The record of increasing exposition attendance continues. Although the seven days just past did not involve any feature that compared in general interest with the Flower day and Indian day celebrations of the preceding week, the aggregate attendance was fully as great.

As the trains on which the St. Joe delegation traveled did not reach Omaha until nearly noon, they were not largely in evidence on the grounds until the latter part of the day.

HAVE A CHASE AFTER BLANCO

Report of His Escape from Havana Causes a Scurry Among Fleet at Plaza Del Este.

PLAZA DEL ESTE, Aug. 13.—The American warships New York, Brooklyn, Oregon, Indiana and Iowa will sail tomorrow for Toopkinsville unless the Navy department decides that they shall wait for the troops from Santiago de Cuba.

Admiral Sampson thinks it would be unwise to take the troops aboard the warships on account of the possible infection by disease and also because the ships have hardly any accommodations. If the troops are taken, the voyage will be delayed two or three days. A great pleasure is expressed among the fleet over the satisfactory progress of peace negotiations.

Commodore Watson left this afternoon on the Badger to raise the southern blockade and take the marines off the island of Pines, where, it is thought, they were landed yesterday.

Admiral Sampson will assemble the northern blockading ships. The monitors will stay at Guantanamo. By Monday Admiral Sampson says the blockade will be thoroughly raised.

The St. Louis and the St. Paul left Thursday for New York with some of General Shafter's troops. The New York, with Admiral Sampson on board, returned here this morning after a two days' absence. She sailed in Wednesday night, the admiral wishing to inspect the Maria Teresa. All day Thursday the night's crew worked to fight the Maria Teresa, which work has been neglected since the capture of the ship.

Thursday evening the Scorpion conveyed to Admiral Sampson Washington dispatches from Playa Del Este, stating it was rumored that Captain General Blanco had escaped from Havana probably on the steamer Montecristo. Commodore Watson was communicated with and the Dixie and Yankee were sent to the Bahama channel to head Blanco off.

Admiral Sampson at once decided to leave the Maria Teresa and go to the western extremity of the island. The Maria Teresa should be attempted to escape in that direction. The flagship made sixteen knots an hour despite the foulness of her bottom and arrived off Jamaica yesterday morning and cruised.

Probably the last gun of the war was fired by the New York at the British tramp steamer Acme, which was chased and hove to outside the three-mile shore limit. It was found for Mobile and was allowed to depart, but with all right the admiral thinks the Maria Teresa will be shot off all right when it is sighted, which work will take probably a week or more. Lighters are to be procured at Santiago. Captain Pillsbury is overlooking the work of the wrecking company.

Thursday evening Commodore Watson instructed Commodore Schley to go to the southern blockading line and warn the ships of the rumored escape of Blanco. While leaving the harbor the Brooklyn, in company with the New York, was ordered to port, went hard ground and did not get off until yesterday afternoon, when it was hauled off by the Oregon. No damage was done to the ship, but it was too late then for it to perform the commission upon which it was sent.

CUBANS ACCEPT THE TERMS

Condition Which Has Not Prevailed in the Unhappy Island for a Long Time.

WASHINGTON, Aug. 13.—The War department has been advised through the Cuban junta that the Cubans have accepted the terms of the peace protocol between the United States and Spain and that hostilities will cease on that part.

Senator Palma, the head of the Cuban junta, has sent the following cable by way of Santiago: "The Cuban people accept the terms of the peace protocol between the United States and Spain and that hostilities will cease on that part."

Assistant Secretary of War Meiklejohn has had a conference with Tomas Estrada Palma, the representative of the Cubans in this country, at which the signing of the protocol and the president's proclamation of the Cuban republic in Cuba. He had also advised President Masso to give immediate orders to the army throughout Cuba, suspending all hostilities, stating to him that preliminary terms of peace, signed by representatives of Spain and the United States, provide that Spain will relinquish all claim over and title to Cuba.

Further reply to inquiries, as to matters discussed by Mr. Palma and himself, Assistant Secretary Meiklejohn made the following statement: "Pending notice of armistice through their official channels to the United States our government to afford him means, by fast-sailing vessels and otherwise, to communicate with the Cuban forces in different portions of the island, notifying them of the peace proposals and requesting suspension of hostilities. He greatly desires the active assistance of our government in sending food supplies to the Cuban forces in the field, and their families, as he is without ships for this purpose. He desires to assist in any and every way in promoting the peace plans of our government, and have undoubted confidence of the good intentions of the government of the United States and the satisfactory outcome of the struggle for the independence of Cuba, which is now assured. He is naturally anxious that our American government should immediately procure the release of the political prisoners in Spanish prisons."

