wom-anly way. Dr. Pierce's Favorite Prescription prepares a woman for wifehood and motherhood. It makes her strong, healthy vigorous where a woman most needs health, strength and vigor. Thousands of women have testified to its merits.

"My daughter," writes Mrs. N. A. Thomas, of the Rock, Ark., "had been under a doctor's re for four years. Dr. Pierce's Favorite Pre-tiption, which cured me, also cured her."
