County Superintendent of Schools Sawyer received a letter yesterday from his son. Berne Sawyer, who is a member of the First Illinois volunteer infantry. The letter was written about three weeks ago in the field near Siboney and gives a most interesting scription of the country. The envelope and paper show the marks of having been fumigated.

A Sorenson, living on Avenue D, between Twenty-seventh and Twenty-eighth streets, was arrested yesterday afternoon on the charge of brutally beating his stepdaughter. The complaint was filed by one of the neighbors and Screnson will have a hearing before Justice Vien this morning. The neighbors were greatly incensed over Sor-enson's conduct and were very nearly tak-ing the law into their own hands, but wiser counsel prevailed.

About a week ago thieves broke into the residence of O. H. Brown at 232 Tenth avenue and stole a new suit of clothes which Mr. Brown had just taken off before retiring for the night. Chairman Larrabee and Member Kinnie Decline to Admit Anything Beyond the Fact that the Board Will Hold an Inquiry.

Ex-Governor William Larrabee of Clearnont and Judge L. G. Kinne of Des Moines Mrs. C. Rusch, Miss Rusch and Harry A. of the State Board of Control, accompanied Rusch comprise a family party from New by their official stenographer, C. M. Bicknell York who arrived here yesterday to visit the of Des Moines, arrived in the city yesterday afternoon. The object of their visit is to hold an investigation into the management of the Iowa School for the Deaf here. L. A. Wilkinson of Des Moines, the official reds accountant of the State Board of Control, also arrived yesterday, but his visit here is said to have nothing to do with the investigation. The law under which the Board of Control was instituted requires a uniform system of bookkeeping at all the state institutions and Mr. Wilkinson's visit here is for the purpose of opening a new set of books at the School for the Deaf, in accordance with the system adopted by the board for all state institutions.

Both ex-Governor Larrabee, who is chairman of the board, and Judge Kinne are management of the School for the Deaf and both of Oakland, In., were married in this city yesterday by Justice Ferrier, Justice land that they were here for the purpose of holding an investigation. This investigation. Burke performed a like ceremony for John they say, will be a thorough one. What the nature of the charges are they declined to state. Hon. John Cownie of South Amana, the third member of the board, is not here and is not expected to be present at the

investigation. Some fifteen teachers and employes of the school have been subpoenaed to give their testimony. A. T. Flickinger of this city and L. De Lashmutt of Mt. Ayr, former trustees of the school, have also been subpoenged. As far as can be learned the investigation will be held behind closed doors. Rumors of dissatisfaction with the management of Superintendent Rothert have been current for more than a year and last winter a committee from the state legislature, consisting of Senator T. D. Healy of Fort Dodge and Representatives Frank Merriam of Hopkinton and C. R. Porter of Centerville, held an investigation at the school, which lasted for several days. The report of the committee at the time suggested that the school had been somewhat extravagantly managed and the last legislature was called upon to appropriate \$5,000 to meet a deficiency outstanding. Find a Floater. A floater was discovered in the Missouri esterday evening on the Iowa side by parties in the excursion steamer Jacob Richtman. Coroner Jennings was notified, who instructed Undertaker Estep to secure the body. It was that of a man apparently of middle age but so badly decomposed that the features were barely recognizable. It had evidently been in the water for a considerable time and is supposed to have floated down from above.

Vacancy Filled. Chairman Thomas of the Board of Education has filled the vacancy in the committee on teachers caused by the resignation of Member Cooper by appointing J. J. Stewart and making William Moore chairman of the committee. Mr. Cooper takes Mr. Moore's place as chairman of the committee on text books and printing and Mr. Moore takes Mr. Stewart's place on the finance committee. The other committees stand as before.

Speculation as to the Effect of the Forcible Taking of the City of Manila.

