

The annual meet of the League of American Wheelmen at Indianapolis did not come up to the expectations of the managers.

Like all other sports this year it felt the force of public indifference, particularly so when the large membership is considered.

Commenting on the partial failure of the meet, the New York Sun writes: "This circumstance has provoked the question of the advisability of the league holding an eastern and western national meet in future years."

Much has been said and written within the last few months in relation to the future price of bicycles.

Grapevine reports of the political features of the Indianapolis meet indicate that J. B. Potter has chosen his successor for the presidency of the league.

Mr. Keenan ran for the first vice presidency, and was defeated by C. Frank Krieger of New Jersey.

Much talk is indulged in concerning the evil of scorching, and is directed chiefly at the limber youths who are filled with the

notion that roadways were built for bicycle speeds. But there are other grades of scorching calculated to make a wheeler weary and sore of body and spirit.

A recent number of the London Lancet has a note interesting to the vast array of cyclists. After a "spin" along a more or less dusty road the cyclist sometimes experiences a dry and subsequently sore and inflamed throat.

In France a married woman must not ride a bicycle in the public streets or parks without a permit, and she cannot get the permit from the authorities without the written consent of her husband.

Some points on the part that the resistance of the atmosphere, and the consequent resistance of the rider to the wind, are given in a recent publication written by Prof. Boys.

A mean case of bicycle theft is reported from Detroit, which teaches the lesson that a wheelman cannot consider himself safe from the cycle snatcher at any time, not even when he should be an object of pity and assistance.

Sigmund Bachmann, a Vienna cyclist, has returned to Vienna after two years' absence, having won a bet of 10,000 florins that he would wheel around the globe in two years.

Spells and gave him such relief that he continued the remedy and was completely cured.

very successful and may be tried in this country. It consists of a pad placed between the machine to prevent one damaging another.

A unique bicycle support is attached to the side plate of one of the pedals, where it is inconspicuous, but may be put in operation by a touch of the foot.

Many of the cycle makers profess to believe the rear case will be offered as an option on many makes of wheels next year.

THE BICYCLE GIRL.

Chicago Record. When Chloe mounted her wheel and glides unaided down the boulevard.

Impressions and Experiences of Three Globe Riders. Interest in the experiences of John P. Frazer and his two companions, who have just completed a trip around the world on bicycles, should not be confined solely to wheelmen.

The domain of the czar traveling was not always pleasant. Food was usually poor and often very scarce and the strangers' presence was regarded by the common people with a good deal of suspicion.

Perhaps the less said about Wheelmen's day at the exposition, which was last Monday, the better.

Perhaps the maddest people on the grounds on Wednesday were those who spent an hour and more, declaring that the wheels for the bicycle parade, and also

those who had prepared floats for the occasion, and they were not few by any means.

The Nebraska state circuit opened at York Friday afternoon with some very good races, in which George Meierstein was the only Omaha rider who figured prominently.

Iver Lawson, who is a brother of the famous "Terrible Swede," John Lawson, seems to be the fast man upon the Nebraska circuit at the present time.

A new class of records has recently been making its appearance in the bulletins of the "Big Game" department.

The national meet resulted in a wholesale change in the points table for the championship of the United States.

A very interesting feature of the races and one which is of the greatest importance, though overlooked by all of the critics present at the meet, was a part of the first race.

There are three more championship distances to be ridden for the scores, but the rule providing that any of the standard distances not ridden at the national meet shall be added to the national circuit and the scoring shall be the same.

Perhaps the maddest people on the grounds on Wednesday were those who spent an hour and more, declaring that the wheels for the bicycle parade, and also

means out, it shows an average of a melon to every man.

The state correspondence tournament now in progress, besides proving a good school for improvement in the game of chess, seems to have also a social side and has promoted acquaintance among the players to a considerable extent.

Speaking of the state circuit, it must be said that Vice Consul Benson deserves an unlimited amount of credit and praise for getting up a circuit at all this year.
