Stanford, United States engineer in charge of improvement work of the upper Missouri river, has received orders to remove to Fort Washakie, Wyo., to take charge of the construction of a military road from that place to the mouth of Buffalo Fork of the Snake river. The military road which is to be built is considered necessary on account of the experience which the government had in getting men and supplies into the Jackson Hole country some years ago, at the time when the Indians were making trouble for the cattlemen. The distance from Fort Washakie to Buffalo Fork of the Snake river is 144 miles, but there is a road for eighty-four miles of the distance, leaving sixty miles that must be completed this season if men can be secured. It is through a very rough country, lying over the Wind river divide of the Rocky Mountains. The appropriation available for the work now is only \$10,000. It is expected that the road which will be opened will later form a portion of a new route to Yellowstone park.

DES MOINES, Aug. 1.—(Special Telegram.)—Governor Shaw today offered a reward of \$400 for the apprehension and arrest of the two tramps who figured in the tragedy at DeWitt, Ia., last week, which resulted in the death of Frank M. Beard of that town. Frank Beard, a boy of 21, in company with Roy Buckley and two other young men, boarded a freight train at DeWitt last Tuesday on his way to Belle Plaine to make a visit. At the same time two tramps boarded the car. The face of one of the highwaymen was covered with a polka-dot handkerchief. He flourished a revolver and ordered the boys to throw up their hands. The boys at once jumped off the train as it was moving off. Five shots were fired after them and Frank Beard, being among the last to get out, was shot and fatally wounded, the ball entering the right side near the spinal column. The tramps escaped. Sheriff Hudson of Clinton county offered a reward of \$200 for their apprehension and a vigorous search is being made. The commission on DeWitt is much wrought up about the affair and asked Governor Shaw to offer the reward. Governor Shaw today received word from General Alger that the Fifty-first Iowa regiment in camp at San Francisco, will be sent to Manila as soon as he can secure transports.

CHEROKEE, Ia., Aug. 1.—(Special.)—The Cherokee county democrats of the 15 to 1 doctrine held their convention Saturday afternoon at the court house in this city. Robinson, C. W. Gibson, T. B. Parker, George Clark, State—J. D. F. Smith, William Mulvaney, D. Liffing, Eli Litchberger, Elias Ingersoll, M. Whisman, S. S. Pixler. Accused of Murderous Assault. FAIRFIELD, Ia., Aug. 1.—(Special.)—Dr. H. B. Leshler of Salina has been arrested charged with murderous assault upon his stepson, Claude Trimble, and held to await the action of the grand jury. He shot the boy, but the wound will not prove fatal. Iowa Farm Notes. In central Iowa the late planted corn is injured by the dry and hot weather of July. In northern Iowa the corn is said to be the finest ever known and a big crop is sure. At an auction sale at Albion ten head of shorthorn cattle sold for \$615 and seventeen horses sold for \$1,355. Nearly all the Iowa newspapers rejoice because Iowa butter was pronounced the best at the Transmississippi Exposition. There was shipped from the town of Adel between January 1 and July 25 hogs and cattle worth \$121,000 and the farmers here by now have over \$900 worth of nearly ready for market. There are fifteen shipping stations in the county. A Dallas county farmer makes a good record on a cat of one pig. It was sold to him at \$17.40 per head and weighed down at \$31. In other words, he got \$13.60 for the grain and pasture given each animal. He did the work quick and the price for the grain was way above the market and the pasture price considerable in excess of the usual rental rate, \$2.50 per acre.

Some of the sidewalk contracts had been carried out and stated that he was determined that all the provisions of contracts let by the city should from this out be rigidly enforced. He also called attention to the condition of the macadam paving on Lower Broadway and urged that the council take some action to compel the contractor to make the necessary repairs or else sue the bondsmen. A resolution authorizing the city treasurer to return \$50,000 of the \$70,000 bonds which fall due October 1 was passed and City Treasurer Reed was appointed trustee for the city in the transaction to act without compensation. There being no provision in the general improvement ordinance to compel contractors to keep paving and sidewalks or other work in repair for the space of one year an amended ordinance containing this clause was passed. The usual grit of bills for the preceding month were read and orders paid, among the number being the following: Mrs. J. E. Brooks, for feeding prisoners at city jail, \$55; salaries of fire department, \$1,245; salaries of police department, \$1,227; Poundmaster Dobson, for killing 150 ontaged dogs, \$35.50 and \$211.75 being half the dog tax collected during July. The council adjourned to meet next Monday night.

