Parties leaving for the summer. Parties leaving the city for the summer can have the Bee sent to them regularly by notifying The Bee business office in person or by mail.

The hot wave seems to have extended over a great part of the country. Old Sol does not want to be accused of sectionalism or favoritism.

The peace jubilee project has struck the popular chord. Let everybody lend a helping hand to make it an unprecedented success in this year of successes.

Another sign of increased prosperity may be seen in the renewed activity of the John L. Webster literary bureau viewed through the reflecting lenses of his syndicate country press.

Douglas county republicans have plenty of material for a strong local ticket this year. No man would add strength to the ticket should have any encouragement in candidacy for any office.

There are men whose names appear upon the list of exposition directors who have not attended five meetings since they have been elected to the board. This does not seem to betoken proper appreciation of the honor enjoyed.

The outlawed bogus reform police board still goes through the mechanical motions, but finds it hard to get even its own members to attend the weekly meetings. The handwriting on the wall is so plain they cannot escape reading it.

The declaration of principles promulgated by Nebraska republicans this year occupies less than half a newspaper column, but it expresses the whole thing in a nutshell and leaves no room for confounding the position of republican candidates.

While dilating upon the reforms accomplished by the demo-pop state administration a few words might not be out of order about the numerous reforms promised by the fusion candidates two years ago, but which have for some reason failed to materialize.

The first result of the appointment of an independent auditor for the exposition is to stop the practice of accommodating favorites with advances on money coming to them as salaries or otherwise. The exposition cash drawer is not exactly the place for memorandum slips.

That is a neat compliment to the Twenty-second infantry of the regular army to name the camp at Montauk Point after their late commander, Colonel Wikoff, who was killed in the fight around Santiago. Camp Wikoff is a living memorial to the brave soldier who gave up his life to the cause of humanity.

THE ECONOMIC SIDE. Senator Lindsay of Kentucky said in a recent interview that in the markets of the world we will be compelled to meet prices of competing nations, therefore we must cultivate the cheaper production rather than the supposed benefits of protection.

THE ECONOMIC SIDE. The economic side of the new conditions should command the thoughtful attention of the American people. If, as Senator Lindsay suggests, we must cultivate the cheaper production rather than the supposed benefits of protection, what will that mean for American labor?

HAWAII AMERICAN TERRITORY. The Hawaiian islands are now American territory and their people—that is, the natives—are American citizens, with a claim as complete as that of all other citizens to the protection of this government.

GET DOWN TO BUSINESS. Ever since the exposition opened, in fact ever since it was organized, it has been with the greatest difficulty that the directors could be gotten together at regular or special meetings in sufficient numbers to constitute a quorum to do business.

should have not only a quorum, but a full attendance, or steps should be promptly taken to provide the remedy.

CUBAN ANNEXATIONISTS. The sentiment in favor of the annexation of Cuba by the United States is said to be growing in the island and the statement is credible. It is easy to understand that the Spanish residents desire this, they having no confidence in the capacity of a majority of the native Cubans to establish a stable government.

After the Review. New York Tribune: There isn't a man living who can do a big job with greater neatness and dispatch than Rear Admiral Dewey, and there isn't one who can capture it properly in smaller compass.

Nothing Equal to It Anywhere. New York Telegraph-Age. The entire repertoire of the great Omaha Exposition will be seen all previous expositions in this country and in Europe.

Spain's Navy Wiped Out. Boston Transcript. The Spanish estimate of their naval losses, according to a Madrid paper, foots up 12 cruisers, 42,374 tons; 2 torpedo boat destroyers, 760 tons; 21 gunboats, 4,368 tons; a lot of 45 water-crafts of 45,042 tons.

The War Cloud Over China. Chicago Record. Whatever may be done in the case of the Philippines, this country already has too good a chance for a wholesome expansion of trade in the Orient to sympathize with England's policy of unrestricted trade relations.

Admitted Facts Reflected in a Loud Tone of Voice. Bozeman Chronicle. Montana is a great state. Its five stock, ranging around in grass reaching to the withers, makes meat for thousands.

American flag has been raised in Honolulu. Just where this proceeding leaves "the late Minister Sewall" is probably a question that gives our former diplomatic representative in Hawaii considerable bother.
