WHY CODY DID NOT SHOW HERE

Efforts to Hold Up the Wild West Fall

Over Buckwards. Considerable disappointment has been felt y the people of Council Bluffs because Buffalo Bill did not show here as it had been expected that he would. Two years ago he showed here and despite the fact that it rained in the evening, both the afternoon and evening performances were attended by large audiences. Buffalo Bill had originally intended to show in Council Bluffs, and his advance agent was here of samples of ore vesterday taken from for the purpose of making the necessary arrangements. There were several reasons, however, why the big show falled to come here. In the first place the city administration demanded that the show pay a license for one day of \$100. At first it is understood that \$150 was demanded, and when the szent bucked on this the amount was reduced to \$100, but with a provise tacked on that the members of the city council 68. IN A QUANDARY ABOUT PAVING

City Fathers Fail to Reach a Conclusion on Washington Avenue. The question of paving Washington avenu from Benton to Frank street is proving a hard matter for the city fathers to reach a decision on. The meeting last night failed RESULT OF H. A. COLE'S EFFORTS to settle the matter and after putting in two hours listening to arguments from prop erty owners for and against the proposed paving action was deferred until this even-

ing, when the council will meet again. The meeting of the committee of the whole was set for 7 o'clock last evening, but i was 8 o'clock before a quorum could be got. As there were a large number of property owners present it was decided to refer the whole matter back to the council and the committee of the whole adjourned and immediately reconvened as a city council. Henry Rishton made a lengthy address

opposing the paving and was followed by Phil Wareham, who urged the council to order the street paved at once. From the names on the different petitions for and remonstrances against it developed that property owners representing 798 feet frontage want the street paved, while others representing 789 feet are opposed to it. Entire Absence of a Slate for the State Republican Convention.

ALLISON WILL BE PERMANENT CHAIRMAN

Platform Will Disappoint Those Who Favor Territorial Expansion-Convention Will Declare for a Single Gold Standard.

DUBUQUE, In., Aug. 31 .- (Special Teleram.)-The evening of the convention finds n entire absence of a slate or anything like ne. It is anybody's fight as yet. Merriam or auditor is the surest winner, with Allen taking a strong fight for the place. Sims and Remley are evenly matched for attorney general, with whatever advantage there is Sims' favor. For railroad commissioner sammis still has the lead, though Mowry, who is the farmers' candidate, may succeed in beating him.

The platform has been prepared. It will disappoint those who favor territorial ex-pansion. In brief it goes so far as the eace protocol and no farther. The convenion will in no way embarrass the adminisration. The future policy is left to the findings of the peace commission. In this regard the resolutions will be much more onservative than the resolutions adopted at some of the congressional conventions On the money question the declaration i for a single standard and that all mone should be kept at parity with gold. It was decided late tonight that Senato Allison would be permanent chairman of he convention and Senator Gear will be on the platform committee. WASHINGTON, Aug. 21.-United States

Ambassador Hitchcock at St. Petersburg has cabled the State department that he has been handed by the Russian minister for foreign affairs, Count Mauravieff, a copy of the identical note addressed by order of the czar to all of the representatives in St. Petersburg of foreign governments, proposing a joint conference on the question of general disarmament. The full text of the note was not cabled by Mr. Hitchcock, but will be sent by mail. Its character is such as would require something more than mere acknowledgment of receipt and as the proposition is one the acceptance of which would involve a radical change in the foreign policy of the United States, it is sure to receive most earnest attention and consideration at the hands of the president and Mr. Hay when the latter assumes office.