MILES RECEIVES THE ORDERS

Acknowledges Receipt of Instructions to Stop Hostile Operations in Porto Rico.

WASHINGTON, Aug. 13.—General Miles has called the War department that he is in receipt of Secretary Agnew's order to suspend hostilities in Porto Rico.

Ready to Sail for Manila. The Scandia loaded medical supplies today and the work of pushing about the government stores is going on as actively as ever. The troops to sail on the Arizona will go on board tomorrow and the transports will sail for the Philippines on Monday.

ENGLAND IS UNEASY

MINISTERIALISTS BECOME INDIGNANT

They Feel that Their Country is Being Humiliated.

CRITICISE THE PRESENT GOVERNMENT

Press Demands Protection for Imperial Interests and Prestige.

SAYS THE TIME HAS COME FOR ACTION

Calls on the Ministers to Determine Upon Some Policy and Carry it Through to a Successful Issue.

(Copyright, 1898, by Press Publishing Co.) LONDON, Aug. 13.—(New York World Telegram)—An important section of the ministerialists is indignant and chagrined over the continued refusal and humiliation to England in China. Parliament having been prorogued, the only means of expressing dissatisfaction by the supporters of the government is now through the press.

The Standard, a semi-official organ, writes: "There has been too much surprise. The time has come for the ministers to determine on and to carry through some line of action which shall secure a decisive protection to imperial interests and prestige. It is not for the country to specify what that action should be. The officers of the government are its trustees and it is their duty, endowed as they are with ample means to see that its reputation, its power and its commercial prospects do not suffer disaster."

Announcement at the challenge issued by the Royal Yacht club for the America cup is still pronounced. The premier English Yachting Club, a yachting paper, states that the Royal Yacht club was absolutely ignorant of what it was doing when it backed Dunraven's challenge, because the New York club would not hand over the cup if Dunraven had won without a written declaration that it would be held for sale for free. If a club wished to challenge for the cup under the old deed it could compel the Royal Yacht club, if it had the cup, to arrange a match and quite regardless of the terms of the new deed. Further, that the new deed is not a legal document, but a mere statement of intention without means of support of any kind.

WE MUST FEED THE CUBANS

Starving Population of the Island Looks to the United States for Help.

WASHINGTON, Aug. 12.—With the coming of peace the commissary department of the army will not have its labor lessened in Cuba. For a while they are likely to be increased. It is understood to be the purpose of the administration to supply a portion of the necessities of the island, which have been under Gomez and Garcia. This will open the way for a wider distribution to the starving population of the island, to relieve which was impossible after the declaration of war in April.

Howell, the second-rate frigate survivor is not known. Many of those who were receiving aid when hostilities broke out undoubtedly have perished, yet after the Spanish troops were withdrawn from the interior to the seacoast towns it is believed a number of the survivors have been able to return to the country and that they have found subsistence there. At Cienfuegos on the south coast, they received some supplies when the blockading vessels were there. Since then word has been received that the survivors of the frigate are in a distress which prevailed and of the need of early assistance. Cienfuegos probably will be among the first places to receive relief. Matanzas, Sagua and other points on the north coast will follow quickly.

While the aid to be given will last only long enough to enable the people of Cuba to help themselves, it undoubtedly will tend to increase their confidence in the friendship of the United States. FLAGSHIP FIRED ON

Old Morro's Batteries Make Treacherous Attack on the San Francisco.

SMASH BOOKCASE, BUT INJURES NOBODY

'Frisco and Sylvia Compelled to Hastily Retreat Out of Range.

TWENTY-TWO SHELLS DROP AROUND THEM

Vessels Were Lying Close In Shore on Blockade Duty When Spaniards Give Them a Warm "Small and Early" Reception.

KEY WEST, Aug. 13.—A p. m.—The flagship San Francisco, the monitor Miantonomah and the auxiliary yacht Sylvia were fired upon by the Havana batteries shortly before 5 o'clock yesterday (Friday) morning.

One 10 or 15-inch shell struck the San Francisco's stern. It turned to get away out of range and tore a hole about a foot in diameter, completely wrecking Commodore Howell's quarters and smashing his book case into fragments. Nobody was injured, and being under orders not to retaliate, the ship retreated as far as its engines would carry them.

The flagship and the Sylvia lay parallel to each other not more than a mile from Morro castle and separated from each other by a distance of between three-eighths and one-half mile. The Spanish batteries lay about three-quarters of a mile to the rear of the others. All were within range of the Spanish batteries, and the temptation to increase their confidence in the friendship of the United States.