WASHINGTON, Aug. 16 .- In the midst of stirring news from other quarters the officials here remained in a state of anxiety but it is known that there are several apthe report of Manila's surrender and of the | ricultural society asking for the use of the plications on file with the State Board of Further details were anxiously awaited at the track could be secured by putting up the departments of State, Navy and War, and at each of them there was no means of communication, Admiral Dewey being depended upon to advise the Navy department promptly, General Merritt being expected to report with equal promptness to the War department, while the State department placed its dependence upon Consul Wildman. In no quarter here were advices received. Despite this fact the officials were about ready to accept the surrender of Manila as an accomplished fact. A press dispatch stating that Madrid officially confirmed the surrender seemed to dispel all doubt upon the subject. It was pointed out by those who have followed the situation in Manila that General Jaudemes, referred to as the officer who surrendered the city Saturday, is the Spanish commander next in authority to Captain General Augusti. From this it is presumed that the captain general left Manila prior to the surrender. The change of conditions at Manila led to much conjecture. In some quarters it was felt that the course of German naval officials in givthe ing conduct from Manila might be open to some mit the case to Judge Stevenson of the criticism. This view, however, found no expression in official quarters and at the State department, and indefinite information

on the subject permitted no intelligent consideration of the propriety of this act. There appears to be no disposition to question the course of the German authorities, of age, living with his parents, Mr. and particularly in view of the fact that the Mrs. Thomas Cook, in the eastern part of surrender is more or less a formality, since | this city, accidentally shot and killed him-Spain, on the day previous, had formally self about 8 o'clock this morning. In his work he placed the peaceful occupation of the city would have stock of the gun on the floor and, after occurred the latter part of this week. But the bombardment and surrender have accomplished the same results in a more speedy manner. It remains to be seen, however, whether the bombardment, occurring after the formal proclamation of peace, creates complications. The authorities here do not believe that complications will arise, as it was evident that the American commanders acted without knowledge of what the two governments had agreed upon. It is felt to be quite possible, however, that some complications may result from the damage wrought by the bombardment, by the enforced departure of Augusti, and by the contention probably aroused between Spanish forces, the Filippinos and the Americans by the forcible occupation. The political status of affairs is said to be un-

DES MOINES, Aug. 16 .- (Special Telegram.)-Governor Shaw today received the following pathetic appeal from Iowa soldiers

hospital this morning, which has a capacity for 100 only. Filthy drinking water and poor sanitary arrangements are the cause of rapid spread of the fever. The drinking water comes from Chickamauga creek, rightly named the river of death. It is water not fit for the lower animals, being camp and filled with the clay and soil washed from its banks. Not a foot of sewerage, except that provided by nature, exists in this fever stricken park. Think of it, 50,000 men have lived here for four or five months and not a foot of sewerage to carry off the waste and filth and excrements. We ask of you that you request the War department to move us to a healthy camp. We are willing to die, if need be, in actual service, but we do not wish to die as our boys are now dying, like dogs, of typhoid fever and lack of medical care. Heavy Damage by Rain. BURLINGTON, Aug. 16 .- (Special Telegram.)-One of the worst rain storms that ever passed over Burlington did fully \$10,-000 worth of damage this morning. The storm struck the city about 4 o'clock and raged with unabated fury for four hours. Hawkeye sewer was almost completely demolished by the flood. The manufacturing district along Hawkeye creek was badly damaged. The creek rose twenty feet in as short time and swept along at a frightful velocity. It washed out the wall of the Murray Iron foundry, causing much of the contents to be washed away. It destroyed Heinlen's foundry. It filled the Rand Lumber company's yards and the Gilbert Hedge company's yards with a flowing lake, which swept much lumber away. It destroyed culverts, demolished sewers and washed down terraces. Many houses were three or four feet under water for a while. A houseboat on the river front was demolished and the family nearly drowned. Diseases Among the Sheep. AMES, Ia., Aug. 16.-(Special)-Dr. W. B Niles, assistant state veterinary surgeon, has just returned from a trip in Hamilton county, where he had been called to investigate cases reported to the state veterinarian disease from which large numbers of sheep and lambs had been dying. Dr. Niles found the disease to be the one commonly known as the stomach worm and which caused such severe losses on the State Agricultural College farm as well as

all over the state two years ago. In the vicinity of Randall Dr. Niles found the sheep and lambs to be badly afflicted with this disease, and letters received by the state veterinarian and his assistant from other parts of the state show that the trouble prevails elsewhere. The indications now are that the losses this year may be as heavy as those of 1896.
