Secretary of the State Banking Board Compiles the Reports of the State and National Institutions and Gives the Aggregate.

LINCOLN, Aug. 20.-(Special.)-The secretary of the State Banking Board has issued an abstract of the reports of the incorporated, private and savings banks of the state, the reports being based on the condition of the institutions at the close of business on July 14, 1898. In conjunction with this an abstract of the reports of the national banks of the state is also issued. hoing furnished to the secretary by the comptroller of the currency.

The number of state banks now doing business is 390; the number of national banks is 103. This combined statement shows that the total loans and discounts amount to \$39,441,763.35, a decrease of \$613,-564.13 since February 26. The total individual deposits amount to \$41.671,905.88, an increase of \$2,175,693.63. Thus the total deposits in the banks are \$2,000,000 larger than the total loans. The banks report \$5,710,881.40 cash on hand. The total bills payable and rediscounts have decreased \$169,628.57 since the February report. The average reserve held by the national banks is 41 per cent; that of the state banks 50 per cent.

The following are the abstracts as furnished by the secretary of the banking and wagon and the melons. board.