The bride and groom are residents of Des Moines. Lieutenant Hartung is a member of the Twelfth signal company, under command of Captain Franklan from Chickamauga, and pretty Miss Coddington, now Mrs. Hartung, is a popular member of the most select Des Moines society. ELECTIONS IN ALABAMA

Johnson, Democrat, Re-Elected Governor and Sixty Counties Show a Majority of 55,000.

BIRMINGHAM, Ala., Aug. 1.—Joseph P. Johnson, democrat, was re-elected governor of Alabama today. Unofficial returns from sixty counties indicate a democratic majority for the state ticket of 55,000. The chairman of the democratic committee claims 75,000. Indications are that the populists carried not exceeding six counties for their state ticket. The populists, however, carry twelve counties for local officers, the contests being over probate judges. Probate judges will be elected at 2 o'clock. The populists elected thirty-four probate judges. The contest today was between these populists and democrats. The democrats won all but twelve. The populists maintain the election of the democratic state ticket, but claim they will elect not less than twenty-two probate judges. The lower house of the legislature will consist of ninety democrats out of a total of 100. The populists elected but two senators in today's election.

CITY COUNCIL PROCEEDINGS.

Municipal Fathers Transact a Large Amount of Miscellaneous Business.

At the regular monthly meeting of the city council last night the ordinance introduced at the last regular meeting by Alderman Christensen, providing for the payment of the salary warrants of city officers and employees from the police in place of the general fund, was brought up on the second reading and after a lengthy discussion was laid over under the rules. City Attorney Wadsworth, to whom the question of the legality of the ordinance had been referred, gave as his opinion that it was not legal. He said that the ordinance, as amended, gave the majority of the council to adopt such a measure, which is as the ordinance creating the police fund, passed in 1869, was still in existence, it was not having been repealed, although it was not incorporated in the recently compiled city ordinance book. Despite the opinion of the city attorney, the majority of the council men were not satisfied as to its legality and the ordinance was laid over for further investigation. An amended resolution providing for the paving of the following streets was substituted for the one introduced at the last meeting: Fourth street from Broadway to south line of Worth street; Fifth avenue from east line of Pearl to west line of Main street; Fifth avenue from east line of Main to west line of Fourth street; Seventh avenue from west line of Main to east line of South Sixth street; Tenth avenue from Main street to Sixth street. The latter was included at the suggestion of Councilman Metcalf, who stated that the abutting property owners were desirous of having the street paved. Another resolution providing for the paving with vitrified brick and curbing with artificial stone, Washington avenue from Benton street to Frank street, was introduced, but on motion of Alderman Johnson was amended to read from the westerly side of Benton street to Frank street. The portion of the avenue between Main and Benton streets is paved with cedar blocks. The city clerk was instructed to publish the two resolutions as one and they will come up for action at an adjourned meeting of the council to be held August 29. The hucksters' ordinance providing for a license of \$50 a year, prepared by the city attorney, was introduced and passed. On recommendation of the judicial committee the petition of Eliza J. Kelly for cancellation of taxes was disposed of by remitting half of the general city tax for 1897. Chairman Brough of the committee on city property, who had been authorized to sell to the Terminal company twelve feet wide of the city's lot at seventh avenue and sixteenth street for \$60, reported that the company now desired to purchase thirty feet and he was authorized to sell the additional eighteen feet at a price proportionate to the price charged for the twelve feet. Alderman Casper stated he had a purchaser for the lot owned by the city at Broadway and Thirteenth street and Chairman Brough was authorized to negotiate the sale. The brick walking ordered laid on Damron street was cut out of the contract. The bond of Bolt & Co. for the fulfillment of the sidewalk contract, signed by E. A. and James Wickham, was approved. Alderman Atkins called attention to the fact that considerable complaint had been made in the past of the manner in which
